People who use the Milan bridges are complaining loudly of the condition of the approach at the south end of the bridge that was repaired and elevated by the city last winter. The portion in question crosses the old runway once used for the power plants of the paper mills, and it is of wood. The center of the span is badly settled and gives out alarming sounds when crossed by a heavy load.

## HEARING THE ARGUMENTS IN TELEPHONE INJUNCTION

The arguments in the injunction case of Fred Appelquist against the Union Electric Telephone & Telegraph and the Illinois Independent Telephone companies to prevent the laying of the underground conduits in the alley in the rear of the property of the plaintiff on Third avenue were taken up before Judge Gest sitting in chambers this morning and were continued through the day.
