### Will O' The Wisp.

WOMEN WHO ARE LED A-STRAY BY MISCHIEV-OUS MARSH FIRES.

Illustrative of the baneful power of the marsh fire, there is told the story of a woman who lost her way. She turned in this direction and in that, hopelessly puzzled as to her whereabouts in the murky night. Presently ahead of her she saw the gleam of a light. At once she saw the gleam of a light. At once she saw in fancy the picture of home, the lamp in the window, the cozy comfort of those under the shelter of the protecting roof, "curtained and closed and warm." Steadfastly she moved towards the light. But as she moved it seemed to change its position. It was always a little far-

ther away from her and presently when she sank down exhausted in a swamp the light disappeared altogether.

Whatever truth there may be in the story, it forcibly illustrates the career of many a woman who has followed the marsh fire of love in the belief that it led to home and comfort and found herself at last exhausted and deceived.

IT'S A BITTER LESSON

learned by many a woman who thought love all-sufficient, that love alone cannot be the foundation of the home. It needs health. Strange as it may seem the beautiful loving woman who is weak may lose the love of the husband for whom she broke all home ties, while on the other hand a woman who has no greater dower than robust health may win and hold the love of her husband past all possibility of loss. The first re-quisite of marriage is health. The wife's first necessity is health. Health must be the mother's or she will know no happiness in her children. What makes ill-health so common among women? Why do they suffer with headache, backache and pains past description? These sufferings are in general caused by disease of the delicate womanly organs, and they are in general curable by the use of

Dr. Pierce's Favorite Prescription.

"I take great pleasure in writing you what great benefit your 'Favorite Prescription,' 'Golden Medical Discovery' and 'Pleasant Pellets' have done me," says Mrs. P. A. Graham, of 617 Race St., New Orleans, La. "I have been a constant sufferer for the last eight years with female weakness, nervous and general debility, trying everything I could find to help me, but to no avail. Have been treated by several country physicians, and also had some of the best city physicians prescribe for me. They all said my case was incurable and was a chronic disease of long standing, but, thanks be to God and your great med-icine, I have found relief at last, and soon will be cured sound and well again. I have taken three bottles of Dr. Pierce's Favorite Prescription and two of 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets.' I can't describe in words how much benefit I have received from them. I think your medicine is the best in the world for female diseases and for the blood. I think 'Favorite Prescription' is the best medicine made for women. I feel safe in recommend-

ing Dr. Pierce's Golden Medical Discov-ery to any one suffering from the effect of impure blood and his 'Favorite Preof impure blood and his 'Favor scription' for female weakness."

"THE LAST SHALL BE FIRST."

How many times that saying is illustrated by the use of Dr. Pierce's Fayor-ite Prescription. It's the last thing which is tried and the first to help. It's often the last resort of hopeless women and the first medicine to claim their gratitude by an absolute emancipation from the thraldom of disease, Dr. Pierce's Favorite Prescription

makes weak women strong, sick women well. It establishes womanly regularity, stops enfeebling drains, heals inflammation and ulceration and cures female

"I suffered for six years with ovarian trouble," writes Mrs. E. Waite, of (Lake
