## MR. LEE IS AT REST

Large Concourse of Friends Pays Final Tribute to Former Citizen.

SERVICES AT BROADWAY CHURCH  
Interment at Chippianock Cemetery—Tribute of Long-Time Acquaintance.

The remains of Mylo Lee arrived in the city from the north at 6:20 this morning and at 2 o'clock the funeral took place from the Broadway Presbyterian church.

The services were conducted by Rev. W. S. Marquis, assisted by a quartet composed of Miss Harriet Cropper, Mrs. Paul Hamilton, Dr. A. H. McCandless and J. A. Johnson, with Mrs. J. W. Cook at the organ. The hymns rendered were "One Sweetly Solemn Thought," a solo by Miss Cropper, and "I Would Not Live Away."

The attendance at the service was large and the floral offerings were beautiful and profuse. The interment took place at Chippianock cemetery.

The pallbearers were A. C. Dart, Dr. J. W. Stewart, C. K. Mixer, T. B. Davis, S. S. Davis and E. P. Denkmann.

**Tribute of a Friend.**  
Said a friend of the deceased today, speaking of Mr. Lee as a business man and as a citizen: "The firm of Lee, Judd & Lee, afterwards the Black Hawk Mining company, of Colorado, consisted of the late William L. Lee, the late Dr. F. H. Judd, and the late Mylo Lee, all of Rock Island. They started the mining town of Black Hawk, the name being a tribute to their home associations. Not only did they start the first steam stamping mill in the Rocky Mountains, but they hauled the equipment with mule and ox teams from this city, crossing the river on the ice in March, 1890, under great difficulties.

"In some of their mining operations in Colorado they were associated with the late George M. Pullman, of Chicago, and the late John H. Langley and the late Dr. Thomas Galt, of this city. Having disposed of his Colorado mining interests, Mr. Lee returned to Rock Island and bought of his partner, the late William L. Lee, the property now owned and occupied by the Rock Island Club, where the family resided for many years.

"During his long residence in this city Mylo Lee enjoyed a reputation second to none for integrity, high moral courage, positive character and kindness of spirit. These qualities, coupled with a charming personality, endeared him to his many friends in this city and elsewhere."

## DOINGS OF A DAY

**IN LOCAL POLICE COURT**  
"Poke" Lambert and Thomas Doyle were arrested on a warrant charging them with disorderly conduct in loafing and creating a disturbance in the vicinity of Twenty-sixth street and Fifth avenue. They were given a hearing this afternoon.

Mrs. Cone was brought into court this afternoon on complaint of M. J. Murphy, who charged her with committing an assault.

George Colman, aged about 17, was bound over to the grand jury in the sum of \$100 today for larceny. He had been caught in the junk yard of Nathan Harris and is believed to have been carrying away metal.

Paul Van Neste yesterday swore out warrants for the arrest of five of his fellow countrymen whom he accuses of having united in giving him a beating Sunday. The trial of the case will take place before Magistrate Johnson this evening.

Phil Kramer was fined \$3 and costs last evening on the charge of disorderly conduct.

## THE PAVING SITUATION

Success of the Antagonism to Anything but Brick a Source of General Comment.

The success of the Johnny-undercover antagonism to anything but brick as a paving material in Rock Island, which has spoiled one extensive improvement, and perhaps a smaller one, is naturally the source of comment all over town. Much disappointment is expressed, not so much in fact that any particular kind of material should have been tabooed as that the season as a whole promises to be such a setback to street improvements in general. The Argus is not disposed to take exception to the attitude of the property holders in either of the instances in question, but rather consistently adheres to the position that it has maintained all along, that the people who pay the cost of the improvement should know what they want and should be permitted to have what they want, and that undertakings of this kind ought not to be put off until those interested come around to accepting what other people want. There has been altogether too much narrow-mindedness and self-interest in the strategy that has been employed for the good of the city as a whole, as the general results testify.

**Saloon Notice.**  
Hot soup every morning and evening from 9 to 11 at Malmrose's place, 1609 Third avenue.

## HEAD IS SEVERED BY CAR WHEELS

Horrible Fate Befalls William Goble at Carbon Cliff.

William Goble, a laborer, 30 years of age, residing at Carbon Cliff, met a horrible death during last night while returning home from Davenport, his dead body, the head severed, being found between the C. & N. W. tracks in the village at 5:30 this morning by William Hayes, a railroad foreman.

Luke McDermott, who accompanied Goble to Davenport, walked into Carbon Cliff this morning shortly after the finding of the body and testified at the inquest conducted by Coroner L. V. Eckhart, the verdict of which was to the effect that death was accidental.

The jury consisted of William Mardis, Gordon Williams, Wesley Ewert, Otto Hintz, J. Herman Mentzenberg and August Belowske.

McDermott testified that both he and Goble were under the influence of liquor when they left Davenport last night. He did not know the hour, and the last thing he remembers is their having bought two railroad tickets for Carbon Cliff. McDermott said when he awoke this morning he was alongside the railroad tracks at East Moline.

**Boy Cured of Colic After Physician's Treatment Had Failed.**  
My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. **A Physician Healed.**  
Dr. George Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success." All druggists.

## BAFFLED BY MYSTERY

Aledo Authorities Unable to Fathom the Mary Dool Case.

GRAND JURY TO INVESTIGATE  
Developments Are Looked For—Sentiment Is Divided.

The sphinx, half buried in the shifting sands of the desert, hides no more baffling mystery than the Dool poisoning case in Aledo. No deeper enigma has ever been presented for solution to the authorities of that or any other town in the state. Every theory of criminality is exploded in this case and every known motive to crime seems to be absent.

The death of Miss Mary Dool, the well known and popular daughter of Mr. and Mrs. John Dool, residing on a farm a half mile from Aledo, from strychnine poisoning, on the night of Aug. 7, was the first development in the incomprehensible tragedy.

The arrest of Miss Tona Dunlap, her life-long companion and friend, on the charge of murdering Miss Dool, on the morning of Aug. 20, was the second great feature of the case. Her discharge on the same day, the sensational change of testimony by Miss Margaret Miller, her companion, and her subsequent threatened arrest on the charge of perjury, furnish the third and last sensational episode in the mystery at the present time.

**To Come Before Grand Jury**  
But while there is a full in the excitement and the fever heat in the matter seems to be subsiding, still more developments are anticipated, and later in the fall the grand jury of Mercer county will attempt to unravel the entangling circumstances and ascertain whether Miss Dool came to her death through accident or by her own hand or at the hands of someone bent on her destruction. Sentiment is divided, but it is not nearly so strong with Miss Dunlap since the preliminary hearing. The people do not seem to have theories in the matter and are completely mystified. They are only certain that there is a pitiful new-made grave in the little cemetery southeast of Aledo, and that one of the best loved young women of that city has been removed from the scenes of her childhood and young womanhood in a most awful and mysterious manner.

## TAKE UP ATHLETIC WORK

AT Y. M. C. A. NEXT WEEK

Beginning next week the regular classes in the gymnasium at the Y. M. C. A. will be reorganized and get down to work under the leadership of Physical Director Johnstone. There will be few changes from the schedule of last year. It is not likely that the Woodmen class will be started at once, but an additional class for employed boys, or those who have to work during the day time, will be begun.

The business men, who have been meeting of their own accord regularly all summer, will take up their regular class work next Tuesday afternoon. The gymnasium will be open to them from 4 to 6 p. m. Tuesdays and Fridays, and the regular class period will be from 5:10 to 5:40.

The evening class for young men will meet from 8 to 9 Mondays and Thursdays of each week as last year. The periods of the Woodmen class, from 5 to 6 Mondays and Thursdays, will not be taken and the work will be taken up as soon as a sufficient number wish to begin to warrant the beginning of a class.

The hours of the junior boys will be from 4 to 5 p. m. Wednesdays and from 9:30 to 10:30 a. m. Saturdays. The senior boys will work from 5 to 6 Wednesdays and from 10:30 to 11:30 Saturdays.

The new class for employed boys has been set for from 7 to 8 Tuesdays and Friday evenings.

**Not Over-Wise.**  
There is an old allegorical picture of a girl scared at a grasshopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all druggists.
