TEAMS MAY UNITE

Woodmen Camps Plan to Form Battalion Organization of Foresters.

TO ATTEND INDIANAPOLIS MEET

Camps 26 and 1550 Have Acted and Others Seem to Favor Project.

Members of the four Woodmen camps of the city are favorably considering a plan for the forming of a battalion of foresters to go to the next head camp at Indianapolis representing the members of the society from the home of Woodcraft.

Camps 26 and 1550 have already voted on the proposition and it has passed, both agreeing to bear their share of the expense if the proposed organization is formed. Camps 29 and 320 have not officially acted as yet, but will do so in a few days, and as the membership is generally favorable it is believed that the plan will be approved.

It requires four teams of 16 men each to form a battalion, so that if one of the camps gives a negative verdict the organization cannot be formed.

May Offer Prizes

Several of the larger cities in the jurisdiction will be represented by battalion organizations and some of them will have more than one. It is probable that there will be battalion drills, and although none have been announced to date, there will probably be prizes offered for the greatest degree of efficiency shown.

ED PATTEN, JUST OUT OF JAIL, IN TROUBLE AGAIN

Ed Patten, who was only recently released from the county jail, where he served out a larceny charge, was arrested yesterday afternoon by Officer Moody on charge of attempted rape, preferred by Mrs. Mary Ward. Brought to a hearing before Magistrate Johnson, he averred that he wanted a change of venue to Justice Cleveland. He was placed under \$1,000 bonds, and went to jail. This morning at the hearing before Justice Cleveland he demanded a jury trial. As this was not in order on a preliminary examination, he waived the formality of introducing evidence, and was bound over to the grand jury, where his case will receive attention next week.

PETER HANSEN GETS WIFE THROUGH ADVERTISING

Peter Hansen, an employee of the Le Claire Stone company, has been in the habit, these many years, of going to his cheerless boarding house room and wishing that he were a married man, with a hearth, etc., all his own. He read one day that if you want anything to advertise for it. He did, and yesterday he received substantial results from his investment in the shape of a plump Danish girl, Anna Jensen, just from the old country, and living until recently in Staten Island, N. Y. She answered the advertisement. Love lay between the lines of the numerous letters they exchanged, and yesterday, in answer to his summons, she arrived. Justice Roddewig, of Davenport, married them in his most felicitous manner. The bride is 21 and pretty. The groom is 27 and well-to-do. They will live in Le Claire.

GREAT RUSH AT SALE OF YOUNG & M'COMBES' STOCK

One was reminded of a circus by the crowds of people that gathered in Second avenue this morning to attend the sale of the Young & McCombs stock, which is to be disposed of by a Chicago adjusting company in order to meet an account with a large wholesale house. And it was a circus for the women folks—for they are never happier than when bargaining in finery of the dry goods order. By 10 o'clock it was necessary, at intervals, to close the main entrances and prevent any more people getting inside in order to insure breathing space for those who were making purchases. The store will be open until the entire stock is disposed of.

Free—Malta Cereals—Free

Five cases of the above named food will be given away to our customers Friday, Jan. 23, entirely free, one full sized package to each customer coming to our store. Come early to avoid the rush. Yours to please, HESS BROS.

WOULD BRING A NEW INDUSTRY HERE

W. C. Maucker Plans a Handsome Building on Seventeenth Street.

The city council is still debating over the sale of the triangular space of land on the west side of Seventeenth street between Fourth and Fifth avenues.

W. C. Maucker opened the negotiations for the acquisition of the property, desiring it in order to carry forward an extensive improvement he has in view, a \$10,000 pressed brick building to cover the site now occupied by his livery stable and the strip in question.

The building he proposes erecting will correspond with the one he recently put up on Fourth avenue, and on its completion it will be leased by the Amazon Pickling works, of Davenport, the entire floor space to be used by that concern as a distributing depot.

Hence it would seem for the best interest of the city to dispose of the ground in such manner as will insure the erection of an attractive building and at the same time bring other business pursuits here. Owners of real estate on the east side of Seventeenth street say if the strip is improved on the scale contemplated by Mr. Maucker they will provide modern buildings on their property, so the city ought to remember that the best bargain to be struck is the one that will help the city most.

And in view of the city talking of placing a city hall in that locality, it ought to know the character of structures that are to be built there.

PERSONAL POINTS.

Mrs. Ed Hill is visiting in Chicago. Mrs. Phil Mitchell departed last evening for Chicago.

Mrs. Julia Rosenfield went to Chicago yesterday afternoon.

Miss Mary Kinney, of Kansas City, Mo., is visiting with her parents here.

Mr. and Mrs. J. J. Reimers, of Evanston, are in the city enroute for Ft. Worth, Texas, to visit their son, C. D. Reimers.

C. N. Smith, who has been appointed assistant trainmaster on the Illinois division of the Rock Island, paid his first visit to the city yesterday afternoon. He was formerly with the B. & O.

J. S. Freeman went to Chicago this morning to be present at the annual dinner given this evening by the executive committee of the state Young Men's Christian Association. Tomorrow he will attend the meeting of that body.

C. C. Truesdale has returned from a visit to his mother at Minneapolis, where she makes her home with her daughter, Mrs. Joseph Glaspell. Rock Island friends will be sorry to learn that Mrs. Truesdale is very poorly as the result of a fall sustained several weeks ago.

MORNING PAPER SEES BUT ONE SIDE OF THE QUESTION

The Union attempts the defense of the party playing the role of special detective under a special dispensation from Mayor Knox, one of whose escapades was related in yesterday's Argus. The argument is advanced that the detective (?) did his duty in chasing a citizen to his own home. The morning paper does not concede, however, that in these burglarious times the citizen, as well as the detective, has a right to be suspicious of those whom he encounters at night on lonely streets.

The burglars are still at large.

PRESIDENT BOYD GIVEN HANDSOME DIAMOND RING

Most of the master plumbers who attended the convention that closed here yesterday left for their homes on the morning trains. Some, however, remained during the day and visited places of interest in the three cities.

The banquet given last evening at the Harper by the local association was attended by about eighty members, and as might be expected, proved a very pleasant affair. There were a number of informal toasts responded to and the speakers displayed no little talent as after-dinner orators. One of the features that followed the feast was the presentation of a diamond ring by the state association to President T. J. Boyd, of Peoria.

Circuit Court.

The ejectment case of Mary J. Stowell vs. J. E. Spencer was taken up in the circuit court this morning and continued during the forenoon. This afternoon a temporary interruption occurred, one of the jurors being taken slightly ill.

HARVEST DELAYED

Ice at West End of City Has Not Reached Requisite Thickness.

ACTIVE OPERATIONS PUT OFF

Plans of John Siegrist and the Rock Island Ice Company.

Ice dealers who cut at the west end of the city are not making very good progress with their harvest. The channel, where the ice has to be obtained, has been slow to freeze to the requisite thickness and neither the Rock Island ice company nor John Siegrist has so far begun active operations.

Mr. Siegrist, however, is making preparations to cut from the channel west of the Crescent bridge and will start a force of men Monday morning. He expects to put up about 2,000 tons. There is still some ice in the houses of the Rock Island Ice company, and as the field adjacent to the houses is poor it may be that no harvest will be undertaken this season, the firm supplying its needs by purchase from wholesalers during next season.

Moline Houses Filled.

The Union Ice & Coal company has filled its houses in the east part of Moline with a very good quality of the coal, the harvest having been completed Tuesday of this week. The houses on Rock river are still well stocked with the supply harvested last year, the cool summer and the flooding of the railroad tracks leading to them having prevented extensive shipments. Therefore there will be no cutting done there. Most of the consumers who put up their own ice have done so.

OBITUARY RECORD.

Mrs. Daniel Haines, whose death at Coalton was announced in yesterday's Argus, had attained her 81st year. Her name before her marriage to Daniel Haines in 1857 was Hannah Johnson. She was a native of Ohio. Her husband settled in Rock Island county in 1857 and built the first house in Coalton. Her husband preceded her to the grave Dec. 6, 1897. Mrs. Haines is survived by three sisters and one brother: Mrs. George Gibson, of Lincoln, Kans.; Mrs. Evelyn Brown, of Rocky Ford, Col.; Mrs. Louise Young, of Kendall, Mich., and Ben Johnson, of Browning, Ill. The brother, last named, and Mrs. Brown, of Rocky Ford, have been making their home with Mrs. Haines for some time past. Mrs. W. H. Newton, of South Moline, is a niece of the deceased lady, as is Mrs. J. W. Stevens, of 1544 Nineteenth avenue, Moline. Miss Belle Young, of Kendall, Mich., is another niece. Mrs. Haines leaves no children. The funeral will be held at 10 a. m. Friday, with interment at Chippewa cemetery.

Mrs. Amanda Benson, one of the old residents of the county, died of old age this morning at her home in Hampton. She was 74 years of age and had been a resident of this part of the country for the past 49 years. The funeral will take place at 2:30 tomorrow afternoon from the Methodist church in Hampton.

"JUMBO" CARLSON LEAVES WORKHOUSE ON LEG BAIL

Sheriff Heider's force of deputies had a sprint this morning, the object being the recapture of "Jumbo" Carlson, of Moline, who accepted a favorable opportunity to slip outside of the walls of the workhouse and make himself scarce. Late this afternoon he was reported still hard to find.

Carlson was doing time as a "vag," having been sent down from Moline for six months on this charge. Prior to receiving his last sentence he had served two consecutive terms with only a few days' intermission for petty crimes. This morning about 9 o'clock a wagon was backed into the gate unloading rock and Carlson was engaged in helping move the stone. Having in the past shown so strong a preference for the inside of the jail as against the outside, it was not deemed necessary to keep a very rigid watch over him. Therefore great was the surprise when it was learned that he had taken advantage of a chance to slip out on the opposite side of the team from the guard and get away.

Chase was given, but Carlson seemed to be in earnest in his desire to escape and he could not be overhauled. Sheriff Heider is only hoping that he ran so far that he never succeeds in getting back.

Dislocated Her Shoulder

Mrs. Johanna Soderholm, of Ferguson Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by all druggists.

Stop It!

A neglected cough or cold may lead to serious bronchial or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold.
