

## The Blood is the Life

Thus said one of the greatest physicians of modern times. If the blood is pure, then the individual is strong and healthy. If the blood is impure, then there is sickness and decay in the whole system. The duty of the kidneys is to filter the blood, which circulates through them for that purpose, cleansing it from all impurities, worn-out matter and uric acid, collected in its journey from the heart through the system. To purify the blood we must first be sure that the kidneys are in order. We cannot get pure water from a foul filter, neither can we get pure rich blood from diseased kidneys. If the kidneys are out of order, they cannot filter the impurities and uric acid from the blood, resulting in Rheumatism, gout, pain in the back, urinary troubles and kindred diseases. IRVING'S BUCHU WAFERS cure Rheumatism to stay cured, by removing the cause. They put the kidneys in a healthy condition, enabling them to discharge the blood to the heart pure and healthful, with all uric acid, the presence of which in the blood is the cause of Rheumatism and all other blood diseases, eliminated. Mr. John Knowlton's experience, which he relates in a recent letter, is just the same as many others who have written in thankfulness for their cure. Mr. Knowlton says:

"As a sufferer from chronic Rheumatism for nearly twenty years, I think I may safely say that I have tried almost a hundred remedies, old women's recipes, physicians' prescriptions and patent medicines. Many of them relieved me for a time, but the first slight cold brought back the Rheumatism. One day I picked up a circular of Irving's Buchu Wafers and started to read it. I was not much interested at first, but when I began to read how the kidneys were responsible for Rheumatism, I began to pay attention and the common sense statements made such an impression that I immediately bought a box. Well, I took the whole box and had no Rheumatism for a month, but a slight cold brought it back, but not so bad as previously. This encouraged me, and I bought six boxes. I took them all faithfully, and it is now nine months since I had a twinge of the Rheumatism, so that I feel that I am really cured. After the experience that I had with other so-called remedies for Rheumatism, you will understand how glad I am to be able to testify to the merits of Irving's Buchu Wafers. They certainly did all that is claimed for them in my case."

IRVING'S BUCHU WAFERS are nature's own remedy for the cure of Bright's Disease, Congestion of the Kidneys, Bladder troubles, Dropsical Swellings, Gout, Gravel, Jaundice, Diabetes, Female Complaints and Irregularities, and are a positive cure for all Diseases and Blood Impurities which are directly or indirectly traceable to deranged action of the Kidneys. They are pleasant to the taste, being sugar coated, and are prepared by the Irving Drug Co., Philadelphia. Price, fifty cents. There are many imitations of the IRVING'S BUCHU WAFERS on the market, but do not be satisfied with anything but the genuine.

## CALIFORNIA FOR THE WINTER

Couldn't you arrange your business affairs so as to permit of your spending a couple of months in California next winter? California isn't far away. The rate is not high. And there is no place on earth where you can enjoy a holiday to better advantage.

Elderly people who fear the rigors of a northern climate, semi-invalids, those who are distracted by the worries and cares of business are going to California in increasing numbers. A hundred thousand people spent last winter there. More are going this winter.

Think the matter over, and then give us an opportunity of quoting rates and telling you about our through car service.

## PUNISH HUNTERS

Enforcement of the New Game Law in State of Illinois.

### REVENUE FROM THE LICENSES

State Commissioner Lovejoy Writes on the Subject.

In a recent letter A. E. Lovejoy, of Roscoe, state game commissioner, tells of the working of the game law in Illinois. Mr. Lovejoy also tells of the immense amount of work required to get it into working order. The letter is as follows:

"Thinking that possibly a short communication from the state game commissioner of Illinois of what is being done in the way of game protection under the new game law would be of some interest to your readers, I append the following list of cases of violations of the law since Aug. 1:

#### Many Fines Imposed.

"For killing ducks out of season, Gustave Engle, Ottawa, Ill., fined \$15; hunting without a license, two persons, Cobden, Ill., fined \$25 each; attempting to kill prairie chickens, Elmer Sanford, Lincoln, fined \$15; killing one prairie chicken, John Jenkins, Lincoln, fined \$15; killing birds, several Italians, Geneva, fined \$90; buying and selling squirrels, L. C. Hester, Anna, fined \$25; killing song birds, Harry Schrader, Chicago, fined and fine remitted, as he was only support of a widowed mother; selling squirrels, Moses Layley, Alto Pass, fined \$25; hunting without license, F. Pecharo, Pickneyville, fined \$25; killing song birds, Louis Boris, Chicago, fined \$5; killing song birds, George Doretors, Chicago, fined \$5; trespass, W. R. Ridgeway, Camp Point, fined \$3; killing song birds, Frank Ortlepp, Chicago, fined \$35; hunting without a license, John Monks, Chicago, fined \$25; hunting without a license, Sam Vangilas, Chicago, fined \$25; trespass, two parties, Moline, fined \$10; killing one robin, Charles Heining, Chicago, fined \$5.

In addition to the above fines, each person prosecuted also paid costs of the suit. We have now got the state well organized, with a good deputy warden in each county, who is giving his time and attention to the work and is receiving pay for such days as he is employed in actual duty.

The state has been divided into 10 districts, with a good traveling warden to cover about ten counties each. The traveling warden's duty is to go over his district each month, after having selected deputies, and see that each is doing his duty, and in this way we feel that we can come as near enforcing the law as possible.

#### Revenue From Licenses.

Licenses are being issued by every county, city and village clerk of the state, and there was received at the state treasurer's office at Springfield, in July, \$2,136.70 for licenses issued prior to July 1, and Aug. 1 there was paid into the state treasury \$16,331.91 for licenses issued during July. The report for licenses issued during August has not been received from the state treasurer, but from all reports received there will be for \$12,000 to \$15,000 at least paid in for licenses issued during August, as the reports from the state treasurer each month are for the amounts received for the previous month. The money thus paid into the state treasury goes directly back to the county, as the 10 traveling wardens and 102 deputies have to be paid each month. The matter of getting the new law before the public and the fact that some have to be furnished not only with blank licenses, but also with blank applications, blanks for reporting to the state treasurer, and copies of the game law both in pamphlet form and in synopsis form on large cards, means a great expense, as it has taken to the various clerks of the state to date 73,000 license blanks, with many blank applications, numerous other blanks as mentioned, and over 80,000 copies of the game law.

#### Interested in New Law.

The people generally over the state are much interested in the protection of game, as the matter has been agitated during the last two years to such an extent that not only the sportsmen, but the farmers are awake to the interest of game protection, and the man who thinks he will slip out and kill a few birds out of season or without a license, or in any other way violates the new game law, is very apt to be arrested promptly, for nearly every one of the deputy game wardens has friends throughout his county who are continually on the watch and notify him at once of any hunters that are out after game out of season or contrary to law. We hope that by the time the new game law has been in effect a year everyone will be willing to abide by its provisions.

#### Dieting Invites Disease.

To cure dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and is a never-failing cure for indigestion, dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet.

## FIFTY YEARS FRANCHISE

### IS VOTED AT GENESEO

Geneeo's city council has granted a franchise extending over 50 years to the Geneeo, Cambridge & Kewanee interurban line, which will be a feeder to the interurban lines from Geneeo to Rock Island.

The ordinance specifies a single track on Oakwood avenue, First, Center and Second streets. The company must agree to bear one-third of the expense of paving whenever the improvement of the streets used is ordered. Attorney R. B. Olmsted held that such a provision would hamper the promoters in securing financial backing.

The road must have with brick between the rails and 18 inches on either side at all street or alley crossings. The use of the tracks by other lines entering the city must be granted, the council to act as an arbitration board in case the two companies cannot agree. A 5-cent fare in the city limits is specified; also 50-minute service between Geneeo and Cambridge between 7 a. m. and 7 p. m.; transfers to other lines for travel within city limits must be issued. A bond of \$25,000 to indemnify the city is demanded. A 2-year limit is specified, and work in Geneeo must be completed within 90 days from the time of beginning.

The company has accepted the ordinance granted by the Kewanee city council. The franchise has the usual feature of compelling the company to pave the streets used for tracks and to see that they are also properly lighted. Forty days of the expressed limit of 45 days for acceptance had expired and the filed acceptance does not mean that the terms of the ordinance are accepted. In fact, the southwesterly course to Galva and Galesburg instead of to Kewanee is being considered.

#### Better Than Pills.

The question has been asked, In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is: They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they do not only move the bowels, but improve the appetite and aid the digestion. For sale at 25 cents per bottle by all druggists.

If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by all druggists.
