American Prosperity.

American manufacturers are winning laurels abroad on every hand. The king of England has just recently placed an order for one of our gas engines and dynamo plants. This certainly speaks well for American productions. We also produce the best stomach remedy in the world, namely, Hostetter's Stomach Bitters. No other remedy can take its place as a cure for indigestion, headache, insomnia, indigestion, dyspepsia, constipation, liver troubles or malaria, and no family should be without a bottle of it in its medicine chest. This safe and agreeable remedy is for anyone--young or old--the most delicate stomach being able to retain it. It is therefore especially adapted for convalescents. Don't fail to try it at once. The genuine is for sale by all druggists.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and cold, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by Hartz & Ulmeyer, druggists. Price, 50 cents and \$1. Trial bottles free.

Excessive Energy.

Energy is a fine thing, but, like steam, it needs a little restraint and careful guiding. If the safety valve doesn't work there's likely to be a breakdown or a blow up now and then. The nervous, fidgety woman is a dreadful bore. She ruffles up the atmosphere and makes everybody wish she would take a vacation and rest up like sixty. Some of those people who fly around the fastest do the least work, and the proper thing to acquire is balance. Work as hard as you want to, but let up when the moment for letting up arrives. There is a limit to human endurance, and when you go beyond the limit you never get back into the valve of strong endurance and fine vitality. It is the man or the woman who knows how to work and how to rest who gets things done all fine and shipshape and without tearing the roof off its feet. These remarks may be blunt, like a chisel, but they're as true as the fact that the Lord made little apples.--Chicago Record-Herald.

She Guessed Right.

"Did the spiritualistic medium tell you anything that was true?" asked the willing believer eagerly. "Oh, yes," replied the hard headed individual. "And that was"--

"That I spent my money foolishly, which was right. You see, I had paid to hear her tell me that."--Cincinnati Times-Star.

Delightful Prospect.

"Do you," said the learned counsel, "swear that you will tell the truth, the whole truth and?" "Oh, how lovely!" the fair witness interrupted. "Shall I really be allowed to talk all the afternoon if I want to?"--Tit-Bits.
