

ECZEMA

The Blood Aflame with an Itching
Humor that sets the
Skin on Fire.

ECZEMA KEPT SPREADING.

Six years ago my wife had a breaking-out below her knees. At first red bumps appeared, but soon white, husky sores came, and when these would shed off the place became red again, and would itch and burn so that she found it impossible to sleep. At times a yellow water ran from the bumps, and it kept getting worse and worse. Our family physician pronounced it Eczema, and prescribed ointments and powders, but it kept spreading, breaking out on her body and arms, and almost closed up her ears. The druggist at Garner told me to try S. S. S., which she did, and after taking several bottles was cured, and is well to-day and has been for years.

Garner, N. C. W. A. HOCUTT.

The humors and poisons that produce the itching eruption, roughness and redness of the skin, must be rooted out before there is complete relief from the terrors of Eczema. Nothing applied externally does any permanent good, for whenever the blood is overheated, or the skin is reacting during Spring and Summer, the disease breaks out again. You can't rely upon washes, soaps and salves, or such things as are applied to the surface, for they do not reach the seat of the trouble, which is internal and deeply implanted in the system; the blood is aflame with the itching, burning humors, which are carried by the circulation to the surface and are being constantly forced out through the glands and pores of the skin, and you can never heal the sores or stop the aggravating eruptions with external applications.

To neutralize the acids in the blood and expel the humors and poisons is the only way to get permanently rid of this torturing skin trouble, and no remedy known does this so quickly and thoroughly as S. S. S. It purifies the blood and restores it to health, and the outbreak of the poison through the skin ceases, and the sores and eruption gradually disappear. S. S. S. builds up the thin acid blood, makes it rich and strong, and restores to it all the elements of nutrition, and drives from the circulation all impurities; and under the tonic effect of S. S. S. the general system is invigorated and toned up, and you not only get rid of your old skin trouble, but the health is benefited in every way. S. S. S. being a strictly vegetable medicine, acts gently, leaving no bad after-effects, as do Arsenic, Potash and other minerals which are usually prescribed in skin diseases.

Eczema cannot be cured by anything applied to the surface of the body; the blood must be purified and the cause removed, and in no other way can this deep-seated skin disease be reached. If you have Tetter, Psoriasis, Salt Rheum, Nettle Rash, or any form of Eczema, you will find S. S. S. does its work well and thoroughly, and relieves the itching and burning, soreness and pain, and soon produces a lasting cure.

ever made. The young man suffered a great deal from pain and in using morphine to allay it became a victim of the drug which finally caused his total collapse.

St. Patrick's day will figure very prominently in the discussions in National Guard circles from now until then, for it has been chosen as the day for the election of a colonel and major of the regiment. As has been known for some time past, the candidacy of Lieut. Col. Bishop, of Muscatine, against H. H. Coughlan, of Ottumwa, the present colonel, has divided the regiment between the two candidates.

Seventy or 80 Danish families of Davenport are looking forward with much anticipation to a grand rally of people of their nationality which will be held in St. Paul's Lutheran church next Sunday, with a view to the forming of a church organization here. Prof. P. S. Vig, of the Danish Lutheran seminary of Blair, Neb., and Rev. G. B. Christiansen, president of the United Danish Evangelical Lutheran church of America, will be present and deliver addresses.

As a precautionary move warrants have been sworn out here for the arrest of Fred S. Ford and Charles Wilde, the two grafters who swindled the Rock Island road, and attempted to fleece Claim Agent Holland, of the Tri-City Railway company. Ford has been arrested at Galesburg, but Wilde is still at large. Should either come this way the authorities will make it interesting for them.

Judge Bollinger yesterday afternoon signed a decree of divorce giving to Emma Scheller a bill separating her from her husband, Bertram Scheller. Cruel and inhuman treatment were the allegations.

News has reached this city of the death at Granite City, Ill., of Joseph Fisher, formerly president of the local Carpenters' union and head of Olive lodge, Knights and Ladies of the Golden Precept. Deceased was 62 years of age. A wife, two married daughters, and one son, William Fisher, of this city, foreman of the Reimer tin shop, on North Harrison street, survive. The remains will be brought to this city for interment.

Word has reached Davenport of the death at St. Paul, of Julius Koch, commonly called "Pelz" Koch, the furrier, formerly of this city, at the age of 84 years. Deceased was a native of Hungary, and was an expert taxidermist and furrier. He leaves a family in St. Paul.

The republican central committee held a meeting Monday evening at the office of Heinz & Fisher, and among other things decided upon the date of holding the republican city convention and the caucuses, at which the delegates to the convention will be selected. The convention will be held Monday evening, March 21, and the caucuses in the various wards will be held Friday, March 18.

At his home on the Harrison street road north of the city at 11 o'clock yesterday forenoon, occurred the death of Henry McGee, a native of Ireland, in the 72nd year of his life. There survive him five sons, Dennis, John, James, Thomas and Andrew McGee. His wife died 24 years ago.

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

MOLINE MENTION

Mrs. Anna Safe, residing with her daughter, Mrs. Ahline, at 1832 Sixteenth avenue, died yesterday after one week's illness with pneumonia. She was born at Nyde Varmland, Sweden, May 12, 1831, and came to Moline from her native country in 1869 with her husband, who died four years ago this coming April. She has made this city her home ever since. She leaves three children: Mrs. Emma C. Sundine, of 336 Fifth avenue; Mrs. Mathilda Ahline, 1832 Sixteenth avenue; Emil Safe, residing at 624 Railroad avenue; also 19 grandchildren, one sister, Mrs. Louisa Bersta, in Rock Island; one brother in Taylor Ridge and one sister in Sweden. She was a member of the Swedish Lutheran church, also of the Ladies' society since its organization. The funeral will be held at the home at 2 o'clock and at the Swedish Lutheran church at 2:45 tomorrow afternoon, Rev. Hemborg officiating.

Helen Evelyn Alberta, the 6-months old daughter of Mr. and Mrs. Robert Ed, died at the home, 314 Fifth street, after an illness of four days' duration of lung fever. The funeral will be at the home tomorrow at 2:30, Rev. Egan officiating.

An effort to change the saloon ordinance failed in the city council Monday evening, the object of which was to permit the opening of the saloons at the corner of Third avenue and First street. This measure required a two-thirds vote for change, but it received but 7 votes to 6 against. The proposition was to change the ordinance so that less frontage consent should be required for the opening of a saloon in a block where there is already a liquor store. Under the present law majority of consent on both sides of the street for 150 feet on either side of the proposed location must be secured. The law sought to do away with the consent across the street where there is a saloon existing.

At her home, 2324 Sixth avenue, at 6:15 yesterday occurred the death of Mrs. Florence H. White after an illness of two weeks with typhoid pneumonia. She was 36 years of age, having been born in Prophetstown, Ill., where she resided until 16 years of age. At that time in company with her parents, Mr. and Mrs. J. V. Sanderson, she moved to Moline, though the father and mother now reside in South Rock Island. She was married June 7, 1899, to Frank White, who survives, with one son, Bruce, by a former marriage. The funeral takes place at the residence tomorrow at 2 o'clock, Rev. M. V. Crumbaker, of the First Methodist church officiating.

Rev. M. J. Egan, pastor of the Mission Tabernacle, has announced his resignation to his congregation. It is his desire to take a rest, and he retires after completing 10 years of service here. It was with the understanding that he would retire at the end of 10 years that he returned here after spending a year in California. The church board acts on the resignation next Monday night.

At the semi-annual election of officers of Swedish Olive lodge I. O. O. F., the following officers were elected: Noble grand, John Brown; vice grand, Axel Klingberg; recording secretary, Axel Swanson; financial secretary, C. O. Johnson; treasurer, P. J. Nelson; trustees, F. A. Landes, Theodore Wahlberg, J. W. Johnson, Emil Johnson and Victor Holstein.

Norman Warr departed last evening for California to spend some time on his uncle's ranch for the benefit of his health. The report that Mrs. Warr and the children here would also leave is without foundation. They have no thought of leaving the city while Mr. Warr is in his present trouble.

Harmony and Kate Collier camps, Royal Neighbors, were consolidated Monday evening at the regular meeting of Harmony camp. The consolidated lodge has a membership of 150 and will be known as Harmony camp.

Candee Grove and the adjoining territory seeking admission to the city must knock again at the city's official door. That is, the petitioners for annexation must file affidavit in support of the claim that the number of residents and legal voters on the annexation petitions represents a majority of each in the district. The report must be made in time to permit the ordinance committee to prepare an ordinance for passage at the next council meeting, March 21, the last in time for submitting the annexation proposition before the people April 5. A protest has been filed charging that the signers are not in the majority.

A majority of the property owners and voters of Mrs. Warner's addition to East Moline presented a petition to the village board of East Moline Monday evening, asking that the addition be admitted to the corporate village. The petition was accepted by the board and will be voted on at the general election which will be held this spring.

Now that Moline has its fine new filter plant completed, it turns out that it is not large enough to pump the water that the city is using and wasting. Engineer Mead, who designed and supervised the installation, told the city council Monday evening that either the city would have to install meters to cut down the waste or else double the size of the filters.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time! Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

A Word to Sufferers from Disease

The age of miracles has past. We know that everything moves by what the scientists call immutable laws. They are unvarying from everlasting to everlasting. These laws rule alike the heavenly spheres and the actions of spheres. Man is particularly susceptible to infractions of these laws and the usual result is disease or injury or death. It is a law that if you

overeat that you will suffer. It is a law that if you fall down in front of a moving train you will suffer. And all of the diseases that afflict mankind come from the conscience or unconscious infraction of some of the laws that govern the universe. These diseases may be hereditary or acquired. They may be the result of law breaking by some ancestor in the remote past. For the "sins of the fathers are visited upon the children even unto the third and fourth generation." But if nature provides a penalty for the infraction of the least of her laws she has also provided a remedy. For years I have made a careful study of disease, its cause and effect. And I have made a WONDERFUL DISCOVERY.

I have discovered that Nature's remedy for a very large number of diseases is Electricity. I use electrodes upon the nerve centers of the human system and nature does the rest. If you are suffering from any FEMALE WEAKNESS, have a tumor, cancer or GOITRE, a victim of KIDNEY or LIVER TROUBLES, CONSTIPATION, LOSS OF ENERGY, CONSUMPTION—a myriad of diseases, come and see me. Consultation is free and I can tell you whether or not I can be of assistance to you, or whether your disease is in too advanced a stage for any assistance whatever. Do not delay. My method of treatment is perfectly rational and relief is almost instantaneous.

I guarantee a cure in all curable cases and cure hundreds of others considered incurable.

It's Quality That Counts

In coal it's quality that makes heat, it's quality that retains, it's quality that makes possible consumption of 90 per cent of the combustible part of it, leaving a light, clean ash; lastly, it's quality that lessens your fuel bill—you're not paying for dirt, refuse or unburnables. DAVENPORT DOTS

Union carpenters will hold a big mass meeting at Grand Army hall tonight, to meet and hear Frank Duffy, of Indianapolis, grand secretary of the United Brotherhood of Carpenters and Joiners of America.

At 1:30 o'clock yesterday afternoon as San Coleman, a colored teamster for the Davenport Granite company, was driving north on Harrison street from Fifth, his team took fright at a passing locomotive on the elevated viaduct behind them, and started in a mad run up the street. When near Seventh and Harrison street the maddened team collided with a coal driver's team which could not be gotten out of the way quickly enough. The result of the impact was the complete demolition of the negro's wagon, and the casting of the occupant to the pavement, from which he was lifted bruised and bleeding. He was taken to his home.

The case of Anna B. Wood vs. Adolph Michael was before Judge House yesterday and the judge refused to annul the decree of divorce. The suit was brought to annul a decree of divorce granted several years ago. Since that time Mrs. Wood has been married to another man, who died, and Michael was also married, but is now single. The woman then stated that the decree granted to them was fraudulent, as he had promised to remarry her, and that the agreement to secure a divorce was fixed between them. The judge held, however, as they had both been married again he would not annul the decree.

Monday, on application of Heinz & Fisher, Dr. Carl Bernhardt was appointed permanent guardian for Walter A. G. Olshausen, son of the late Dr. J. J. Olshausen. The young man has been confined in the department for the insane at Mt. Pleasant for several months and it is not believed that he will recover. For years he was a civil and mining engineer in the southwest and was regarded as one of the brainiest young men that ever entered the profession from here.

Charles S. Reed has left for Chicago in response to a telegram informing him that his brother Fred is dying in that city. Fred Reed will be remembered here by friends as one of the best specimens of physical manhood that ever walked the streets. When he returned from the Philippine islands, however, he carried with him a Manner bullet which was never extracted. Physicians claimed that a surgical operation would be fatal and no attempt to remove the bullet was
