## Schlitz Beer is Good for You

The malt is a food; the hops a tonic. The alcohol—only 3 1/2 per cent—is an aid to digestion; a healthful stimulant.

Schlitz Beer is brewed with the extreme of cleanliness—cooled in filtered air—and every bottle is sterilized.

It is one of the best things in the world for you. It does not ferment on the stomach, because it is aged—aged for months in refrigerating rooms before it is marketed.

It gives you beer without biliousness. Ask your doctor what he thinks about drinking Schlitz beer. Ask for the Brewery Bottling.

### DAVENPORT DOTS

Crazed because the love he felt for a courtesan was not returned, Henry Paulsen took rough on rats at 402 1/2 East Second street last evening at 11 o'clock. Dr. Porter was hurriedly called, and with the application of the stomach pump he succeeded in saving the man's life before the poison had an opportunity to work evil. Henry Paulsen is said to be a married man with six children. He is a bartender in the Grammerstorf saloon at 402 East Second street. He will recover.

John Woods, the youth whose dead body the Chicago police claim to have at that city, was heard from a few weeks ago as having been arrested, with Leo Badger of this city, and a third boy, from Burlington, over in Illinois, for a burglary at Ft. Madison. The trio were taken to Ft. Madison, placed in jail, indicted, and were awaiting trial, when Woods escaped by crawling out of the "grub hole," or opening through which food is passed the prisoners. The hole looked too small for the other two boys, and they declined to follow him. Since then the Woods boy has not been heard from. He carried away from the Ft. Madison jail an old razor, so ancient a souvenir around there that the police there have been more solicitous about getting the razor back than the boy.

### WHY MOTHERS WORRY

Did you ever hear a mother worry over a plump child? There is no better bank of health for a child to draw from than a good supply of healthy flesh.

Scott's Emulsion not only gives a child weight and plumpness, but it feeds the brain, bones and nerves with strength and active power.

Fewer mothers would worry if they knew more about Scott's Emulsion.

Dr. F. H. Gardner is about to take another trip across the ocean to continue his study in medicine that he may get in touch with the most modern ideas in his profession. Supt. Smith, of the public schools announces the resignation of three of the high school faculty. They are E. L. Campbell, H. L. Brown and Miss Grace Wiant. He also stated that Dr. Daniel Bradley, of Iowa college at Grinnell, Ia., has consented to deliver the commencement address on the evening of May 25. Commencement day originally was set upon Thursday, May 26, but on account of the inability of securing a speaker for that date, Wednesday, May 25, was decided upon when Dr. Bradley came to make the address. Class day will be on the following Friday but the date of the junior banquet to the senior class has not been decided upon as yet.

Joshua Suman has sold his fine farm on Rock river to C. W. Johnson of Moline and will leave the old place. The last frame building on the east side of Fifteenth street in the business section is being razed from a place it has stood for many years. This is the frame building recently occupied by Gus Segur with his barber shop. In its place a modern three-story business block will be erected by George Chase which is to be occupied by the department store of the Fisk & Loosley company. This building's history is probably as interesting as the history of many others. In fact its history dates back so far that the original owner of the building cannot be recalled by the present owners.

John Cackler, 912 Fourth avenue, employed in the grinding shop of Deere & Co., had a very narrow escape from being seriously injured Wednesday afternoon. The speaker for the forenoon is yet to be obtained, although a local man will be invited to take the honor. The usual observance of the day will be arranged for both forenoon and afternoon.

## Rheumatism

Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.
