

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes: "I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use."

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would blot after eating and frequently become nauseated. I had an acid discharge and pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, headache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. Experience has proved this.

It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is free and confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Takes Position at Chicago.
Frank M. Morton, who has been in the purchasing department of the Bettendorf Axle company, left last night for Chicago to take a good position with the Weber Wagon company. There he will be assistant purchasing agent to Fred S. Nichols, who also went to Chicago from here.

Seeks Damages.
Catherine Lelander has filed a \$2,500 suit against the city, because of injuries received in a fall upon an ice covered sidewalk, for which she seeks to secure damages.

Large Sum For Shade Trees.
Attorney J. A. Hanley, on behalf of his client, T. J. Hopson of LeClaire township, has entered suit in the district court against the I. & I. road in the sum of \$495, which amount is claimed as damages for the alleged willful cutting down and destroying of four shade trees upon the property of the plaintiff by the defendant company.

Strike Settled.
At a conference held by the striking girls of the "heading" department of the American Can company's plant at Ehlers' hall a committee of six composed of Miss Hannah Eagan, Miss Dora Leese, Harry Jehring, Edward Murray, Joe Linden, and Mary Henry was named to confer with Manager Sherwood of the plant, at his own request. The conference proved so satisfactory that the strike is over and all of the employes have returned to work. Manager Sherwood agreed to place counters on the machines, but could not promise to be able to install them before two weeks.

New Vaudeville House.
The John Ochs Sons have closed a deal whereby the building formerly occupied by the Davenport Morning Republican on Main street, is sold by the Davenport Mating company for a consideration of \$13,000. The Messrs. Ochs state they are not a liberty to offer out the name of the new purchaser but that the property in question was sold to a Chicago party. From other sources comes the information that the place is to be used by the new owners for theatrical purposes and that the property will be converted into a vaudeville house.

Escaped From Officer.
Charles Neiswander, alias Fred Brown, who was captured near Chillicothe, Mo., on the charge of entering and robbing the Max Kohn and Lyter residences while masquerading as a gas man, escaped from the deputy on the way to Kansas City, and Chief Herzog has all of his detective work to do over again.

ANAEMIA
is thin blood. It causes pale faces, white lips, weak nerves and lack of vitality. A blood-enriching, fat producing food-medicine is needed. Scott's Emulsion goes to the root of the trouble, strengthens and enriches the blood, and builds up the entire system. For anaemic girls, thin boys, and enfeebled mothers, it is the standard remedy. It builds up and strengthens the entire system with wonderful rapidity.

DUCK SHOOTING IS POOR
Fowl Scare and Hard to Coax Within Range of Guns.
Contrary to reports earlier in the season which told of prospects of good duck shooting this spring, hunters who are coming in from the swamps state that the flight is very light and the fowl are exceedingly wary. If a hunter well provided with modern shooting apparatus and a big flock of live decoys bags a dozen fowl in a day he is having great sport. The fact of the matter seems to be that civilization has about put the duck out of business in this part of the country. If a bird gets within 100 yards of the ground in the shooting season these days there is someone under it to make it a target. Under such circumstances it is not wonderful that ducks are scarce and wary, and it is only when weather conditions suddenly develop that make life in the upper air a burden that they are so careless as to get within range.

SAYS THE HOME IS PAID FOR
Owner Tells of Misunderstanding With Contractor.

The other evening The Argus printed in its column, "Tales of the Town," a story that was headed "More Than One Key Fits Lock," in which it was narrated how a young man, recently married, had gotten possession of a home that had just been completed by a local contractor moving in one night unawares to the builder, who had refused to give up the keys until a settlement had been made in accordance with the terms of the contract.

The young man who recognized the story as one fitting his case states that it was correct in all essentials excepting as to the financial arrangements. "The contract and receipts show that about \$700 is due the contractor when his work is finished," said the owner of the house, "but as the painting and porches are still unfinished, not saying anything of the material, which is not of the quality agreed upon, the owner felt justified in holding back the balance of \$100." The house is paid for except this amount, the owner said further, but he declined to settle until the house was finished as per contract. The builder stood pat, and the owner took possession in spite of his precautions to hold him out of the house until the \$100 was forthcoming.

MOLINE MENTION.

Broke a Leg.
Joe McDonald, 8-year-old son of the night watchman for the Lewis Roofing company, sustained breaks of both bones of his right leg Saturday and was lucky to have escaped with no more serious injuries. He attempted to climb on the R. C. Benson feed wagon in front of the Peters, Day & Co. store on Third avenue, and in some way got his leg in one of the revolving back wheels. Both bones were snapped and the wonder is that he was not pulled under the wagon and fatally hurt.

Will Put Up Building.
G. B. Gundberg, proprietor of the Modern bakery at the corner of Seventh street and Fourth avenue, will this summer erect a \$10,000 brick building at the corner of Fourth avenue and Sixth street. The building will be 80 feet front and 108 feet deep and the first floor and basement is to be devoted entirely to his bakery.

Committee Organizes.
The republican city central committee has elected the following officers: Chairman, C. E. Battles; secretary, John Sundine; treasurer, C. V. Swanston.

Death of Swan Nelson.
Swan Nelson succumbed to an attack of consumption Friday afternoon at the family home, 1819 Fourteenth and a-half street. He had been a resident of this city since 1889, coming from Sweden, where he has born March 3, 1856. For the past 15 years he had been employed at Deere & Co.'s and was married to his now bereaved widow 19 years ago, who with one son, Arvid, 13 years of age, survives; also two brothers and one sister in the old country.

Got Wrong Coat.
There is a story going the rounds today on a Moline man who inhibited too freely of Rock Island "boozes." He was about "three sheets in the wind" when he decided his hat needed cleaning. He entered the Lloyd store to have the matter attended to. While there he took off his overcoat, and when ready to leave he put on a coat supposedly his own, and came home to this city. The next morning when ready to leave the house he reached for his overcoat. Then it was discovered he had taken a brand new coat from the Lloyd store. His face blanched as the situation dawned on him. He hurried out. He met Officer Wigers and told him what had occurred. A telephone message was sent to the Lloyd store and soon the Moline man was enroute to trade coats, having possibly headed off the service of a warrant. Had a warrant been issued for him he would have had hard work convincing a court that no theft had been intended.
