DINE AT ROCK ISLAND CLUB

State and National Organizers Among
Guests—Local Speakers on Pro-
gram—Membership.

The annual meeting of the Tri-City
Druggists' association will be held this
evening at the Rock Island Club. Off-
icers for the year will be selected. By
consent all drug stores in the three cit-
ies will close at 8 o'clock in order that
the entire membership may be in at-
tendance.

A feature of the meeting will be the
banquet, following which will be a pro-
gram arranged for results beneficial
to the men of the trade. These pre-
sentations will be filled by J. C. Singer,
Illinois state organizer of the national
association; Col. J. R. Dible, general
organizer; F. W. Bahnsen, H. E. Van
Duzer, W. J. Doyle, and C. E. Battles.

DOPE FOR THE FANS

Belden Hill and Snapper Kennedy
are the only managers who have not
announced the makeup of their teams
for the season.

A notion of the Kentucky legislature
that Sunday baseball is immoral may
cause trouble to the towns in the Blue
Grass state that go in for the sport.

Manager Doanville at Springfield has
promised both Danville and Jack-
sonville that they may draw on his dis-
cards for players for their new Kitty
league teams.

Red Morton has finally secured a
good berth for the coming season, he
having signed with New Orleans, of the
Southern league. He was with Spring-
field and Peoria last year.

It begins to look as though Ross
Thornton will play ball in Decatur
next season or he will not play at all.
He has been holding out for a higher
price than the association can see
their way clear to pay him and it now
remains to be seen what he will do.

Pittsburg offered Pitcher Charley
Case to Brooklyn in exchange for
Pitcher Harry McIntyre, but was given
a turnaround. The deal would have
been a good one for the Pirates had it
gone through. Last season Case was
careless and did not seem to care
whether he succeeded or not.

George Starnagle, who caught for
Terre Haute during the first two sea-
sons of the Three-Eye league and who
was a member of the pennant winning
team the second year, has been sold
by Sioux City to "Ducky" Holmes for
the latter's new team at Lincoln in
the Western league.

Springfield will undoubtedly be re-
presented in the Three-Eye league this
season by one of the strongest aggre-
gations of baseball players the capital

city has ever had. Up to date 32 play-
ers have been signed, one-half of whom
will be called in the first of April for a
month of practice according to the
statement of President Kinsella.

Davenport has lost Gagner, an in-
fielder signed last fall, to Burlington,
a decision of Secretary Farrell, of the
National commission having been
handed down that effect. Swalm will
be with Davenport next season but not
in the outfield, as he has decided to
make a try for a box position. He has
great speed. Manager Kennedy is
signing an entirely new outfield.

Manager McFarland has signed a
new catcher for his Dubuque team.
The man is F. F. Tucker and hails
from Waverly, N. Y. He played last
season with the New York State league
and is said to be a valuable backstop.
Sylvia Darrah, the butcher twirler, has
signed up his contract with McFarland
for next season. Mac has two exhibi-
tion games booked with Milwaukee for
April 7 and 8. He will soon complete
arrangements for four games with
Freeport about the middle of April. He
also expects to book exhibition games
with St. Paul and Des Moines within
the next few days.

W. C. Keeley, who has been at the
head of baseball in Dubuque since the
club was organized, has resigned and
Manager McFarland has a new boss.
L. D. Mathes, who is the head of the
Dubuque street car system, was elected
president to succeed Keeley, and
James Agnew is the new secretary of
the club. The change does not mean
any change in policy at Dubuque, as
Mathes and Keeley are closely con-
nected and have been the two men who
practically controlled the club. The
new president in an interview states
that Manager McFarland will not be
interfered with in looking after team
affairs and that Mack will be in full
charge as under Keeley.

President Sexton has received a let-
ter from Manager McCredie, of the
Portland team, in which he repeats
former statements that he is well sat-
isfied with Jack Sweeney whom he
purchased from Rock Island last sea-
son. Hereafter, he stated, he will
strengthen his team from the minor
leagues, having found Sweeney able to
play circles around some of the men he
bought from the National and Ameri-
can leagues and paid fancy prices for.
If Lister, whom he has also purchased,
makes good at first, he will have the
strongest infield in the league. Sweeney,
he says, is the best third baseman
on the Pacific coast.

Speaking of the schedules that have
been submitted to the various Three-
Eye clubs for a choice the Bloomington
Bulletin says: "Locally there is con-
siderable dissatisfaction with both, as
they hand it to the locals." That's the
situation in Rock Island, too, as well
as in Davenport and Cedar Rapids. In
fact, unless some improvements are
made before either is adopted the
whole league is likely to find long be-
fore the end of the season that some-
thing has been "handed" to it. Indica-
tions are that it will not be entirely for-
saken of President Holland, either, in
case this happens. Mr. Holland is ill
now and unable to look after his busi-
ness affairs.

TO BE EXCLUSIVELY EUROPEAN HOUSE

New Plan at Harper Proves So Popu-
lar It is to Be Adopted
in Its Entirety.

So well pleased is Manager McHugh
of the Harper with the way the Euro-
pean feature of the dual plan recently
adopted has been received by the
travelling public that he has decided to
turn the house into an exclusively
European hotel commencing Monday
morning.

Over 50 per cent of the guests of the
hotel have taken advantage of the
European plan since the privilege was
provided for and this seems to be the
general experience in not only the
large cities but those of Rock Island's
class.

The cafe will be operated as now
and the main dining room continued,
except that the European plan will pre-
vail throughout.

visement. It is believed all will be

ADVISES MOTHER

"Frisco Kid," Wandering Boot-
black, Tells Her How to Make
"Piece of Change."

WAY TO WORK NEWSPAPERS

Enterprising Young American Has
Been Shining Shoes of Princes
and Potentates.

We are indebted to the San Francis-
co Chronicle for a very entertaining let-
ter, written by a youthful American in
Paris to his mother in San Francisco,
says the New York Post. If it had a
title it would be, "How to Work the
Newspapers." Its author is the fifteen-
year-old adventurer the "Frisco Kid,"
who set out to go around the world and
shine the shoes of all the princes and
potentates who rule over the countries
he visits. From Paris came this sug-
gestion to "Dear mamma: Say, now,
here's a chance for you to make a
piece of change for yourself. One of
you set the S. F. Chronicle with my
picture in it and go to the manager of
each newspaper and show him my pic-
ture and ask him how much he will
give you if you tell him where I am.
And don't let him know where I am
until he writes out a note saying how
much he will."

The boy advises his mother to sell his
photographs for \$2.50 each. He tells
her that the London Express paid him
\$25 for his story and declares that she
can do as well in San Francisco. But
he doubts his mother's business sagaci-
ty. He thinks she does not quite un-
derstand the significance of his exploit.
He goes on to explain:

Has Had Experience.
"It is a Novelty. Something out of
the ordinary. Something new to the
Public. But I don't think you un-
derstand it. I had all kinds of experi-
ence in the world, and some in the News
Papers. So do as I ask you, and here
is the way to approach the manager.
Ask to see the manager. If he says
what is it? show him my picture in the
chronicle and tell him you are my
mother and if he wants to know where
I am and whose shoes I shined lately,
tell him you know and ask him how
much it is worth to him. Don't you
make the price. But let him because
you don't know how much it is worth.
I wish I was there I would show you
how to make a piece of change for my-
self. Well the manager may say
\$15.00 or he may say he's full up on
space, or some thing like that. Then he
may say \$20 or \$25. Then tell him
you will come back and let him know.
Then you go to the next paper and do
the same and the one that gives you
the most do business with him, and if
he wants my address tell him." This
"Frisco kid" had news to send, and
surely it was worth whatever his fam-
ily might get for it. He sends it in a
brief postscript: "I didn't shine King
Edward yet. I will shine him when I
go back to London. I shined Pres Le-
bout of France the other day, and I
shined American Ambassadors of Lon-
don and Consul of Southampton and the
lord mayor of London and the
mayor of Havre France and the Con-
sult and the Gen Consul of Paris and
the American Ambassadors."

It is no wonder that the youth should
imagine his mother to handle such
news wisely.

FOOT BALL AT CAPITAL.

Forty Acre Field in Potomac Park,
Washington, Being Constructed.

President Roosevelt's interest in foot-
ball is likely to work out a fine public
improvement which may have a bear-
ing on future army and navy games.
The Washington special to the New
York Times says that the president
has accented the need of a
large football field in Washington,
and the idea urged on Colonel Bromwell
by the president last fall of making such
a field in the Potomac park is now be-
ing worked out. Where is now a wide
expanse of water may some day be the
amphitheater for the games between
the West Pointers and the "middles"
from Annapolis. A huge steam dredge
is at work pouring sand into the space
near the pretty park at the Washing-
ton approach to the new Pennsylvania
railway bridge, and it is promised that
by next fall the scheme will be com-
pleted.

The whole field contains forty acres,
and it will be laid off and beautified,
roads constructed and provision made
for grand stands and all the needed
conveniences for a large gathering of
people. Sand, mud and gravel from the
bottom of the Potomac is being
dumped upon the low grounds through

GROWING IN POPULARITY.

The More People Know Newbro's Her-
picide the Better They Like It.
The more it becomes known the bet-
ter it is liked. One bottle sells two,
and those two sell four. Newbro's Her-
picide is what we are talking about. It
cleans the scalp of all dandruff, and
destroying the cause, a little germ or
parasite, prevents the return of dan-
druff. As a hair dressing, it is deligh-
tful; it ought to be found on every
toilet table. It stops falling hair, and
prevents baldness. It should be used
occasionally as a preventive to protect
the scalp from a new invasion of the
dandruff microbe. Sold by leading
druggists. Send 10 cents in stamps for

troit, Mich. T. H. Thomas, special
agent.

a long line of piping, and the water is
then allowed to run off, leaving the
solid material behind. Next spring
these grounds will be laid off for foot-
ball, baseball, tennis and other athletic
games. The Pennsylvania railroad
will build a fine local station near this
part of the Potomac park. The place
is already accessible by several elec-
tric railroads. It is an ideal spot for
such a purpose, the view off over the
Potomac and the hills of Arlington be-
ing one of noted beauty.

Common Colds are the Cause of Many
Serious Diseases.

Physicians who have gained a na-
tional reputation as analysts of the
cause of various diseases, claim that if
catching cold could be avoided a long
list of dangerous ailments would never
be heard of. Every one knows that
pneumonia and consumption originate
from a cold, and chronic catarrh, bron-
chitis, and all throat and lung trouble
are aggravated and rendered more se-
rious by each fresh attack. Do not risk
your life or take chances when you
have a cold. Chamberlain's Cough
Remedy will cure it before these dis-
eases develop. This remedy contains
no opium, morphine or other harmful
drug and his 30 years of reputation
back of it, gained by its cures under
every condition. For sale by all lead-
ing druggists.

follows:
