

THE WEATHER

Showers and probably thunderstorms tonight and Saturday; not much change in temperature.

Owing to the extensive area of low pressure which reaches from the north Pacific coast to Florida, with distinct centers over western Oregon, western Kansas and western Nebraska, and the east gulf coast, rains have fallen in nearly all sections covered by the morning reports. Another heavy rain has fallen at Jacksonville, Fla., and notable downpours have also occurred at Charles City, Iowa, and Amarillo, Texas. The pressures are highest on the coast of Virginia and in northern Saskatchewan. On account of the low pressure areas to the westward, showers, with probably thunderstorms, will continue in this vicinity tonight and Sat-

urday. Warm weather will prevail. J. M. SHERIER, Local Forecaster.

Temperature at 7 a. m. 65; at 3:30 p. m. 70. Minimum temperature in 24 hours, 62; maximum, 83. Velocity of wind at 8 a. m., 3 miles. Rainfall in 24 hours, .2 inches.

GIRL SPRINGS SWINDLING GAME IN THIS CITY

Trick Used on Moline Merchants With Success Being Tried in Rock Island.

Rock Island merchants will do well to be on the lookout for the girl who recently worked several Moline merchants in a unique manner. She was in this city yesterday afternoon and attempted her game in at least two places, getting away with it at one. She approached a Fourth avenue grocer, but he was too wise. Going to a nearby butcher shop she ordered \$1 worth of meat wrapped up and telling the proprietor to deliver the bulk of it at a number in the neighborhood that she gave him and get his money, she took several packages and said she would carry them home for immediate use. She has not been seen since by that particular butcher. This is her game and she was quite successful with it in Moline, escaping arrest. She appears to be about 14 years of age and is doubtless under the tutelage of an older person.
