The Knockers' Club

Of Rock Island, Is Down and Out

One dose of liver medicine, composed of nine drops of concentrated boosting, one raft of new factories, three competitive railroads and a liberal pinch of local patriotism did the trick.

All its members have filed application for membership in the Rock Island Boosters' association, to which any citizen, with good, red blood in his veins, is eligible.

Twenty years ago—10 years ago—these knockers said "don't buy Rock Island real estate," and during that time building lots have doubled, tripled and quadrupled in value.

Any time is a good time to buy Rock Island city property. Now is the best time. Jump in the band wagon and get your share of the prosperity.
