

NEWS OF THE NEIGHBORS

DAVENPORT

Bishop Improving.—Dispatches have been sent out of Waterloo that news had been received there by Rev. Dr. G. W. Hinkle, of an alarming nature about Bishop Morrison. The reports stated that "the bishop is decidedly worse." Fortunately this is not the truth. Bishop Morrison who has been spending some weeks in Rome is gaining in strength.

Contract for Big Additions.—The City Construction company has been awarded the contract for the erection of the additional buildings which the Davenport Malt company will construct and which improvements will cost in the neighborhood of \$60,000 to \$70,000. The improvements are some of the largest that the Malt company has ever planned. These include a large boiler room and tank room costing alone nearly \$40,000. The plans for the additions were drawn by the architect firm of Clausen & Clausen, and the work is to be started at once.

Arrest Pickpockets.—Night Captain Packy Phelan and Detective George Shanley made a raid in Davenport Tuesday night, invading the colored precinct on Fifth street between Brady and Perry. As a result of their visit, they took to the station Leona Wedley, wife of George Wedley, the Ottumwa burglar who was recently arrested in this city; Ida Lee, May Booker and Lou Mitchell. The Booker woman claimed to be a resident of Ottumwa and Lou Mitchell claimed the distinction of living in Rock Island. It is claimed by the police that the four women were out on the street waiting for the crowd to leave the Burns Opera house, where the Burns-O'Brien fight pictures were on exhibition, with a view of waylaying their intended victims and robbing them. All four women were sentenced to serve 30 days in jail.

Bad Runaway on East Fourth.—A team belonging to Fred Ruechmann of Rockingham ran away yesterday afternoon on East Fourth street, and was brought up with a smash near Brady, after damaging some half dozen rigs during its brief but exciting dash. The cause for the runaway was the team's taking fright at some paper flying down the street before the wind. No one was hurt.

Asks for Liquor Cure.—Admitting that he is a slave to strong drink and unable to resist the temptation of inhaling too freely, Henry Meckel, a well appearing man of probably 35 years of age and stated to be of good family, was arrested by Police Officer Jansen on the charges of being drunk and disorderly. In police court Meckel expressed a desire to be sent where he could be cured of the liquor habit and Magistrate Roddewig ordered him taken before the judge of the district court as a habitual drunkard. It is probable the man will be ordered committed to the hospital for inebriates at Knoxville, Iowa, in the hope that treatment there will cure him of the terrible curse which now afflicts him.

Suggest Water Carnival.—While methods of "boosting" Davenport are being discussed in Commercial club circles, the suggestion of giving a river carnival here this fall has been made, and will be a welcome one to the Davenporters who remember the successful carnivals of a dozen or fifteen years ago.

IN THE GOOD OLD FASHIONED DAYS

Powdered Wigs Formed an Important Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of bald men of today would gladly revive the old, dignified custom, if they could. But they can do the next best thing to it; that is, hold on to what hair they have.

In cases where the hair root or hair bulb has not been completely destroyed by parasites that infest it, Newbro's Herpicide will do wonders in the way of encouraging a new growth of hair. Destroy the cause, you remove the effect. That is the successful mission of Herpicide. Sold by leading druggists. Send 10 cents in stamps for sample to the Herpicide company, Detroit, Mich. Two sizes, 50 cents and \$1. T. H. Thomas, special agent.

Bouquet for Kiner.

The Kewanee Star-Courier says of Henry L. Kiner of Geneseo, who was the guest of the Tri-City Press club Tuesday evening: "Henry L. Kiner is a nominee for mayor of Geneseo. Enough said. We are for him. Any man that can run so good a newspaper as was the old Geneseo News when Mr. Kiner

was editor, is good enough and wise enough for any office Geneseo has to offer."

CABLE MINER'S LEG CRUSHED BY ROCK

Neil McGonigle Victim of Accident That May Necessitate an Amputation.

Cable, Ill., March 21.—(Argus Special.)—Neil McGonigle, a miner employed in No. 2 mine of the Coal Valley Mining company was seriously injured by falling rock while at work about noon yesterday. His left leg was terribly smashed and it is feared amputation will be necessary. He was removed to his home here, and Dr. Martin is attending him.

STILL HAVE SMALLPOX

Dr. C. E. Crawford, State Inspector, Investigates Coaltown Cases.

Dr. C. E. Crawford, inspector for the state board of health, was in Moline yesterday, where he was summoned by Dr. P. H. Wessel, a member of the board, to investigate the smallpox cases at Coaltown. Dr. Crawford found that the Parks family still has smallpox and that the disease has existed in the home for some time. In the other family thought to have been afflicted with the disease, he found no traces of the contagion. He instructed the supervisor to see that certain quarantine regulations are maintained for a period of two weeks.

CABLE.

Mr. and Mrs. W. B. Hill were tri-city visitors Saturday.

R. W. Clark transacted business in Rock Island Saturday.

Mrs. George Whan of Suez, who has been visiting at the home of Mrs. Delia Parker, left Saturday for Draper, S. D., to join her husband and where they will make their future home. Mr. Whan left some time ago with his stock.

Seth Leeman and John Ballard of Andalusia, did carpenter work for D. L. Parmenter last week.

Mrs. Lydia Bopes returned home last Sunday after spending the winter with her daughters.

All the news all the time—THE ARGUS.

MOLINE

Legs Cut Off on Railroad.—Charles Holmberg, former resident of Moline, was found lying on the Burlington right of way near Orion, 30 miles south of this city, at 10 o'clock Tuesday night with both legs cut off, unconscious and weak from loss of blood. He was taken to a Galesburg hospital and everything possible was done for him, but owing to the loss of blood and the shock sustained he died a few hours later. No one has been found who can explain in what manner Holmberg was injured, but it is suspected that he was struck by southbound train No. 50 on the Burlington road, which leaves this city at 7:37 and which passed Orion about 8:45. Holmberg, when he regained consciousness, gave his name and said his residence was at 1819 Railroad avenue. This is the home of Herschel Caverly, but inquiry next door, at Gust Blad's boarding house, established the fact that Holmberg had resided there till a couple of months ago, when he went to Orion. At the boarding house his friends supposed he had joined a Burlington construction gang.

Hand Was Crushed.—R. C. Hartgrove, whose home is in Galesburg, was victim to a railroad accident yesterday. He was riding on an extra freight train, between the engine and tender, and at a curve in the track opposite Thirty-eighth street in Rock Island, the left hand was caught and badly crushed. He continued the run to this city, where the company surgeon, Dr. A. D. West, dressed his injuries, and he was then sent home to Galesburg.

Attend Party: Spread Disease.—

Flagrant disregard of ordinary precautions to prevent spread of the scarlet fever epidemic has been discovered by Dr. R. C. J. Meyer, health commissioner, in a family residing on Fourth avenue in the east end. The health commissioner explains that as far as his investigation has proceeded, children of the family were allowed to attend a birthday party in the neighborhood after the physician who had been called to attend a child of the family had announced that marked symptoms of scarlet fever were manifest, but that he would not definitely decide that the case was scarlet fever till a later visit.

The evening of the day of that visit the children attended a party; the next day the family was quarantined. Dr. Meyer explains that seven families have developed scarlet fever cases and he believes the disease was contracted from this party. He says that this case emphasizes that scarlet fever is contagious when the disease is contracted, and not harmless, as supposed till the patient has begun to peel.

Grocers Organize.—Organization of the grocers of the city having membership in the Retail Merchants' association was effected at a meeting held at the association headquarters on Sixteenth street Tuesday evening, at which 20 of the men engaged in the business were present. Officers are: President, John Swanson; secretary, L. R. Gaylord. Meetings are to be held on the second Tuesday of every other month, and the object is to discuss matters of interest to all grocers. Aside from the election of officers no business of interest to the public was transacted.

Business Property Sold.—Yesterday, through the agency of E. E. Morgan, the Dunn property on the corner of Sixteenth street and Fifth avenue was sold to T. E. Lundell for \$8,300. This property belonged to Dr. L. D. Dunn and W. F. Dunn, and runs 100 feet on

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours.

If it has a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and excruciating pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.
