

NEWS OF THE NEIGHBORS

DAVENPORT

Gives Up Claus Groth Hall.—At the meeting of the Claus Groth Gilde William Ehlers, Jr., for the past four years the popular manager and lessee of Claus Groth hall, arranged to terminate his connection with the place and to surrender his lease on October 1.

Would Declare Child Delinquent.—Humane Officer George Ellmann, through Attorney Henry E. C. Ditzgen, has filed in the District court a petition asking to have Ida M. Davis, the eight-year old daughter of Mr. and Mrs. J. L. Davis, 517 Perry street, declared a dependent and delinquent child and that she be sent to some home or institution where she will be given the proper care and attention. The parents of the child are unable to properly provide for it and recently it was placed in a home in Rock Island, but persisted in stealing from the household until the family returned the girl to her parents.

Pursued by the Wizard of Zu.—George Golderman was on Saturday ordered committed to the Mt. Pleasant hospital by the Scott county board of insanity commissioners. The patient was possessed of a hallucination that he was being pursued and was within the power of the Wizard of Zu. He told the commissioners he was a sleuth on the Davenport police force, that he had been sworn in by Chief Atkinson and was shortly to be promoted to the position of night captain. He also told the commissioners he had not eaten for four days, that he didn't feel like eating, but that he need not worry, as he would eat when he felt like it and not before. The patient is a brother of ex-police officer Golderman.

Return from Europe.—Mr and Mrs. Edward K. Putnam arrived home Saturday, after spending the summer in Europe, most of the time at Mrs. Putnam's family home in Runnab, Sweden. The old home there is the summer home for the family, to which they repair from various parts of Europe. Mrs. Putnam's father, C. P. Sandberg, a prominent civil and consulting engineer of London, went there, as did her mother and other relatives, with the result that all enjoyed a pleasant family reunion.

Buy Corner for \$20,000.—Another valuable down town corner changed hands Saturday, when the Martin & Reupke agency sold to W. J. Doyle of the Doyle-Munro company, the southwest corner of Third and Perry streets. The property has a frontage of 45 feet on Third street and a depth of 75 feet on Perry street. On it is located a three story brick building. The consideration was \$20,000. Mr. Doyle states he purchased the property as an investment.

His Death Sudden.—Theodore Grapengeter dropped dead Friday evening at his boarding place at the home of G. Hansen, 413 1/2 West Third street, whither he removed in the summer when the Kimball house was closed. After leaving the Peterson store Mr. Grapengeter had taken an automobile ride with Julius Hasler, and just after reaching his boarding place he fell prostrate on the floor in death. Dr. G. E. Decker, who was summoned, could do no more than declare that life

was extinct. Mr. Grapengeter spent an extended period in Mercy hospital only a short time ago, and had been in poor health for a long time. He would have been 60 years of age December 16, having been born in Oldenburg December 16, 1848. He had been with J. H. C. Petersen's Sons for over 31 years, was the buyer of cloaks, suits and curtains, and was master of those lines to the last detail, and a buyer of much judgment.

Obituary Record.—Mrs. John Worthmann and Mrs. Pauline Meyer left Saturday afternoon to attend the funeral of Joseph Kerker, brother of Mrs. Worthmann and brother-in-law of Ms. Meyer, who died in Des Moines at 4 o'clock Friday afternoon. Mr. Kerker was the son of Mr. and Mrs. John Kerker, former old time residents of this city, and is also related to George and Henry Kerker.

Olive Louise Hall, aged two years, two months and 16 days, died Saturday after a week's illness with ulcer of the throat.

Harry Husted, a printer by occupation, died at Mercy hospital Saturday of uremia, and his body was sent to Belle Plaine, Benton county. He was 33 years of age and single, and the son of Ira Husted of New York.

FIRST FROST OF THE SEASON IS LIGHT

Will Do Little Damage and Will Rather Aid in Helping Late Corn to Mature.

The first frost of the season was in evidence yesterday morning and was general throughout this part of the country. It was plainly visible on vegetation and a thin covering of ice was to be seen on small bodies of standing water in places. The lowest temperature was 42.5 degrees. Little if any damage will result to vegetation. Farmers are pleased, for they say it will help stop the growth of corn and hasten the maturing of that which was planted late.

SOCIAL AFFAIRS.

[Society news, written or telephoned to the society editor of The Argus, will be gladly received and published. But in either case the identity of the sender must be made known, to insure reliability. Written notices must bear signature and address.]

Birthday and Wedding Anniversary.—Paul Hinsberger of 702 Fifth street was surprised on Saturday evening by about 50 relatives and friends in honor of his 41st birthday and the 18th wedding anniversary of Mr. and Mrs. Hinsberger. Mr. Hinsberger received many presents beside being presented with a sideboard as a wedding present. Lunch was served by the hostess at midnight after a social time at cards and other games.

In Honor of Birthday.—Milton Arndt was surprised on his 13th birthday anniversary by a number of his friends at his home, 1239 Fifteenth street, Saturday. Games were played and the prizes were awarded to Raymond Hetter and Eugene Lundberg and refreshments were served. Milton received a number of useful presents.

Birthday Surprise party.—Friday afternoon Mrs. Allen Pratt of 616

Fourth avenue was pleasantly surprised by a number of her friends in honor of her birthday anniversary. The afternoon was spent most enjoyably by all and the hostess was presented with many gifts in honor of the occasion.

Annual W. C. T. U. Meeting.—The annual meeting of the Woman's Christian Temperance union will be held Tuesday afternoon at the home of Mrs. J. W. Stewart, 821 Nineteenth street. Election of officers will take place at that time.

TAFT'S WORLD TOUR.

Will Travel on Train de Luxe in Siberia.

L. J. Gareey, American manager of the International Sleeping Car company, which owns and operates the trains de luxe on the Transsiberian railroad, returned to New York the other day from Washington, where he had been to make arrangements with Brigadier General C. Edwards for Secretary Taft's journey from Vladivostok to St. Petersburg in the course of his world tour next November, says the New York Times. Mr. Gareey announced that this itinerary of the journey has been approved by the secretary of war.

Leave Seattle via steamship Minneapoli.....Sept. 10
Arrive Yokohama.....Sept. 25
Arrive Kobe.....Sept. 26
Arrive Nagasaki.....Oct. 4
Arrive Shanghai.....Oct. 4
Arrive Hongkong.....Oct. 11
Arrive Manila per transport Meo.....Oct. 14
Leave Manila.....Nov. 4
Arrive Vladivostok.....Nov. 12
Leave Vladivostok, train de luxe.....Nov. 12
Arrive Irkutsk.....Nov. 16
Arrive Moscow, stop two days.....Nov. 25
Arrive St. Petersburg, two days.....Nov. 26
Arrive Berlin, two days.....Nov. 29
Sail from Cherbourg Dec. 4 per North German Lloyd steamer for New York.

Mr. Gareey said that he had called to Paris, the headquarters of the International Sleeping Car company, and also to Vladivostok to reserve a special car for the use of Secretary Taft and his family.

The party will leave Vladivostok on Tuesday, Nov. 12, by special train de luxe, which is considered superior to the Russian state trains which run on other days in the week. The train will be made up of a diner, observation car and three sleepers which have seven two berth compartments and one three berth room, all opening off a corridor at the side of the car.

"Each compartment of the car which will be used by Secretary Taft," said Mr. Gareey, "contains a table, chair, reading lamp and lavatory. H. B. Darnell, our general agent in the far east, will accompany the train from Vladivostok to Moscow and see that the secretary's party has every attention. The only stop during the long ten days' ride will be at Irkutsk, the finest city in Siberia, which is situated forty miles from the southern extremity of Lake Baikal and 3,385 miles by rail from Moscow.

"The schedule of the Transsiberian railroad allows only two hours at Irkutsk for changing trains, but if Mr. Taft wishes to stop off and see something of Siberia his car can be sidetracked and attached to the next train. It will be quite cold in Irkutsk at the end of November, but the Russian hotels are well heated, and the climate of Siberia is very healthy. Irkutsk is the center of the Russo-Chinese tea trade, the capital of the governor generalship for eastern Siberia, and has a population of 60,000, including 5,000 exiles.

"The scenery along the Transsiberian railroad is very wild and interesting. It changes continually from rivers to lakes and mountains interspersed with rugged gorges and waterfalls. At the railroad stations the picturesque Cossack soldiers can be seen on their wily looking Siberian ponies.

"Special provisions, including fruits and vegetables of all kinds, will be put on board the train at different points, and everything possible will be done to make Mr. Taft's trip through Siberia as pleasant and interesting as possible.

"Russian railroad officials will receive instructions from St. Petersburg to look after the train and see that it gets through on time, as the secretary is to be the guest of the czar.

"So far the party consists of Mr. and Mrs. Taft, their nine-year-old son, Brigadier General Edwards, Private Secretary Frederick W. Carpenter and George Long, a war office messenger, who will accompany the party as general utility man."

Mr. Sarcey said that the date of the secretary's return to New York was tentatively scheduled for Dec. 10, but as he is to be the guest of the czar at St. Petersburg and of the kaiser at Berlin the departure from Cherbourg may be deferred to a later date.

Tokyo-Europe Daily Trains.
It is announced that before long a train de luxe will run daily from Tokyo to Europe and vice versa, says the Pall Mall Gazette. The Compagnie Internationale des Wagon Lits has received an order for the cars for the service, and the route selected for the mail and passenger service passes through Japan to Shimonsaki, thence by large ferry steamers to Fuson, in the south of Korea, through Korea to Mukden and Harbin, and thence through Siberia to Europe.

DeWitt's Carbollized Witch Hazel Salve is good for boils, burns, cuts, scalds and skin diseases. It is especially good for piles. Sold by all druggists.

MOLINE

Takes Milk Samples.—Eighteen samples of milk and cream for another test were collected Saturday from local dairymen by Dr. A. H. Arp, health commissioner. Some of the samples secured are from wagons which escaped the round-up in previous instances where the commissioner has sent officers out for samples. The tests were started in the afternoon. Dr. Arp is anxious for the passage of an ordinance requiring every dairyman to take out a license. He is in favor of making the license fee a nominal one—say \$1 a year—so that no hardship will be imposed on the milkmen. The ordinance is desired so that the authorities will be in touch with the men who are peddling milk in the city, and as this is about the only way they can be listed, there is every probability that the council will take the matter up and act favorably.

Was Oldest Molder.—Daniel E. Knowlton, the oldest molder in point of years in the twin-cities, died at 2:25 Saturday afternoon after an illness of many months with Bright's disease. Mr. Knowlton for many years was employed at the Barnard & Leas shops, but retired from active employment seven years ago. He was born in Crown Point, Essex county, N. Y., June 23, 1833. He settled in Wisconsin and from that state went out to war in the days of 1861 as a member of Company E, 1st Wisconsin heavy artillery. He served three years in the war. He was a member of Graham post. Mr. Knowlton came to Moline 30 years ago, and had lived here continuously since. He is survived by three children: Mrs. W. B. Kent, Asa, and Frank Knowlton; also by his brother, Francis Knowlton of Rockford; sisters, Mrs. Woodbury of Chicago, and Mrs. Sell of Nebraska.

Make No Settlement.—The striking boilermakers have not been able to settle with the railroad company in any particular and a leading boilermaker says that the strike has reached a serious stage. Friday afternoon a committee met the nonunion men who are working upon structural iron work and endeavored to get them to quit work, but they refused to comply with the request. They had previously informed the boilermakers that if they could be shown that they were in the wrong they would quit work.

Rooster Attacks Baby.—The 18-month-old child of Mr. and Mrs. Harry De Boisey of Silvis was the victim of an unusual attack by a rooster in the yard of the residence. The child was left alone among the chickens for a moment by its mother, and was viciously attacked by the fowl, which flew at the baby and plied its spurs about the head and face. The baby's head and cheeks were cut and one lip was gashed.

Hold Up a Boy.—Two hold-up men were again busy Friday night, attacking Lawrence Anderson, one of the Mail and Journal newspaper carriers. They were not very successful this time, for although one of the pair searched him, he missed \$3 which the boy had secreted in his cap, as he had suspected that two men who were following him were bent on holding him up.

THE MARKETS.

Chicago, Sept. 23.—Following are the market quotations today:

Wheat.	
September, 96 3/4, 96 1/2, 96 1/4, 96 1/8.	
December, 101 3/4, 101 1/2, 100 3/4, 100 1/8.	
May, 107 1/4, 107 1/8, 106 3/4, 106 1/8.	
Corn.	
September, 61 1/2, 62, 61 1/4, 61 1/8.	
December, 57 3/4, 58 1/4, 56 3/4, 56 1/8.	
May, 58 3/4, 59 1/4, 58, 58.	
Oats.	
September, 53 1/2, 53 1/4, 52 3/4, 52 1/4.	
December, 52 3/4, 52 1/2, 51 3/4, 51 1/4.	
May, 54 3/4, 54 1/4, 53 3/4, 53 1/8.	
Pork.	
October, 14.60, 14.40, 14.05.	
May, 15.20, 15.25, 15.10, 15.05.	
Lard.	
October, 8.97, 9.00, 8.97, 9.00.	
May, 8.65, 8.67, 8.62, 8.62.	
Ribs.	
October, 8.42, 8.45, 8.42, 8.42.	
January, 7.87, 7.92, 7.87, 7.87.	

Receipts today—Wheat 249, corn 1,270, oats 664, hogs 28,000, cattle 26,000, sheep 35,000.
Hog market opened weak to 10c lower. Hogs left over 1,500. Light 6.25@6.65, mixed and butchers 5.75@6.00, good heavy 5.50@6.45, rough heavy 5.50@5.80.
Cattle market opened steady. Beeves 4.00@7.15, cows and heifers 1.25@5.50, stockers and feeders 2.60@5.00.
Sheep market opened 10c lower.
Northwestern receipts—Minneapolis, today 291, last week 250, last year 256.
Duluth, today 284, last week 176, last year 337.
Export clearances—Wheat and flour 416,000, corn and oats, missing.
Visible supply of grain—Wheat increased 1,541,000, corn increased 980,000, oats increased 1,290,000.

LOCAL MARKET CONDITIONS.
Today's Quotations on Provisions, Live Stock, Feed and Fuel.
Rock Island, Sept. 23.—Following are

the wholesale quotations on the market today:

Provisions and Produce.	
Live Poultry—Spring chickens 12 1/2c per lb; hens, per lb., 8c to 9c; ducks, per pound, 9 to 10c; turkeys, per pound, 14c to 15c; geese, per pound, 9 to 10c.	
Butter—Dairy, 20 to 22c.	
Lard—10c to 11c.	
Eggs—Fresh, 17@18.	
Vegetables—Potatoes, 60c; onions, 60c.	
Live Stock.	
Hogs—\$5.50@6.25.	
Sheep—Yearlings or over, \$4.00 to \$5.75; lambs, \$4.50 to \$6.75.	
Cattle—Steers, \$2.50 to \$5.00; cows and heifers, \$2 to \$4.00; calves, \$1.50 to \$6.00.	
Feed and Fuel.	
Grain—Corn, 60c; oats, 45c.	
Forage—Timothy, \$10@12; prairie \$9@12; new, \$8@10; clover, \$10@12; straw, \$6@8.	
Wood—Hard, per load, \$5 to \$5.50.	
Coal—Lump, bushel, 13 to 14c; slack per bushel, 7 to 8c.	

IMPORTANT SCIENTIFIC DISCOVERY.

A Clinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction—it is Newbro's Herpicide, a preparation that prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff is the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you will remove the effect." Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide company, Detroit, Mich. T. H. Thomas, special agent.

Kodol for Indigestion and Dyspepsia, a combination of natural digestants and vegetable acids, digests the food itself and gives strength and health to the stomach. Pleasant to take. Sold by all druggists.

American Surety Company of New York

is the largest Company in the world whose sole business it is to furnish Suretyship Bonds.

It does not engage in bank or trust business, but limits all its operations to the broad field of Suretyship.

This limitation, with its large capital and surplus of \$4,800,000, makes its signature on a bond far stronger than any personal security that can be offered.

The fact that the American Bankers' Association have selected this Company as the sole guarantor of the money orders now being issued with their leading financiers of the country.

When required to give security, whether in the shape of a fidelity, official, court, contract, probate or license bond, apply to AMERICAN SURETY CO. OF NEW YORK. Capital and Surplus \$4,800,000.

Ludolph & Reynolds, Attys., Buffalo block; Wm. C. Mauker, Agt., Masonic temple. Wm. R. Moore, Agt., Chase block, Moline; John A. Goodmannson, Agt., 1422 Fifth Ave., Moline, Ill.

Rock Island's Smart Set

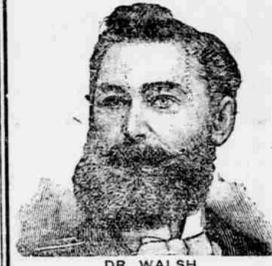

Can make no mistake by placing an order with me for their fall clothing.

I know exactly what the fall and winter styles will be; therefore it is to your advantage to come to me for your suit, overcoat, fancy vest, or extra trousers.

I use only the finest materials and employ expert tailors; besides, every garment is made under my personal directions.

Wm. Duguid,
Fashionable Tailor
1823 Second Avenue.

MEN

DR. WALSH

For 15 years the most successful specialist in diseases of men.

Thirteen years ago, when we established our institute here, we told you through the columns of this paper that we were going to be a permanent institution. We also told you that we fully understood that in order to be successful, we had to live up to the Golden Rule, and give every one a square deal. We fully understood that if we could not do what we advertised that we could not do at all, as in towns of this size failures spread fast. This announcement that we are still with you is proof of our success, and nothing succeeds like success. Success is the true measure of merit.

We were successful in every sense of the word. In fact, our success has been so phenomenal that some say we are naturally lucky. Yes, lucky in having the knowledge and skill to do all we claimed, but it took years of hard work and study to get that knowledge and skill. It is easy for us now; we could not make a botch of your case if we wanted to. We know the best and surest way and have had so much experience that the successful way is the most natural way to us. Our 13 years of success entitles us to the business of every man who does business in a business way.

MEN
You take no risk whether you come one mile or ten thousand miles. You are sure to find one or more of three Dr. Walshs at our institute. Remember, we use no substitutes or assistants. Let our success of 13 years in Davenport give you renewed hope. All we ask is that if you are suffering from any disease or weakness is to come and receive a free consultation from us before placing your case.

MEN
When in doubt, come to us. When others fail, come to us. When you feel hopeless, come to us. Don't think on account of our great success you can't afford to treat with us. Just come, and if we can cure you our charges won't prevent you from reaping the benefit of our skill.

MEN
Remember the name Dr. Walsh means something to you. It means health and vigor for you if you have not delayed too long. While we have cured many cases that were given up as hopeless as never told that there was no relief for them this side of the grave, we have never given any false hope or promised anything that our experience caused us to believe was impossible. While our treatment is entirely different from others it gives wonderfully quick relief, it is always easy to take and does not leave any bad after effects.

MEN
Try Dr. Walsh's Cure for diseases of the brain and nervous system. Mental depression, brain fog, loss of vigor, broken down mentally or physically, dizziness, headache, despondency, nervous tremors or spasms, loss of memory, lack of hope, inability to concentrate your mind. Wild, delirious dreams, sleeplessness, excessive irritability with or without brain storms or uncontrollable outburst of temper.

MEN
Try Dr. Walsh's Cure for Skin Diseases. Tainted blood, eczema, ulcers, pimples, barbers' itch, black heads, blotchy, yellow, brown or mucky complexion.

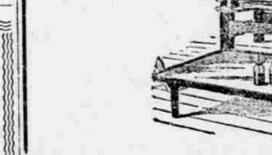

MEN
Try Dr. Walsh's Cure for diseases of the stomach, liver, and intestines, dyspepsia, indigestion, sour, catarrhal or ulcerated stomach, congested, inactive, sluggish or hardened liver, bloating, fermentation or griping pains in the intestines.

MEN
Try Dr. Walsh's cure for kidney and bladder diseases, rheumatic or gouty pains or enlargement of the joints, dropsy, (Bright's disease or diabetes in the early stages), backache or burning in the urethral canal, retention of urine or too frequent desire, foul, brickdust or unnatural urine or any other disease, don't matter what the cause.

MEN
Try Dr. Walsh's Cure for Heart Diseases, irregular heart, weak heart, palpitating heart, asthmatic heart.

MEN
Try Dr. Walsh's Cure for Special Diseases of Men. Remember we were the first specialists in the world to advertise our discovery that varicocele was the most active cause of weakness in men, also (as the files of the newspapers will show) we were the first to discover a painless, bloodless radical cure for varicocele and let us say right here that ours is the only radical cure without being bed ridden in existence.

Try Dr. Walsh's No-Risk Cure for Varicocele, come to our office, leave in an hour with the varicocele removed, keep your money in your pocket until you see it is removed. You take no risk with us—don't take any at any other place. Don't let a few hundred miles stop you from taking our cure.

MEN
If you don't come to the right place now it is because you are careless or indifferent. You probably tried the nearest doctor in hopes he might cure you, or you tried some remedy that the advertisement read plausible or flowery but you did not investigate. If you only know the number of improperly treated cases I meet in a year you would investigate and be sure you were right before you started.

See our new gigantic Static X-Ray machine. It is a wonder. We use all forms of electricity, vibration and violet rays. Call and see a thoroughly equipped institute. Consultation, inspection and examination free and cheerfully given.

ARBUCKLE BROS., New York City.

S.S.S. CURES CHRONIC ULCERS

Chronic Ulcers are the result of a deeply polluted and foul blood supply. The blood is filled with impurities and germs which are being constantly fed into the place through the circulation, until all the surrounding flesh becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an old ulcer suggests pollution; the discharge, the red, angry looking flesh, the inflammation and discoloration of surrounding parts, all show that the ulcer is prevented from healing by the constant drainage through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease, or the effects of a long spell of sickness, leaving disease germs in the system, or the absorption of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so weakened and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore or ulcer clean, relieve pain, and perhaps reduce inflammation, but can never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain-head of the trouble, drives out all poisons and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing reaches inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an old sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.
