

Don't Let The Watchman Sleep

The liver is the watchman of the body. So long as it keeps actively at work, there is little danger from bilious attacks or other disorders that follow a torpid liver. Don't let it lag—don't let it go to sleep. At the first signs of a lazy, drowsy liver, take

Beecham's Pills

the best remedy ever discovered for keeping the bile regulated. There is no other medicine like them for muddy complexion, dull eyes, constipation, stomach troubles, sick headache, dizziness and general debility. Beecham's Pills promptly carry all poisonous matter from the system, act quickly on the bile and are a grand old remedy to

AERIAL CARNIVAL

Many Experts in the Art of Flying Will Compete in Industrial Cup Race.

CONTEST HELD AT ST. LOUIS

Double Row of Open Wire Fences Will Prevent Interference with Starting of Balloons.

Arrangements for the aerial carnival at St. Louis, the principal feature of which will be the contest for the international cup during the week beginning Monday, Oct. 21, are nearly complete, and the men in charge predict that the event will be the greatest and most successful in the history of the International Aeronautic federation, says a St. Louis special dispatch to the New York Herald. Experts in aerial navigation from many parts of the world are entered in the international race for the cup, and there will be numerous special attractions. The board of directors of the Aero Club of America, the organization which represents the international federation in the United States, has made extensive plans for the care of the visitors, and the reception committee includes representative men of the United States.

The roster in part is Courtland Field Bishop, chairman; Patrick Y. Alexander, Colonel John Jacob Astor, Dr. Alexander Graham Bell, O. H. P. Belmont, John E. Borne, James L. Broese, Alfred N. Chandler, Captain C. De F. Chandler, Octave Canute, Charles G. Gates, Charles J. Giddens, Peter Cooper Hewitt and Frank S. Lahm.

Many members of the Aero Club of America will attend. A big delegation already has made preparations to leave New York on Thursday, Oct. 17, and has engaged headquarters for the club at the Hotel Jefferson. Locally the Aero club of St. Louis and the Business Men's league are pushing preparations for the international race and the other aerial events. Permission has been obtained to inclose the grounds from which the balloons will be started at Forest park, the site of the world's fair of 1904.

There will be a double row of fences, one ten feet inside the other. Both will be of open wire, so as not to obstruct the view of the public. The ten foot space between the two rows will be thoroughly policed. The two rows were deemed advisable so that if by chance the crowd should break through the outer fence it could be checked before getting by the inner one.

The people of St. Louis have had to guarantee to the contestants that the inclosures shall be kept clear and that there shall be no interference with the starting of the balloons. A balloon must have plenty of space to rise, and it is impossible to keep the crowds away without erecting fences. Not only would a crowd around the balloon make an ascension impossible, but it would endanger lives, as many persons are apt to smoke and even light matches near the immense bag of gas. The gaslight company also has been granted permits for the laying of necessary gas mains. The company is experimenting, and it expects to supply a quality of coal gas with remarkable ascensional power.

The Business Men's league has obtained a permit and let a contract for an immense grand stand. L. D. Dier, president of the Aero club of St. Louis, who spent several days in New York recently in conference with members of the Aero Club of America, has returned. He will give his immediate attention to pushing all necessary preparations. The aerial meeting is expected to last a week. There are

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol for Dyspepsia. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it. Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weakness, and become diseased.

Kodol For Dyspepsia

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol relieves indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Relieves indigestion, sour stomach, belching of gas, etc. Prepared at the Laboratory of E. B. White & Co., Chicago, U.S.A.

SOLD BY ALL DRUGGISTS.

really five separate events—the international balloon race, the airship and dirigible balloon contest, gasless flying machines and attempts by various aeronauts to win the lap by covering a greater distance than 402 miles in a balloon.

Coming to Make Experiments. S. P. Ferguson is coming on to make experiments with small balloons for Professor A. Lawrence Rotch, director of the Blue Hill Meteorological observatory and professor of meteorology at Harvard university. Mr. Ferguson conducted the experiments made at St. Louis during the world's fair under the direction of Professor Rotch. The balloons are sent up with self-registering instruments in them to ascertain conditions that would be of interest and service to those who are to take part in the aerial contests.

One of the entrants in the dirigible balloon contests is Cromwell Dixon, fourteen years old, of Columbus, O. Young Dixon guides his airship with a bicycle. He has made several difficult flights. Carl Meckle of Elberfeld, Germany, will be one of the three German contestants in the international race, taking the place of Baron von Heward. Meckle won the big Dusseldorf balloon race on June 8. Oscar Erbstock, another German, won the race at Brussels a few days ago in conjunction with the international aeronautic congress session. He traveled 620 miles. Captain Abercron, the third German, also has won some big races.

Special Taxation Notice.

Notice is hereby given to all interested, that the city council of the city of Rock Island, having ordered that an improvement of Twenty-fifth street be made from the south line of Fifth avenue to the north line of Seventh avenue by grading, curbing, draining and paving with brick, the ordinance for the same being on file in the office of the city clerk of said city, and the said city having applied to the County Court of Rock Island County, in the state of Illinois, for an assessment of the costs of said improvement by special taxation upon the lots and tracts of land fronting upon said proposed improvements. And an assessment thereof having been made and returned to said court, the final hearing thereon will be had on the 18th day of October, A. D. 1907, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day, and may appear on the hearing and make their defense.

The assessment is payable in 10 installments. All installments except the first shall bear interest at the rate of 5 per cent per annum, from and after the date of issuance of first certificate for work until paid.

Dated at Rock Island, Illinois, this 3d day of October, A. D. 1907.

HERMAN HANSON, Commissioner appointed to make assessment.

Special Taxation Notice.

Notice is hereby given to all interested, that the city council of the city of Rock Island, having ordered that an improvement of Twenty-fifth street be made from the south line of Seventh avenue to the north line of Ninth avenue by grading, curbing, draining and paving with brick, the ordinance for the same being on file in the office of the city clerk of said city, and the said city having applied to the County Court of Rock Island County, in the state of Illinois, for an assessment of the costs of said improvement by special taxation upon the lots and tracts of land fronting upon said proposed improvements. His Dear Old Mother.

"My dear old mother, who is now 83 years old, thrives on Electric Bitters," writes W. B. Brunson of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50 cents.

Afflicted with Sore Eyes for 33 Years.

I have been afflicted with sore eyes for 33 years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earls, Cynthia, Ky. Chamberlain's Salve is for sale by all druggists.

Take something now and then to help the stomach. Kodol will do this. It is a combination of natural digestants and vegetable acids and contains the same juices found in a healthy stomach. It is pleasant to take. It digests what you eat. Sold by all druggists.

Is Successful Southern Play.—One of the most successful southern plays, "Tempest and Sunshine," will be seen at the Illinois matinee and night, Sunday, Oct. 13. "Tempest and Sunshine" is played by one of the highest salaried companies playing on local stages, consequently the production will be something worth seeing. "Tempest" and "Sunshine" are two beautiful southern girls. The former having an uncontrollable temper and always taking pleasure in making trouble for others, and the latter, just the opposite of her sister, gentle and patient, and trying to undo the trouble her sister has caused. A love story is woven throughout the play.

One on Bernard Daly.—A Battle Creek newspaper prints the following which is of interest here because the hero will be seen here at the Illinois, Oct. 21: "For the last six days John Ritchie, who is half owner of the 'Kerry Gow' company, and who also acts in the capacity of first advance manager for the aggregation, has been living in Battle Creek, and he is as full of funny stories as a nut is full of meat. He tells this one on Bernard Daly. Last June, Bernard Daly, the comedian, took ship at New York and sailed over to Ireland to visit the homes of his ancestors, meet his living relatives, kiss the blarney stone and go through a variety of stunts that are dear to hearts of all Irishmen. Well the first day Daly arrived at Cork he told the landlord 'he wanted a jaunting car at 8 a. m. the next morning to take him about 15 miles into the country as he wished to visit a cousin. At the appointed hour the jaunting car drove up to the hotel and Daly jumped in. To call the horse a 'plug' would have been flattery—it had one of those remarkable gaits, a cross between a canter, a trot and a lope, and it hobbled along at about a two miles and a quarter to the hour clip. Now Bernard Daly is a very patient man, waiting for trains, making one night stands has thoroughly imbued him with the truth that 'patience is a virtue'—but even his patience gets exhausted sometimes, so at last he summoned up the courage to remark to the driver: 'Pat,' said he, 'they told me in America that you only drove blooded horses in Ireland.' 'Sure, an' so we do, yer honor,' replied Pat; 'and this is the bloodiest one in the whole country.'"

Rate Handicap to Minstrels.—A Washington dispatch says a serious handicap has been placed upon burnt cork minstrelsy by the railroads of the country, according to a complaint filed with the interstate commerce commission by the A. G. Fields minstrel company. Brer Bones asserts that rates in the southern territory formerly were fair and reasonable, but that they have become unfair and unreasonable, much to the prejudice of his business. He urges the interstate commerce commission to investigate.

Tonight's Bill at Illinois.—The Van Dyke & Eaton company will present "A Human Slave" at the Illinois to-

S.S.S. CURES SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease. Special book on Skin Diseases and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Town Lot Sales at Hettinger, N. Dak.

THE OPENING SALE OF LOTS IN THE NEW TOWN OF HETTINGER, NORTH DAKOTA, WILL TAKE PLACE ON THURSDAY OCTOBER 24, 1907. THE SALE AT BOWMAN, NORTH DAKOTA, WILL BE HELD LATER. THESE TOWNS ARE A LITTLE OVER A HUNDRED MILES WEST OF THE MISSOURI RIVER, ON THE PACIFIC COAST EXTENSION OF THE
