# CATARRH DESTROYED MY APPETITE.

PERUNA rarely fails to restore the appetite. Immediately upon beginning the use of Peruna patients begin to eat and digest. This is the universal testimony, coming from all parts of the civilized world.

Catarrh is a very frequent cause of loss of appetite and disturbed digestion. The beneficial influence of Peruna on catarrh completely restores the appetite in such cases.

To prod the digestive organs with medicines that are merely stimulants is a poor way to remedy such cases.

"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectively and restored my appetite. My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery." —Mr. Joseph H. Conlan.

### Removed Catarrh, Restored Appetite.

Mr. Joseph H. Conlan, 487 7th Ave., Brooklyn, N. Y., writes: "I suffered from catarrh which completely destroyed my appetite and weakened my entire system."

"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectively and restored my appetite."

"My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery."

**Torpid Liver, Stomach Trouble.**

Mr. James O'Byrne, 626 Madison St., Topeka, Kas., conductor Sante Fe Railway and member Order of Railway Conductors, writes:

"I suffered with a torpid liver and stomach trouble, which made my complexion very sallow, and I felt miserable and tired all the time."

"An aunt wrote me that she was taking Peruna with such good results that she advised me to try it, and I finally bought a bottle, although I disliked to take patent medicines."

"However, I found Peruna very agreeable to take, and effective, as I felt better in a week. I took only five bottles in all and I found that was all I needed."

"I am most grateful to you for what your medicine has done for me."

**Dysentery Entirely Relieved.**

Mr. W. N. Casey, Leamington, Ill., writes:

"In two weeks after beginning your treatment I was well. I used nine bot-

ties of Peruna. My case was bowel trouble or dysentery."

"I also tried Peruna for a cough, according to directions, and it exceeds any cough syrup I ever used."

"I wish every one afflicted would give Peruna a trial."

**Pe-ru-na as a Tonic.**

Capt. R. B. Smith, Greensboro, Ga., writes:

"After using several bottles of Peruna I can recommend it as one of the best catarrh medicines on the market. As a tonic it has no equal."

"Peruna is all that is claimed for it."

**Catarrh of Stomach.**

Mr. Henry Neely, First Lieutenant, Co. "F," 86th Regiment, O. V. I., Box 623, Trenton, Mo., writes: "I suffered for years with catarrh of the stomach. Seeing an advertisement of Peruna, I bought a bottle and every dose made me feel better. Seven bottles completely cured me."

# Judge Gest Not Endorsed by the Rock Island County Bar

To the Voters of the Fourteenth Judicial Circuit of Illinois:

There has been and is now being quite generally mailed and published, throughout this circuit, a circular letter, signed by William Jackson and five other persons who have styled themselves "Executive Committee," and which has created the mistaken impression that the Bar of Rock Island County has, in some official manner, endorsed the candidacy of Judge William H. Gest, thereby expressing their common disapproval of all other candidates for the same office.

The Bar Association of Rock Island County has no such "Executive Committee," and has authorized no such endorsement.

It should be known that the Bar Association of Rock Island County consists of over forty active lawyers, and that the undersigned, members of that organization, without regard to party affiliation, feel that, irrespective of the merits of any of the several candidates from Rock Island County and of their respective claims to the support of the people of the circuit, the unwarranted action of this pretended "Executive Committee," numbering only six, should not be taken by the public as an expression of this Bar.
