

The Girl Problem Solved

This Surprised Housewife Lives in This City.

She advertised in The Argus Classified Columns for a maid to do general housework, and the result has made her one of the happiest of women.

The new girl the Want Ad brought her has wrought the miracle. Every piece of work the new girl took hold of was accomplished in the most thorough manner, and we have gained one more firm believer in the efficiency of The Argus Classified Columns.

This is just one of the many branches in which Argus Want Ads bring satisfactory results. Anything you want you can obtain through these ads. Anything which you have and do not want you can readily dispose of.

There is a position for everybody from the office boy to the manager—from the butler to the lady's maid. There is a market for everything you have to buy or sell.

Argus "Want Ads" are Brokers in Everything.

RATES: One cent per word under any head, except medical and clairvoyant, for the first three insertions; one-half cent per word for each additional insertion thereafter. No ad taken for less than 20 cents first insertion. Display rates for ad on application.

What "Derough" Signifies. The word "derough" by Saxon stood for "castle," hence towns anciently created in the vicinity of castles for their protection had this name conferred upon them, and the soldiers who garrisoned these towns were called "burghers" so the inhabitants of these towns received the same name. These also being formed into a community, the constitution formed for their regular government was denominated the burgh laws.
