Baptists of Illinois Planning
Record Breaking Gather-
ing at Galesburg.

OUTLINING THE PROGRAM

Some of the Strongest Speakers in
the Church to Be Secured—
Takes Place in October.

The next Baptist state convention is to be held in Galesburg Oct. 18 to 21. It is announced that plans are under way for one of the strongest programs the state convention has ever held. The first hour of each day will be a devotional hour led by strong men who are capable of making it a great inspiration of the convention. Already several of the ablest men of the denomination have been engaged to speak at the convention. Such men as Dr. C. R. Henderson of the University of Chicago, Dr. M. D. Eubanks of Kansas City, acting secretary of the Missionary union, Dr. H. L. Morehouse of New York, secretary of the American Baptist Home Mission society, Dr. C. E. Bittling of St. Louis, and several other prominent men of the denomination are expected there.

Laymen's Day Thursday.
One special feature of the convention will be the laymen's day on Thursday, Oct. 21. An attempt will be made to rally the laymen from all parts of the state. There will be two sessions in the afternoon, one for women and another for men. At the close of the afternoon meeting the citizens of Galesburg will unite in giving the delegates a trip over the city. Then at 5:30 there will be a banquet for laymen. At this banquet one of the ablest speakers who can be secured will talk on the men's forward missionary movement.

It is expected that there will be from 400 to 500 delegates in attendance at the convention. It promises to be one of the greatest meetings ever held by the Baptists of Illinois.

Frail Women Aided Free

The woman who is by nature not robust cannot be too careful of her health. The foundation of all health is in the stomach. Without good digestion the body is not nourished, and then soon becomes feeble and weak. In order to have good digestion regular bowel movement is absolutely necessary, and it is at this point that so many women neglect themselves.

In any of these conditions you cannot do better than to take Dr. Caldwell's Syrup Pepsin. The remedy that thousands of delicate women are using. It is the great family laxative, and in addition to its wonderful power to cure chronic constipation and chronic indigestion, it contains tonic properties that strengthen the stomach muscles so that in time they will work naturally again without the aid of medicine.

Any druggist will sell you a bottle for the small sum of 50 cents, though persons who have used the remedy before and know what it is buy the \$1 size. Mrs. Amanda Brannan, of Alvarado, Va., who is 68 and feeble, uses it regularly and speaks in the highest praise of it. Esther Pine, of Marion, Ind., is also an enthusiast of this wonderful remedy and she wished she had the fortune to tell the whole world about it. Both these ladies, as well as hundreds of others we could name, first became acquainted with Dr. Caldwell's Syrup Pepsin through the doctor's offer to send any sufferer a free test bottle direct to the home.

He will send you or any other sufferer a sample bottle free of charge on receipt of your name and address. It is wonderfully effective in the stomach troubles of children and babies, girls entering the period of menstruation and old folks, all of whom need a gentle laxative.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 205 Caldwell bldg., Monticello, Ill.

Cool Shirts, Cool Underwear, Cool Hats, Cool Toggery at Comfortable Prices

WHEN in the course of human events the two important questions—what to eat and what to wear—confront us, our first impulse is to eat that which seems best to the taste and wear that which seems most pleasing to the eye.

It has been proven conclusively that that which seems most pleasing to the taste is oftentimes detrimental to our best interests, and that which seems most pleasing to the eye we have found to be a cheat—not at all what it appeared to be.

In this day and age of expert imitation it behooves the prospective clothes buyer to look beneath the surface of things and note carefully every detail that goes to make a perfect garment.

The good clothes question of today is equally as much one of fit and appearance as it is of honest value—good workmanship.

Oftentimes we see garments made of what appears to be all wool material—that fit right and to all appearances are good clothes when in reality the material is a cotton cheat—the workmanship an imposition on the purchaser and dissatisfaction to the wearer.

When you come to the M. & K. for a suit you don't need to worry about the material, the workmanship or the rightness of the clothes that are here for your choosing—we offer you absolute security in clothes buying. We positively guarantee that when you pay \$15, \$20, \$25 or \$30 for a suit, to give you the very best value possible to get—your profit is always just as much if not more than ours. Good clothes, the only kind you want to buy, is the only kind we have to sell.

BRING THE BOYS HERE

The splendid values we're giving in our boys' department are self-evident—you can't make a mistake—our vacation suits at \$3.95, \$4.85 and \$5.85 are the best we could find and we know you can't match them elsewhere.
