

# SCIENCE OF CHRISTIANITY

William D. McCracken Lectures on the Eddy Faith at the Illinois Theater.

## LARGE AUDIENCE HEARS HIM

Interestingly Lays Before His Listeners Tenets and Practicableness of Creed.

The lecture on Christian Science last evening by William D. McCracken, A. M., O. S. B., attracted a filled house to the Illinois theater. Mr. McCracken is a member of the board of lecturership of the First Church of Christ, Scientist, Boston. He is an easy, graceful and forceful speaker, and his treatment of his subject impressed all who heard him. He was introduced by John K. Scott.

Mr. McCracken spoke in part as follows:

"The message of Christian Science is simple and straightforward and responds to a universal need. It is not easily treated as an academic theme, nor is it, strictly speaking, a debatable question, because it provides the proofs of its own correctness day by day and hour by hour, and these proofs are final and convincing. Christian Science does more than preach: it fulfills. While it arouses the noblest aspirations and expectations of mankind, it also justifies its teachings by definite results.

### Comes to Fallen.

"Like the good Samaritan, it comes to those who have fallen among thieves, whom false concepts have robbed of health and happiness, whom material methods have passed by on the other side, and pours in their wounds the oil and wine of gladness and inspiration, takes them to the inn of shelter and leaves them with the coin of priceless value which will insure their complete recovery and, in time, their complete salvation.

"Since Mrs. Eddy's discovery of Christian Science the healing of Jesus' time has been restated, in accordance with His unmistakable injunction to His followers, and today hundreds of thousands of men, women and children in all portions of the globe rise to bless the good and brave woman to whom they owe health and happiness.

### Discovery Due to Accident.

"Her quick recovery from the result of an accident, through the revelation of the spiritual meaning of the bible, led to her discovery of Christian Science in 1866. In 1875 followed the publication of her epoch-making work, the Christian Science text-book, 'Science and Health With Key to the Scriptures,' now widely distributed among the civilized nations of the earth.

"Mrs. Eddy has been the active leader of the Christian Science movement from its inception and continues to mold its growth and development along the lines of the greatest usefulness to mankind.

"The very first benefit which Christian Science confers upon mankind is to prove that there is hope for all. It reassures even those who have been

made to consider themselves lost or incurable.

### Instructs in True Faith.

"Christian Science gives ground for this natural hope, but it does more than that. It instructs man in the rudiments of true faith and shows him why this hope of salvation is justified by metaphysical facts. Faith then readily ripens into understanding as the student makes practical application of the letter."

## THE WEATHER

Partly cloudy tonight and Sunday; colder Sunday. The temperature tonight will remain above the freezing point.

Temperature at 7 a. m., 47; maximum in 24 hours, 54; minimum, 47. Precipitation in 24 hours, none. Wind velocity at 7 a. m., 6 miles. Relative humidity, last evening 55, this morning 81.

## The Vantine Demonstration

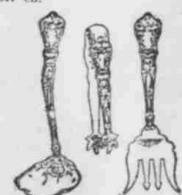

The many ladies who have called at the Vantine 10th, Main Aisle, Third Avenue Entrance, have own much appreciation of the Vantine toilet preparations. Miss Ames tells much that is new—in the use of these articles. The Gelscha Greaseless Cream is almost too well known to need an introduction. Learn the many practical uses of the Vantine Oriental Incense. The Oriental Pearl Tooth Powder is the most refined dentifrice. The Sandalwood soaps are almost a toilet necessity. Vantine's toilet waters with rare Oriental fragrance are most lasting. There is a long list which Miss Ames is here to explain and demonstrate. Many of the packages in Christmas form and make very choice and acceptable gifts. One week more of this unusual Vantine demonstration.

### The First Step Counts

especially when you are saving money. If you are a married man, it is doubly important that you give this question of saving your most earnest consideration. Abandon the careless attitude of the easy optimist, who expects everything to be well tomorrow simply because it is well today. Adapt that belief in provision for the future which is incumbent on every man with a wife and children. Start a savings account at our bank. One dollar will do.

4 Per Cent Paid on Deposits

matter, and there is every reason why we should not have had anything to do with it. We know nothing about it until the day when it was publicly announced."
