—East Aisle

MINES AT GALVA SOON WILL BE OUT OF BUSINESS

Galva, Henry county, which was formerly a great coal mining and shipping center, like Coal Valley and Cable, will soon be getting even its own supply of coal from outside

sources. Many shafts have been operated at one time or another, in the vicinity of that town, but April 1 the last one of these will be closed, when the Atlas Coal company goes out of business.

The Herdian Coal company, of which Peter Herdian was the head,

was the pioneer coal mining concern of the region. It began in 1880 when prospects were exceedingly bright for this industry. From 1880 till 1885 the business was very heavy, and all through the decade of 1880 to 1890 it was good, but since that time there has been a gradual failure which it

was realized would lead sooner or later to complete abandonment of the mines.

In 1884 and 1885 the company operated three or four shafts and employed about 200 men. From 1880 to 1890 it was common for the company to ship 10 to 15 cars of coal daily.

The Atlas Coal company, which was organized in 1890, has worked about 20 shafts and the old Herdian company exhausted about 10 mines, making a total of about 35 mines which have been worked within a radius of two miles of Galva. From a total of 200 miners who once were employed

there, the industry has decreased to where only 30 men are employed.

Rheumatism Cured in a Day. Dr. Detchon's Relief for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious.

It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents and \$1. Sold by Otto Grotjan, 1501 Second avenue, Rock Island; Gust Schlegel & Son, 229 West Second street, Davenport.
