## HIT EXPRESS COMPANIES

Various Interests Said to Complain of Excessive Charges.

Washington, May 18.—Information has reached the interstate com-

merce commission that individuals and commercial organizations throughout the country expect in the near future to institute complaints against the express companies, alleging excessive extortionate charges

for the transportation of express materials. Informally the commission has been sounded on the subject, but no intimation of its position, if it has assumed a position, has been given. The only statement that has been

made to anybody with regard to the matter is that the commission will not be able to undertake an inquiry into the matter until next autumn, after the end of the summer recess of the commission.

An inquiry into the general express rates of the country is likely to consume much time, and if the inquiry should be instituted it probably will be a year at least before a conclusion is reached.

Stuttering Divorce Ground. Paterson, N. J., May 18.—A Paterson woman has brought suit for divorce on the ground that her husband's "excessive stuttering" makes life with him unbearable.

Heads Engineers' Auxiliary. Detroit, May 18.—Mrs. George W. Wilson of Allegheny, Pa., has been elected president of the Grand International Auxiliary of the Brotherhood of Locomotive Engineers.
