

## REVOLVER DRAWN ON AUTO VISITORS

Arthur Caldwell, Rural Carrier,  
Gives a Roadside  
Preachment.

### IS CHARGED WITH ASSAULT

W. J. Graham, Former State's Attorney  
of Mercer County, Filed  
a Complaint Here

Information was filed in the county court this afternoon by State's Attorney L. M. Magill, charging Arthur Caldwell, a rural route mail carrier of Milan, with assault with a deadly weapon. Wednesday afternoon Caldwell is alleged to have held up three autoists at the point of a gun and given them a severe tongue-lashing when there was no occasion for it at all.

W. J. Graham, former state's attorney of Mercer county, whose home is at Aledo, visited Rock Island Wednesday in his automobile, bringing with him his sister and another lady. On their return to Aledo they met Caldwell at a point about four miles out of Milan. They claim to have given Caldwell almost the entire road when they saw that his horse had become frightened at the machine, but this apparently did not satisfy Caldwell.

#### Ordered Out of Machine.

When he had driven the horse past the machine, Caldwell jumped from his rig, drew a revolver and ordered Mr. Graham and the ladies out of the auto. He lectured them upon the rights which men driving horses have over those who are fortunate enough to have machines, and then he allowed them to proceed. The ladies were badly frightened.

### THE LOST CAR.

Lying one day 'neath the auto,  
Sweating and soaked with oil,  
I worked at a cranky engine,  
And my only reward was the toll.  
I know not what I was saying,  
As I tinkered and wrenched and tore;  
I doubt not 'twas something quite saving—  
It may be I even swore.

My patience gave out on that engine;  
With the spanner I gave it a thump.  
That jarred loose some thingamajinkus  
And started it up at a jump.

Before one could twinkle an eyelid—  
Before there was time for surprise—  
That car tore away down the highway,  
And I lay glaring up at the skies.

I sprang up, and madly I followed,  
But soon gave it up in disgust,  
For that runaway car quickly vanished  
In a thick, swirling cyclone of dust.

I sought it in byways and hedges,  
In highway and busy street,  
And though I made thorough inquiries,  
With never a trace did I meet.

Perhaps in some future existence,  
In worlds far beyond mortals' ken,  
I shall once more make search for that  
auto.

But I doubt if I find it then.

### A MOUNTAIN CLIMBER

Gains 12 Pounds on Change of Food.  
When a change in food can rebuild a man 77 years of age, it is evidence that there is some value in a knowledge that can discriminate in the selection of proper food to rebuild the body. A physician attending a California man 77 years old told him that death from old age would soon claim him. He suffered from general weakness and debility.

An old lady advised him to quit coffee and drink Postum and eat Grape-Nuts food every morning. He took the advice and has gained 12 pounds. Says he is as well as he ever was, and can take long trips in the mountains, which he had been unable to do for a long time.

There is a reason for this. In the first place, coffee acts as a direct nerve destroyer on many highly organized people, both young and old, and many people haven't the knowledge to select nourishing, healthful, rebuilding food. Both Postum and Grape-Nuts are made from selected parts of the field grains that contain delicate particles of phosphate of potash and albumen. These two elements combine in the human body to quickly rebuild the gray matter in the brain and in the nerve centers throughout the body.

Direct, sure and certain results come from their use and can be proven by any person who cares to make the trial. Read "The Road to Wellville," found in packages. "There's a reason."

## INJURED IN WRECK

Arthur Gotthardt of This City  
Victim of Derailment on  
Alton Road.

### ON THE WAY TO ST. LOUIS

One of 13 Passengers to Suffer from  
Accident—Condition is Not Considered Serious.

Arthur Gotthardt of this city was injured in a wreck on the Chicago & Alton road at Carlinville yesterday afternoon, being bruised in the groin. According to a telephone message received by his brother, William Gotthardt, his condition is not serious, no bones being broken.

The injured man, who is a plasterer and makes his home with his sister, Mrs. William Heuck, 1106 Fourth street, left here yesterday on his way to St. Louis in search of work. He is one of 13 injured in the derailment of the Prairie State express of the C. & A. According to press dispatches the train was running 40 minutes late and at a high rate of speed when the trucks of the tender left the track and tipped over. The other cars in the train followed the tender, and each one left the rails and tipped over back to the parlor car and the engine were all that were left standing after the accident.

Dug Into Soft Ground.  
Beside the track where the wreck occurred the ground is soft and level. The cars dug deep into this and this, it is believed, saved many lives. The track was torn up for about 700 feet. An accommodation train, waiting in Carlinville for the arrival of the train that was wrecked, was sent to the scene and took the injured and other passengers to that place, where medical treatment was given them. The

few with broken bones were being cared for there and the less seriously injured were sent on to their destination. Mr. Gotthardt is expected to return home.

### SHOWER HERE LAST NIGHT

Traces of it Hard to Find this Morning, However.

It rained early this morning, one of those slippery, elusive showers that merely tantalize when the weather is dry. The local nature of it is shown by the fact that it did not reach the federal building in Davenport, where the official observations for this district are made, and so the report today says there was no precipitation in the last 24 hours. At some places in Rock Island the dust was fairly laid, while elsewhere there was hardly a drop.

### ONLY ELEVEN CARS LEFT

Chalmers No. 5 Alone of Glidden Contestants Has Perfect Score.  
Oklahoma City, Okla., June 24.—The 10th day of the Glidden tour saw the contestants on their way from here to Wichita, Kan., early this morning. Only eleven cars remain in the contests for the Glidden and Chicago trophies. And of those eleven only one still retains a perfect score—Bolger's Chalmers No. 5. Otherwise the nearest approach to a perfect score is the Premier No. 1, which has lost only ten points.

Marvelous Discoveries

For all bronchial affections it has no equal. It relieves instantly. Its surest cure. James M. Black of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. Fifty cents and \$1. A trial bottle free. Guaranteed by all druggists.

### WOULD DESTROY HERSELF

Husband of Mrs. Kate Forney Moves to Have Her Restrained.

Mrs. Kate Forney of Cordova was brought into the county court yesterday afternoon to have her sanity inquired into, but because of the inability of a number of witnesses to appear, the hearing was postponed until tomorrow. In the meantime she was given into the custody of her husband, who petitioned for the hearing. It is alleged that the woman, who is 30 years old, has made numerous threats and on one occasion attempted to take her own life by drinking laudanum.
