

CITIZEN MOLDED IN OUR SCHOOLS

Significance of Modern Educational Methods Shown by Dr. A. R. Taylor.

PRESIDENT OF MILLIKEN

How Wage Earning Capacity of the Worker is Enhanced by Knowledge.

At the January meeting of the Broadway Men's club, held last evening at the Sunday school rooms of the Broadway Presbyterian church...

Dr. Taylor had for his subject "The Significance of Modern Educational Methods." In his talk he told of the advantage of knowledge in earning a livelihood...

JUDGING THE SCHOOLS. "An education," said Dr. Taylor, "makes the child more sensible and more serious and gives him a better understanding of the conditions in all problems..."

There will be held at St. Louis in the latter part of next month the annual session of the Presbyterian Brotherhood of America. Dr. Taylor, who has been identified with the organization since its beginning...

It is a fact that public schools and colleges are not giving as much as possible, but educational system has made wonderful progress in the past 100 years. Then the educational system was limited to the practical phases of life...

STATES COMPARED. "A few years ago I had occasion to compare the wage-earning power of citizens of the various states of the country, and found that Massachusetts wage earners averaged \$2 per citizen, while the average wage for the citizen of the country was \$1..."

short time ago I again had occasion to prepare statistics along the same lines, and found that the people of Massachusetts were earning only one-half more than the average citizen of the country...

PROGRESS IN METHODS.

"Great progress has been made in the educational methods. Now, instead of having the subject as the objective point, the teacher realizes that the child is the objective point. Education now constructs the child in all ways..."

"In conclusion, I want to present another topic. I want to ask the question, 'Will there ever be a higher order of animal than man?' I say 'no.' There is no need for a higher order of man; for man is able to develop himself to a higher order..."

ST. LOUIS MEETING.

There will be held at St. Louis in the latter part of next month the annual session of the Presbyterian Brotherhood of America. Dr. Taylor, who has been identified with the organization since its beginning...

EXCUSES MEN MAKE IN RELIGIOUS LIFE

Man's Existence Does Not Consist in Material Possessions, Holds Dr. Breeden.

Last evening at Memorial Christian church Dr. H. O. Breeden preached on the old theme of "Excuses." A good audience heard this old theme presented in a fresh manner. Dr. Breeden has said from the very first that all men are religiously inclined, meaning, of course, that most men in a general way have religious convictions and feel morally responsible towards their maker...

But when a man is brought face to face with the greatest of all questions—the one that relates to his character and his soul, he will excuse himself on the grounds that his environment, the peculiar nature of his position or profession, or the unethical relations which his business forces him to sustain to his fellows. He will argue that he isn't in a position to accept Christ just yet. Or he intends to at a later time. Yet, he will excuse himself on the grounds that the competitive struggle is so keen that he can't stop and give attention to religious matters else his opponent will take advantage of him..."

There were two accusations at the service last night. Tomorrow will probably be the last Sunday, as the meetings will probably close about the middle of next week. At 10:45 a. m. Dr. Breeden will speak upon the theme, "Things to Think About." The second and third missions will join in the morning service. At 3 p. m. the theme will be "Gambling and Prostitution in Rock Island." This will be a meeting for men only. The mayor, the council and the laboring men of the city have been invited. At 7:30 p. m. the theme will be "Can a Moral Man be Saved?" There will be special music by the Lint brothers and the chorus at all the services.

RAISES FUND TO AID LAW ENFORCEMENT

Galesburg Local Option League Gets Greater Part of \$3,600 Aimed at.

Twenty-two hundreds dollars to fight the violation of law in the city of Galesburg was pledged at a banquet given by the Galesburg Local Option association Thursday evening. Plans were also completed for the incorporation of the association under the laws of Illinois and the executive committee was instructed to take the necessary steps...

The newly elected officers of Council No. 873, Mutual Protective League, were installed last evening at Math's hall. Deputy Supreme Master Newton of Sylvan council, Moline, conducted the ceremonies, assisted by the drill team of the Moline council. At the conclusion of the installation refreshments were served. The officers are: President—John Bowers, Vice President—F. A. Whiting, Past President—John McGee, Secretary—Mrs. Mary Coles, Treasurer—E. E. Ziegler, Chaplain—Mrs. Willetta, Usher—Mrs. Allars, Guard—George Reilly, Sentinel—Harry V. Clayburn.

LEAGUE HAS INSTALLATION

Mutual Protectives Hold Ceremonies at Math's Hall.

The newly elected officers of Council No. 873, Mutual Protective League, were installed last evening at Math's hall. Deputy Supreme Master Newton of Sylvan council, Moline, conducted the ceremonies, assisted by the drill team of the Moline council. At the conclusion of the installation refreshments were served. Church of Jesus Christ, Latter Day Saints (Mormons), Math's hall, R. W.

JEWELL COLLEGE ON FOR DEBATE

Augustana Debating Team Receives a Challenge From Missouri Institution.

IS ANXIOUS TO BE SHOWN

Will Likely Be Accommodated During Present Year—First Combat With Lombard.

At Y. M. C. A.

It is probable Augustana will have another intercollegiate debate this year. Yesterday a challenge for a debate was received from William and Jewell college of Liberty, Mo. This is one of Missouri's largest colleges, having an enrollment in the college department alone of over 600.

Last year William and Jewell had a debate with Bethany college of Lindsborg, Kan., Augustana's old foe, and was defeated by Bethany on the same question that Augustana beat Bethany. William and Jewell men took notice of the fact that Augustana scored a victory over Bethany on a question where they had failed, and now for that reason they want to take a whack at Augustana.

HOLDS HIGH RANK. William and Jewell college has always ranked high in debating, and it would be to Augustana's advantage to annex the new relation. Last year the William and Jewell debating team defeated the Arkansas university team and the Drury college team. Both of these last named schools turn out good debating teams. It was the fact that Bethany college defeated a debating team from a school of the calibre of William and Jewell last year that made Bethany so confident of victory over Augustana.

If this debate comes off, as it no doubt will, judging from the present sentiment for such a debate among the students at Augustana, it will be held here at Augustana. This is satisfactory to Augustana, as it has no home debate this year. The time for holding this debate will probably be in the latter part of April or the first of May.

Lombard NOT HEARD FROM. On March 17 Augustana debaters journeyed down to Galesburg to combat words with Lombard college. Lombard this year has the choice of sides, since Augustana submitted the question, but has failed to notify Augustana thus far what side of the question it will take. Plenty of time has been given to make a decision. The preliminary debate for the contest has not been held yet, but it will be at an early date.

SURPRISE PARTY.

A COMPANY OF YOUNG PEOPLE last evening went to the home of Mr. and Mrs. James Crosby in Sears intent upon a surprise party for Henry Crosby. The host saw the company coming and at once disappeared and could not be found until several hours after. The young people, however, had their party without the host and spent a very merry evening playing games, with music and dancing. In the contests the prizes were won by Ruth Donaway and Jessie Evans. During the evening a lunch was served.

SECOND DANCING PARTY.

The entertainment committee of Rock Island commandery No. 18, Knights Templar, announces that the second in the series of winter dancing parties will be held next Tuesday evening at Masonic hall. The criterion orchestra will furnish the music. Refreshments will be served.

SPECIAL CHORUS REHEARSAL.

A SPECIAL REHEARSAL of the ladies' chorus of the Rock Island Musical club will be held Monday afternoon at 3 o'clock in the parlors of the New Harper.

IS NEARLY ASPHYXIATED

Man Who Falls Asleep During Performance of "Girls of 1910."

From Anamosa, Iowa, comes a dispatch that a man, who slept during a burlesque show at the theatre, continued his slumbers uninterruptedly after the finale and was almost asphyxiated as a penalty for not appreciating the efforts of the artists.

Don't Worry About the Name.

The following under a Moline date appeared in today's Chicago Tribune: "A movement favored by the civic leagues and business men of six cities has been launched to merge Moline, Rock Island, East Moline, South Rock Island, Silvis and Watertown into one municipality under the commission form of government. This would give the corporate city a population of almost 100,000, making it the second in the state in both size and population."

LET'S DO IT NOW, SAYS MOLINE

The following editorial appeared in the Moline Mail and Journal last evening: "According to a Rock Island newspaper the sentiment is strong there in favor of making Moline, Rock Island, East Moline, Silvis and Watertown, and one or two others, into one municipality. There is much in favor of such amalgamation. A segregation of the kind would make the combined the second city in size in Illinois in population and industry. It would cost the taxpayers much less to run the whole than as is the case under present conditions. One set of five officials could take care of the interests of all instead of each bearing its individual expense."

LET'S DO IT NOW, SAYS MOLINE

The following editorial appeared in the Moline Mail and Journal last evening: "The question of welding into one great city the various municipalities is sure to be treated seriously some time in the future. Why not now? If it is a good thing—and viewed in the light of actual progress it would be—now is the time to get busy."

Don't Worry About the Name.
