COUNTESS IS NAMED IN CHICAGO DIVORCE CASE

Chicago, Jan. 19.—Mrs. Marie L. Wadhams, who recently horsewhipped the Countess Marguerite von Scheben, has sued her husband, Dr. Frederick E. Wadhams, for separate maintenance and names the Countess von Scheben. In the bill filed in the superior court Mrs. Wadhams makes no specific statutory charges against her husband, but declares that he has paid persistent attention to the countess since 1910.

Mrs. Wadhams has been separated from her husband since Aug. 11. Their marital difficulties came to light at about the same time when Mrs. Wadhams entered her husband's office at 32 North Clark street armed with a horsewhip.

A moment later a woman declared to have been the Countess von Scheben emerged from the office shrieking while swiftly pursuing her was Mrs. Wadhams, vigorously plying the whip over her face and shoulders.

Dr. Wadhams then filed a bill asking that Mrs. Wadhams be enjoined from visiting his office, calling him on the telephone or talking with his patients. He declared in his bill that his practice had formerly yielded him an income of \$10,000 a year, but that Mrs. Wadhams' unfriendly acts had caused it to drop to \$6,000 per year. Judge Kavanaugh granted the injunction.

Mrs. Wadhams was also accused in the bill of having used forcible language to him and to have accused him of drunkenness and infidelity before his patients.

In her bill filed yesterday Mrs. Wadhams declares that in 1910 she learned of her husband's alleged affection for the countess, but that he promised to cease his attentions and was forgiven. Now she alleges that he has not kept his promise and that his attentions to the Countess von Scheben have continued up to the present time.

Clean Your Rugs and Carpets With

20-MULE TEAM BORAX SOAP CHIPS

How To Clean Your Rugs and Carpets

The rule we give below is applicable to the finest Oriental rug and to the cheapest ingrain carpet.

PREPARE A PASTE OF 20-MULE-TEAM BORAX SOAP CHIPS made by dissolving a ten cent package in four quarts of water kept nearly but not quite at boiling point for fifteen minutes. When cool it will be like jelly. This is sufficient for a nine by twelve rug. Place the paste in a pan or pail large enough to receive an ordinary scrubbing brush.

Proceed as Follows:

First sweep the rug thoroughly clean. Begin work at the corner farthest from the door. With a spoon or by hand spread 20-Mule-Team Borax Soap Chips paste over the surface of the rug covering not more than a square yard at a time. Scrub vigorously with a fairly stiff scrubbing brush. Scrape up the paste with a zinc scraper or heavily galvanized iron filed smooth on the edges. This zinc or galvanized iron should be about 12 inches long and 4 inches wide, with all edges filed smooth. Wipe thoroughly with a cloth wrung out of clean water. Work with the nap, never against it.

Proceed in this fashion section by section until the entire rug or carpet has been cleaned. It is well to have doors and windows wide open so that the rug may dry quickly. Do not replace furniture or walk on the rug until it is dry. Keep the cleaning water in which the rug is rinsed renewed as often as it becomes dirty. The water should be lukewarm. Follow these simple directions and your carpets and rugs will be as clean and bright as new. The colors will be brightened and improved. The fabric will not be injured.

ORDER FROM YOUR DEALER

A trial of these chips will prove them to be the most economical soap you ever used in the Laundry or Kitchen. No other soap or soap powder necessary when you use the chips.
