MURDERED IS THE BELIEF

Authorities Suspect One Victim Killed the Others and Then Committed Suicide.

Appleton, Wis., Feb. 3.-A quadruple murder mystery was given the authorities to solve by the finding of four bodies yesterday afternoon at the farm home of Lewis Mailahn, at Binghamton, 15 miles northwest of this city. The throats of three victims had been cut, while the fourth victim had been shot in the head. The dead: LEWIS MAILAHN, aged 66 years; shot in head.

WILLIAM MAILAHN, aged 21

DORA MAILAHN, aged 16 years. JOHN MAILAHN, aged 8 years. F. J. Rooney, district attorney, believes it was a case of triple murder

and sulcide. BOY FINDS THE BODIES.

The bodies were discovered by George Mailahn, aged 15 years, when which is two miles from his home. The boy found his sister lifeless on the kitchen floor. He informed his brother, Walter, aged 14, who accompanied him from school and another brother, Edward, aged 24, who had brought the two home on a sled on which he had been hauling wood during the day.

The oldest brother immediately notified the district attorney, who left for the Mailahn home with the sheriff. Lewis Mailahn's body was found in the barn, and those of John and William were discovered in the smoke-

Mrs Mailahn died several years ago. William was a favorite with his mother, it is said, and had not lived in ACT OF INSANE YOUTH.

Latest developments today show bethat the tragedy was committed by senator remains at her bedside. William Maihland, while insane, Lewis Maihland, the father, 65, seems to have been the first one killed. Dora, 16, was found lying on a couch in the parlor, her throat slashed, the deed presumably having been committed while she was asleep. The body of John, 8, was found in a smoke house, William then went into the kitchen and slashed his own throat with a razor.

NEIGHBORS RECALL REMARKS. Neighbors today express the opinion that William undoubtedly was insane. He made a remark Wednesday, according to neighbors, that if he could get his father and oldest brother out

of the way, the rest would be easy. FIVE DIE OF TUBERCULOSIS.

During recent years five members of the family died from tuberculosis of the lungs, and all the victims of the tragedy were afflicted with the same disease. Neighbors say William some time ago declared the family was dying piecemeal, that he thought created the precedent of investigating it would be well they should all go together, and that he would "get carbolic acid and kill the whole bunch." It is believed he brooded over the condition of the family until he became
