

AIR UGLY CHARGE IN POLICE COURT

George Kollontzes Has Two of
His Fellow Countrymen
Arrested.

SAYS THEY USED KNIFE

Defendants Claim That They Merely
Took Heroic Means to Regain
Stolen Money.

Charges of theft, attempted murder, intermingled with stories of card games, were rampant this morning in the police court when Andrew and Peter Galanes were summoned before Magistrate C. J. Smith to answer to charges of assault with a deadly weapon, preferred by one of their countrymen, George Kollontzes. Testimony of half a dozen of the defendants' relatives proved that Kollontzes' story of the affair was slightly off color. He averred that the defendants had held him up to extract \$16 which they claimed had been stolen from them, and that they gave him the choice of returning it or forfeiting his life. He forked the money over, was his claim.

STORIES DIFFER.

Witnesses for the defense said that the complainant had a bad reputation, and that when it was found that money was missing, he was sought. He was told to produce it, and when they swore that he had stolen it, the complainant did produce. The latter says that when the doors were guarded by one, and the other flourished a knife, he had no alternative. Still, he could not prove his point, and the defendants were released. The trouble followed a card game, where the participants played and paid for the drinks.

ASK NEW SCHOOL IN BLUFF SECTION

Twenty-sixth street property holders yesterday circulated a petition for a new school building, which they desire erected on said street between Seventeenth and Eighteenth avenues. They give as their reason that the nearest school building at the present time is the Horace Mann, which is located at the corner of Thirty-eighth street and Fourteenth avenue, and as a result some of the children are compelled to walk a distance of from 16 to 18 blocks through a sea of mud, as it is claimed that the crossings are unfit for use. A number of signers have already been secured, and the plan is

CALL FOR BUCKWHEAT COMES FROM TEXAS

Rock Islanders who are prone to think they must go elsewhere to get "exclusive" things will be surprised to know that orders for eatables are being received by a local grocery store from far off San Antonio, Tex. A Rock Island lady, who incidentally spends most of her time traveling, now in America, now in Europe and then again in other parts of the world, has formed a desire for a certain brand of buckwheat which she has been able to procure only in this city. On leaving here sometime ago for her ranch in Texas, she took with her a five-pound package of the flour and has evidently used it all. Today the local grocer from whom she gets the delicacy, received an order to forward 20 pounds more by express, at once.

What is true of Rock Island's supply of exclusive eatables is true of other lines of merchandise as well.

And still people go elsewhere to buy and think they are too "classy" for Rock Island.

THREE MEMBERS OF ONE FAMILY DIE IN A MONTH

Geneseo, Ill., March 19.—Three members of one of Geneseo's most prominent families have been removed by death in the last 24 days. When Attorney George W. Shaw died 24 days ago, Henry county lost one of its oldest residents and Geneseo its oldest professional man. Mr. Shaw died suddenly from an attack of heart trouble and pneumonia. Just 14 days ago Mrs. Shaw died, having been stricken with pneumonia and being unable to resist the disease which claimed her life. At the time she became ill her daughter, Miss Margaret Shaw, was also stricken with pneumonia, and after a battle of several weeks she died at her home in Geneseo Sunday. Miss Shaw is survived by her brother, Attorney Shaw of Geneseo, and by three sisters, all of whom are married.

FURTHER FUN IN CHAPEAU FIGHT

Magistrate C. J. Smith Gets
Even Up With Chief of Police Brinn.

ONLY FOR A SHORT TIME

Copper Comes Back With Trick That
Makes Representative of Justice Angry.

Bang! Bang! And just like that, two derby hats, once possessive of some intrinsic value and the property of Magistrate Charles J. Smith, passed from the field of worth, fading into valueless pieces of cracked felt. And the magistrate—you can imagine how angry one must be to break up one's hat, well he was twice as angry as that, stalked out of the police station, the scene of the carnage of "cadies" wearing a deeply furrowed brow, hidden somewhat by a cap which was loaned by a friend. Yesterday the magistrate was indignant, and righteously so, for his hat had been pilfered from the nail on the wall, and he had to go home wearing a rather decrepit bonnet.

AND THE HAT CAME BACK.

Well this morning, it was a case of the hat coming back and in order to get even with Chief James Brinn, he who was responsible for the mysterious disappearance of the chapeau yesterday, the magistrate decorated one of the chief's bonnets with democratic political advertising—the chief is a staunch republican—and attaching a name so that it would be recognized, hung the hat in a conspicuous place.

EVEN UP—ONE TO GO.

That made matters about even up, but the battle had only begun. The magistrate had two hats in the station—both out of his ken. And while he was busy adjusting a case in court, someone secured a little antiquated limburger and rimmed the hat with it. Hence, the "stoved lids." One can scarcely blame the judge, usually jovial, for flying off the handle. But he believes firmly in reciprocity and those who have watched the chapeau chase, are anxiously awaiting further developments.

FOUR MOOCHERS ARE GIVEN TERMS IN JAIL

Pat Shay, James O'Brien, George Donovan and Pat McNeerney were handed 20 day jail sentences this morning by Magistrate Smith. All four of them were picked up for mooching. Pat Shay was the tough mug of the bunch. He was arrested this morning by Detective Caulfield on evidence that he had been working his little "give-me-an-ice-cream-for-a-bit" gag with much success. When arrested he had 50 cents in his jeans. He said that the officers were merely taking evidence against him and that he had no chance, for he was a "strange bird among the flock." But Pat's wrathful repartee brought him naught but like treatment to that handed out to other moochers.

ELOPERS GO WEST TO MAKE FUTURE HOME

Ralph Martin, the youthful Mollner, who eloped and was married in Galesburg to his nurse, is going west with his wife, there to make their future home. They spent a short honeymoon in Chicago. Mrs. N. Littig, mother of the bride, received word from them today to the above effect. Mrs. Littig, in commenting upon the elopement deplored the notoriety which had attended her daughter's marriage to Martin. Further she stated that Martin was not under age and that it was because he was dissatisfied with his home life that he had taken leave on such short notice.

WORK LONG HOUR SHIFT

Rock Island Tool Company Shows
Growth—125 Men in Employ
and 50 Work 12 Hours.

Manufacturing industries in Rock Island at present are showing by the force of men that they have at work and by the number of hours that they are working, that business during the coming season is going to be brisk. Because of the indications for a large crop throughout the agricultural district, farmers are ordering considerable machinery and many of the orders which have been placed by the jobbing houses are of the rush variety. The Rock Island Plow company is going full blast, and from the present outlook there will be scarcely a let-up there. It is the first time in more than a year that the force has been so large. Other manufacturing concerns, too, are running large forces.

NEW CONCERN GROWING.

The Rock Island Manufacturing company is running with a force of 125 men, showing the growth of one of Rock Island's infant industries.

land's infant industries. Out of the entire force, 50 are working 12 hours every day. Such conditions are general, and from the outlook, presidential campaigns and state campaigns and their probable outcome are to have little effect on the manufacturing industries.

Railroad News

Local, commercial and freight agents, trainmasters and superintendents from the Iowa, southwestern and northern divisions of the Rock Island road convened at the Hotel Davenport today to formulate a new refrigerator schedule for the next six months. H. A. Huber, of Chicago, superintendent of the refrigerator service presided at the meeting.

These meetings are held twice a year, and in addition to arranging a new schedule, matters of interest pertaining to the service in general are discussed. The Rock Island men who attended the meeting were T. J. Murray, commercial freight agent, S. J. Russell, local agent, H. L. Reed, superintendent and F. W. Rosser, trainmaster.

KEEP THE KIDNEYS WELL

Health Is Worth Saving and Some Rock Island People Know How to Save It.

Many Rock Island people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Rock Island citizen's recommendation.

Hugh Garvin, 501 Fifteenth street, Rock Island, Ill., says: "I used the contents of one or two boxes of Doan's Kidney Pills a few months ago with good results and I can say that other members of my family have taken them with benefit. Sometimes I suffered from a dull, nagging ache through the small of my back, accompanied by a distressing kidney weakness. When Doan's Kidney Pills were brought to my attention, I procured a supply and their use soon relieved me."

For sale by all dealers. Price 50 cents. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

BANQUET TICKETS ABOUT SOLD OUT

A capacity attendance at the annual banquet of the Rock Island Business Men's association was assured this morning when the committee in charge of the sale of tickets called in the ticket sellers and stopped further sales. Arrangements had been made at the Rock Island club for serving 110 banqueters, that being all that the banquet hall will accommodate comfortably. When the records of the committee showed that this number had almost been reached, it was decided to dispose of no more tickets unless called for at the last minute. There are always a number who wait until the evening of the banquet before deciding to attend and if there are not too many of these they will be accommodated.

The main speaker of the evening

will be Hon. Charles Adkins of Belmont, Ill., speaker of the state legislature. His talk will not deal with politics, being a purely business talk to business men. Major M. E. Dickson of Chicago is to speak briefly on "Publicity" and the program includes various short talks by local men. William B. McIntyre is to act as toastmaster.

Repels Attack of Death.

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Colo. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." It's folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.
