

## BOY IS FATALLY INJURED IN AN AUTO COLLISION

Rube Fisher Dodges Car Only to Run Into Pathway of Automobile.

### WOUNDS ARE INTERNAL

Accident Occurs at Twenty-sixth Street and Fifth Avenue at 10:30 This Morning.

Dodging behind a street car directly into the pathway of Frank Andrews' Overland touring car, Moses Fisher, familiarly known as Rube, sustained fatal injuries at 10:30 this morning when he collided with the machine and was thrown from his wheel to the paving with terrific force. Internal injuries, augmented by a broken hip bone and injuries to the spine were in evidence and the attending physicians, as soon as they saw the nature of the injuries, despaired of saving the lad's life. The death came shortly after the noon hour. The boy is the 14-year-old son of Mr. and Mrs. F. Fisher, residing at 2600 Fourth avenue.

**DARTS INTO PATH OF CAR.**  
The victim of the collision was riding east on Fifth avenue and as he came to Twenty-sixth street, he attempted to dodge behind an east bound street car so that he might turn from the avenue into Twenty-sixth street. As he darted from behind the car, Mr. Andrews saw him and yelled a warning. But the boy, apparently unwarned by the impending danger, seemed to flutter directly into the pathway, seemingly unable to change his course. In a second, despite the effort of the automobile driver to turn into the curb, the boy's wheel had been caught between the left fore wheel and the mud guard, carried back and smashed to pieces, and the boy thrown to the paving with frightful force.

Mr. Andrews, without shutting off his machine, sprang to the ground and was the first to render assistance to the injured lad. He it was who summoned the ambulance and the physicians.

### GOING 10 MILES AN HOUR.

Mr. Andrews was driving his car west on Fifth avenue and, he says, was going about 10 miles an hour when the lad darted from behind the car directly in his path. He was unable to shut off his power in the short space, but turned the car into the curbing, striking a telephone post and grading the wheels along the curb. The auto shows evidence of the collision with the pole and of the contact with the curb. The bicycle which the lad was riding was bent into a mass of junk by being ground between the mud guard and the wheel. The mud guard was bent considerably.

Had the boy fallen under the wheels, instead of at the side of the machine, death would have resulted at once. As it was, injuries of fatal character were probably caused.

**SAYS WAS BOY'S FAULT.**  
Howard Thomas, driver of the Rock Island Lumber company auto truck witnessed the accident and he says that it was the fault of the injured lad that the accident occurred. He says that Mr. Andrews was driving at moderate speed.

## OUTLOOK BRIGHT IS DUNNE VIEW

"The situation in Illinois hardly could be better from the democratic standpoint," said Judge Edward F. Dunne, democratic nominee for governor, on the completion of his 2,400 mile automobile tour of the state.

"I am confident that we are going to elect both national and state tickets. The dissatisfied among voters who normally are republican is very pronounced, far more general than is apparent until one gets out and meets the voters in close contact."

"Everywhere I have been in the state I have found a pronounced anti-Deneen sentiment."

The citizens of the state are practically unanimous in holding him primarily responsible for the almost unbearable high taxation brought about by the increase of maintaining the state government from \$5,000,000 a year under Altdorf to nearly \$15,000,000 under Deneen.

"I charge that there are three things the republicans have done while they have been in office in this state which ought to drive them from power."

"The first thing I charge against the republican party is extravagance. I would like to quote to you some figures which were recently published in a prohibition circular. The governor's salary at present is \$12,000 per year while 20 years ago it was \$6,000; the cost of keeping up the governor's house in the last two years has been \$41,900 while 20 years ago it was \$6,000; the cost of the maintenance of the governor's office was \$15,000 last year while it was \$2,000 eight years ago."

"Senator Hurlburt has said that he made some investigation as to the cost of heating and lighting the state house in Illinois as compared with other states. He found that it cost \$47,000 to heat and light the state house during the last year in Illinois; he went to Ohio and found the cost was \$24,000; in Indiana the cost was \$22,000, and in Iowa the cost was \$21,000."

"Governor Deneen has appointed 22 rabbit herders or game wardens in the city of Chicago and the only game we have known about there was the species which formerly flourished which was known as the 'crap game' which has now been stopped under the Harrison administration. Now all the work these game wardens have to do is to protect the flock of innocent pigeons that fly about the board of trade building and feed on the grain which is scattered in the street from the infuriated populace of Chicago."

"I say the present administration is guilty of hypocrisy and duplicity and double crossing during the whole of its history."

"The people of Illinois voted by a majority of four to one for the initiative and referendum, but Deneen and his band have seen that they did not get it."

"I charge that another fault of the administration of Governor Deneen is the scandalous abuse of the taxing power."

Four improvement ordinances were before the municipal commission this afternoon for first reading. They included ordinances providing for the paving with brick of Twentieth street between First and Second avenues, for the paving with asphalt of Twentieth street between Second and Fourth avenues, for the paving with brick of Twentieth street between Second and Third avenues, and for the paving with brick of Third avenue from Fifteenth to Twenty-fourth street and Eighteenth street from Third to Fourth avenues. The brick are to be laid on concrete foundations.

**POLICE NEWS**

C. Mills who came here from Missouri in search of occupation last week was having an hilarious time Saturday afternoon and following a round of several thirst emporiums and the drinking of some brewed hops, he started for a picture show house on Second avenue. There he gave the fair ticket seller a dollar bill, received his pasteboard and 95 cents in change. Then he wanted to swap a silver dollar for the paper equivalent and he was accommodated. He wanted some more change after that and in order to avoid trouble, he was given an additional 95 cents. When he had calmly seated himself in the theatre and was enjoying a wild west picture, a policeman entered and took him along. This morning he was fined \$100 and costs, returned the 95 cents to the ticket seller, and sent on his way to Bruner-ville, there to repose for 20 days.

Harry Young of Dubuque who came down here to visit friends but preferred to seek a rooming place, was arrested Saturday evening by Detective William Caulfield and this morning a fine of \$50 was assessed against him. Failing to produce the necessary fifty here, he went to jail for 10 days. The detective says that Young is one of those fellows who tries to make a living at the card game.

## WOMAN ROBBED; THIEF GETS \$80

Victim of Theft Asks Police to Suppress Her Name—Suspects Negress.

### POCKETBOOK IS SLIT OPEN

Contents Taken While Attention Is Distracted Through Personal Contact.

Robbed of \$80 while in a Second avenue business house is the story told to the Rock Island police by a young woman whose name is suppressed by the police at her request. While the young woman, together with a friend, was in the store Friday afternoon, a negress stepped upon her foot causing some confusion. When the young woman went to the Rock Island ticket office a little later to purchase a ticket, she reached into her hand bag for her purse and all that met her grasp was a slit in the bag. The contents had been taken.

**DISTRACTS ATTENTION.**

Apparently, the negress who had stepped on her foot while in the store had done that to distract attention from her actions and that then she had slit the bag open and taken the purse. Thus far, no trace of the thief has been secured.

## MOLINE MAN IS FOUND IN RIVER

The body of John A. Swanson, a 65-year-old resident of Moline, whose home was at 1409 Fifth avenue, was found in the river back of the Deere plant yesterday afternoon. Some young men who were swimming made the gruesome discovery.

Swanson's hat, coat, vest and a cane were found at the water's edge Saturday morning but at the time their owner could not be identified. It was believed, however, that they pointed to a suicide, and the finding of Swanson's remains confirmed this belief.

Deceased had expressed himself recently as being tired of life. He had no relatives in this country other than a brother-in-law at Andover. Twenty years ago he left his wife and a son in Sweden and came here.

## MOLINER IS PEEVED BY COURT DECISION

A civil suit for the collection of \$121 and court costs from Arthur and Charles Lane of Moline, brought into the court of Magistrate C. J. Smith by Attorney P. R. Ingelson of Moline, acting for E. Maher of Moline, came to a decision yesterday afternoon. The verdict was in favor of the plaintiff and the defendant had taken an appeal, the battle of words was carried on to the street and Lane had to keep a moving in order to avoid a battle with the frate attorney.

The case has been pending in Moline courts for some months and was continued so often that the plaintiff had it dismissed and then carried it into the local court. He seeks to secure money which he claims is his due from rental of a building for which the Lane brothers have a lease.

## IDENTITY YOUNGER OF RAILROAD VICTIMS

Identification of one of the two men who met a tragic death at Second and LeClaire street, Davenport, when they were crushed by east bound passenger train No. 30, was made Saturday. He proved to be Charles E. G. Workman, of Indianapolis, Ind. The identification of the younger of the two victims was made by William L. Workman, brother of the deceased. An inscription on an envelope proved to be the clue which led to the discovery of the dead relative.

## METHODISTS TO DECIDE CAMP MEETING MATTER

Tomorrow the executive committee of the Methodist conference will meet at Tindall's grove to look over the grounds and the buildings with a view to ascertaining whether or not conditions will warrant the holding of a camp meeting this year. The future holding of these meetings will not be decided until August when delegates from all the churches in the district will put the matter to a vote. There is a divergence of opinion on the matter. The charges near the grounds are very much opposed to the abolition of this feature which has meant much to them and their forefathers before them, while the churches more remotely situated take an opposite view.

## Personal Points

**SEVERES AN ARTERY IN BREAKING GLASS**

Jim Johnson, a native of the sunny land of Greece, was found near Third avenue and Twenty-second street Saturday night by a police officer and an investigation of his prostrate form showed that he was bleeding profusely from an artery in his right arm which had been severed. He was taken to the police station and his wounds dressed by a physician. He is in St. Anthony's hospital now. From the looks of a window near the place where Johnson was found, the injury was sustained when he thrust his fist through the pane of glass.

**TWO DEAD ENDS IN THE WATER MAINS OBLITERATED**

Two of the dangerous dead ends in the city's water main system were obliterated Saturday when work of the city water department in Lincoln court on Twentieth street was finished. Along with this improvement was the placing of an additional fire hydrant to serve the court and vicinity.

Commissioner Jonas Bear, under whose direction the work was done, promises that as soon as possible, the remainder of the dead ends in the water mains will be connected as to obviate them.

## WANTS PICTURE; STEALS A PURSE

Stealing a pocketbook in order to obtain possession of a picture which he had given to a former sweetheart came mighty close to costing William Kramer his liberty for a period of several months, but as he returned the pocketbook minus the picture, the young woman refused to prosecute, saying that she had been relieved of nothing of value. This morning Kramer was hailed into police court and as a robbery charge would not be preferred, a disorderly conduct charge was made and Kramer plead guilty to it and was fined \$5 and costs. He paid. He says that he was intoxicated when he stole the pocketbook.
