BROWN RECALLS THE OTHER DAYS

Former Rock Island Railway Man Asks for Photograph of Argus Engineer Group.

Recently H. D. Mack, who in those other days when so many fond associations centered about the Burlington road in Rock Island, was division freight and passenger agent and W. C. Brown was division superintendent, there developed a bond of friendship between the two which has endured to this day. Mr. Brown has since advanced to the presidency of the

greatest railroad system on the continent, the New York Central, and Mr. Mack has changed from the Burlington to the Santa Fe, where he is just as active as ever and just as cordial, and what is also fortunate he is still in Rock Island. But he does not forget the old days, nor his old friend. Nor does his old friend in New York forget him. Unlike many railroad men there is a good deal of the sentiment in W. C. Brown and he love in fancy to be taken back to those other times when he was working just as hard as he is today, but in more humble capacity.

Mr. Mack knows this and recently when The Argus published a group of old time Rock Island engineers with a little story of how they congregate regularly at the New Harper, styling themselves the "Borrowed Time" club. Mr. Mack sent the

paper to Mr. Brown, who immediately acknowledged it, busy man as he is in the following note to Mr. Mack: My Dear Harvey: I am in receipt of your very kind note with picture of the old Rock Island engineers, members of the Borrowed Time club, and thank you for your thoughtfulness in sending it to me.

I recognize Charley Davis, James Wilkinson and William M. Johnston. (Bill Johnston as we used to call him), but do not recall Enshan and Carl. I wonder if you could get me a copy of the picture from which the cut was made? I would like very much to have it.

Please remember me very kindly to the old engineers. (I knew them when they were pretty young engineers).

With kindest regards, I am Yours very truly

W. C. BROWN.

Mr. Mack at once sent Mr. Brown's letter to Mr. Davis, who came to The Argus office and secured the original photograph from which the group was made and sent it on to Mr. Brown, who knew the engineers personally when he began his career as a train dispatcher on the west division of the Rock Island.

ROYAL BAKING POWDER

ABSOLUTELY PURE

Cooking is a matter which concerns the whole family, and under modern methods and conveniences it is made so attractive the whole family is becoming interested, if not taking part in it

"These biscuits are delicious; this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

It is a crime, with our modern agencies, helps and facilities, to have soggy biscuit, or wooden cake, or leaden pastry.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.
