

## CHURCHES LINED UP FOR CAMPAIGN

Nearly All in City Aiding Laymen's Missionary Movement Convention.

### EXTENT MORE THAN LOCAL

All Expected to Unite in a Great Mid-Week Meeting Next Wednesday Evening.

At the executive committee meeting of the laymen's missionary movement held at the Rock Island club yesterday, it was decided to ask the churches of Rock Island to merge in a great mid-week meeting next Wednesday evening in the interest of the laymen's missionary movement campaign. One or two fine speakers will be brought in from out of the city to address the meeting, and the people of all the churches will thus get in touch with the plans and purposes of the movement, both as it refers to the local situation and to the country at large.

A. J. Lindstrom, chairman of the registration committee, reported at the booster meeting last night that he had over 30 men on his committee and definite work along systematic lines for the registration of the men of the city is already being carried on in all except three churches. These are to be lined up within the next few days.

### INDUCEMENTS.

An unusually vigorous effort will be made in behalf of the boys in institutions of learning, to whom the executive committee is offering as a special inducement a registration fee of 50 cents. A gentleman in another state, who had five boys, registered every one of them for the convention, and after it was over said he would not have had them miss it if it had cost him \$10 apiece to get them there.

Letters are being sent out today to over 500 ministers in 10 counties of Iowa and 13 counties of Illinois, from which it is expected delegates will come.

All the newspapers in the territory were furnished with special matter yesterday, so that by Sunday the convention and Rock Island are sure to be widely advertised in connection with this great event.

A big booster meeting in Moline is being arranged for the first part of next week.

### MORE THAN LOCAL.

Executive Secretary Clapp has met several persons recently who seem to have the impression that the movement is of a local character only. The movement is neither local nor sectarian, and in the recent Waterloo convention, from which Mr. Clapp came to Rock Island, men of something like 15 different communions, including Catholics, were registered at the convention.

### Obituary

**MRS. MATHILDA KATHERINE SCHILL.**  
Mrs. Mathilda Katherine Schill, a life long resident of Rock Island, passed away this morning at 1:40 o'clock at her home, 528 Twenty-first street, following a lingering illness of nervous prostration. Mrs. Schill never recovered from the shock of the death of her father, D. F. Kracke, a year ago. After his death her condition gradually grew worse, and the end came early this morning. Mrs. Schill was born in 1864, in Rock Island, and had lived here all her life. Sept. 17, 1890, she was united in marriage to Otto Schill, who survives, with two sons, Fred and Frank, and a daughter Charlotte and a

brother, Frank Kracke of Montana. She was a member of the German Lutheran church and a member of the Woman's society of the church.

The funeral arrangements will be announced later, and it is requested that no flowers be sent.

## JAIL BIRDS BACK TO THE ROCK PILE

At a special meeting of the jail committee this morning, permission was granted the city to use the county prisoners on the rock pile. Mayor Schriver obtained the consent of Sheriff Bruner, but the latter stated that the consent of the committee must be secured before he would agree to the arrangement.

After the killing of a prisoner, the work on the road was stopped by the sheriff.

## LABORERS NOT SCARCE NOW AS DURING SUMMER

Labor is not as scarce now as it has been. Many of the men who have been employed on street improvement in the three cities are through with that work, and are looking for employment in the factories. A large number of men who annually go to northern Wisconsin and northern Minnesota to harvest sugar beets have returned, and are now seeking work, or have already secured work in the factories.

## A WORLD OF STYLE; A VARIETY OF PATTERNS

M. & K. Are Showing Overcoats of Distinctive Types for Men of Discriminating Taste.

The M. & K. take great pleasure in showing overcoats made by Hart, Schaffner & Marx, Garson, Meyers and Clothcraft and Society brand makers, in all the popular styles and fabrics, such as plain box coats; form fitting garments; tourist belted coats; and 35-inch convertible collar coats in Chincheillas, Vicunas, Meltons, Kerseys, Montanas, Sheltons and mixtures in the rough effect, from \$12.50 to \$45.

Style, comfort and service, all combined in one garment, merchandise of unusual value, makes the wise buyer come to the M. & K.

When you know that you want to buy an overcoat, show that you know where to buy it by coming to the M. & K.—(Advertisement.)

## MOTHERS' PENSION LAW GOOD ENOUGH

Henry Neil Objects to Making Payments Through Charitable Organization.

Henry Neil of Chicago, father of the mothers' new pension law and secretary of the National Probation League, was in the city today in the interests of a publicity campaign he is waging against a change in the act referred to.

When the legislature meets again there will be an effort made by the central charities organization in New York to secure an amendment giving that body the handling of the funds and specifying that salaries of its officers and its running expenses be paid from the state funds.

"I am opposed to making these pensions to mothers appearing in the light of a charity," said Mr. Neil. "I think the law should be left as it is. Now the mother who is entitled to the benefits it confers feels that she is doing something for the state for which she has a right to demand compensation sufficient to sustain life and keep her family together. If a charitable organization stood between her and the juvenile court she would be placed in the position of a pauper."

In Chicago yesterday there was paid to 503 mothers having 1,700 children the sum of \$11,713.88 as pension for the month of October.

Mr. Neil has espoused the following as three "new commandments" applying to his particular field:

All men shall make sure that all children have proper care, regardless of goodness or badness, regardless of color or creed, regardless of efficiency or inefficiency of parents.

No child shall be permitted to suffer for the sins of its father or mother where human agency can prevent.

Juvenile poverty shall be abolished.

## DENIES THAT DEAD MAN IS HUSBAND

Mrs. Frank Robinson of Galesburg Views Remains of Prisoner.

Mrs. J. Frank Robinson of Galesburg arrived in the city this afternoon to identify the prisoner who was shot by a guard several days ago, but when taken to the morgue stated that the man was not her husband. She stated that her husband was a teamster and had left his home for Springfield, Ill., nine weeks ago to work. Since that time she had not heard from him. She stated that the dead man resembled her husband but she was positive it was not he, while on the other hand a friend from Galesburg, who accompanied Mrs. Robinson was positive that it was the man. The deceased was a Spanish-American war veteran and it is probable that he will be buried by the local veterans.

## BOYS WHO DID BIG THINGS.

Many of the World's Great Men Won Fame in Their Youth.

Some of the greatest achievements in the world have been made by youth, and it will always be so in human history. David, the sweet singer of Israel, was a shepherd, a poet and a general before he was twenty and a king at the age of eighteen. Raphael

had practically completed his life work at the age of thirty-seven. He did no great artistic work after that age. James Watt, even as a boy, as he watched the steam coming out of the teakettle, saw in it the new world of mechanical power made possible by the old element turned and driven by a simple appliance.

Cortez was master of Mexico before he was thirty-six. Schubert died at the age of thirty-one after having composed what may perhaps be called in some ways the most entrancing melody ever written. Charlemagne was master of France and the greatest emperor of the world at the age of thirty. Shelley wrote "Queen Mab" when he was only twenty-one and was a master of poetry before he was twenty-five.

Patrick Henry was able to shape the revolutionary history of a new country before he was thirty and astonish the world by his oratory before he was twenty-six years old. At the age of twenty-four Ruskin had written "Modern Painters," and Bryant, while still a boy of high school age, had written "Thanatopsis." Robert Burns wrote some of his greatest songs while he was a plowboy.—London Answers.

## Personal Points

Mr. and Mrs. Fred Busher of Hot Springs, Ark., are visiting with relatives in Rock Island today, enroute to Chicago.

Dr. and Mrs. E. M. Sala leave tomorrow for New York city to attend the clinical congress of surgeons of North America.

H. A. Weld, formerly of this city now of Chicago, is in Rock Island today on business. He expects to return to his home this evening.

Miss Jessie Quinn, left this morning for her home in Council Bluffs, after a week's visit in the city with Mrs. M. G. Frey, 2221 Fourth avenue.

## Police News

There was another lull at the police station last night, and the extent of the arrests made was decidedly limited, two drunks being caught in the toils. They were Paul Newman and Mike Kelly, and both were given one day of labor at the jail. Newman, who is 22 years of age, informed the court that the drunk of the preceding evening was the first in his career, but his statement was not given a great deal of credence.

### Art Is Long Distance.

An American artist walked out of his house, closed the door with unusual care and descended the steps.

In his hand was a satchel containing his paints and brushes and a change of socks.

At the gate he met a bright-eyed, ragged little boy carrying a basket filled with scarlet strawberries, purple dewberries, crimson radishes, pale young onions, verdant spinach and gleaming lettuce from a buckster's wagon near.

"Vegetables?" the boy asked. "Berries?"

"No," replied the artist, brushing past. "I am on my way to sunny Italy to paint water color studies of picturesque peasant children."

And he ran for the boat.—Newark News.

### New York's First Sidewalk.

The first sidewalk in New York was laid by a woman, Mrs. Samuel Provost, about 1716. She was an importer and merchant and laid the sidewalk for the convenience of her customers. She had importuned the authorities to do it, but they refused, saying it was impossible. After her object lesson paving and curbing gradually came in, but for some time her sidewalk was so famous that people journeyed even from Philadelphia to see it.

### Tombstone Inscriptions.

Three of the commonest tombstone inscriptions are "In the midst of life we are in death," "His end was peace," "He tempers the wind to the shorn lamb." The sentiment of each is comforting and consolatory, but none comes from the Bible.
