## DAVENPORT

**Walsh Buys Corner.**—An important deal in real estate has been closed whereby P. T. Walsh becomes possessor of the valuable property at the northeast corner of Fourth and Brady streets. It is better known as the former Henley block and was purchased of L. P. Best, who had purchased it of Mr. Henley some years ago. The property has a frontage of 64 feet on Brady street and a depth of 150 feet on Fourth street. The corner is occupied by Hall & Martin. To the north is Celia's cigar store and the Best theatre. Mr. Walsh makes the purchase as an investment.

**School Board Elects.**—At the annual meeting of the school board of Davenport township held Monday night the

was immediately summoned. Despite his efforts to ease the pain, the young girl steadily became worse. Her throat, where the infection settled, swelled to twice its normal size, and the relapse, which came yesterday, resulted in her death. The girl is survived by the parents, Mr. and Mrs. Elwood Clark, and one brother, Rue Clark of Letts, Iowa.

**Loose Three Fingers.**—Gustave Andersen, employed at the Rock Island railroad shops at Fifth and LeClaire streets as carpenter, lost three fingers of his right hand Monday afternoon in a rip saw accident. The injured man was removed to St. Luke's hospital where his injuries were given medical attention. Andersen lost the last two fingers and the fore finger of his right hand. He was working at a rip saw bench when in some manner his hand slipped and touched the fast revolving saw. Andersen lives at Bridge ave-

revived a controversy as to whether a son of the first Napoleon lies in the ancient burial ground. Dr. W. F. McNutt has begun an investigation to ascertain the facts.

## CURIOUS ACACIA TREE.

**It Gets Peevish and Ugly and Odeous When Disturbed.**

In Idaho there exists a species of the acacia tree which is entitled to be classed as one of the wonders of plant life. When full grown it closes its leaves together in coils each day at sunset and curls its twigs to the shape of pigtails. When the tree has thus settled itself for the night's sleep it is said that if touched it will flutter as if agitated or impatient at the disturbance. The oftener, it is asserted, the foliage is molested the more violent will become the shaking of the branches. Finally, it is further alleged, if the shaking is

## MOLINE

**Fifth Smallpox Case.**—A fifth case of smallpox in Moline was located by the health authorities Monday night and as a result the home of John Farrell at 704 Thirteenth street, has been quarantined. Farrell, who is a bartender at the Henry Huyvaert saloon at 527 Fourteenth street, contracted the disease from an afflicted East Moline who lingered long in the saloon. Every precaution is being taken by the health department, to check spread of the contagion. One of the patients at the pest house in Riverside park will be released this week.

**Plant Soon Ready for Operation.**—H. W. Campbell, who is to engage in the manufacture of ice cream in this city, arrived Monday evening from Clinton to take up work preparatory to opening his plant. N. W. Craig has the contract to erect a one-story brick factory, ground dimensions 25x65, and work will be started at once and rushed to completion. Mr. Campbell hopes to have his plant, which will be located on Sixteenth avenue between Fourteenth and Fifteenth streets, in operation within six weeks.

**Petitions for School Bonds.**—Twenty-five petitions were placed in circulation yesterday to the end that an election may be called at which voters of Moline may again express themselves on a necessity—the issuance of bonds in the sum of \$200,000 for a new high school building. Plans for a new school building were defeated at an election last year, when a bond issue of \$175,000 was sought. More than 700 signed the petition to call the 1912 election and less than 300 votes were cast in favor of the issue.

**East Moline Realty Soars.**—Prices are soaring in the wild scramble for business realty in East Moline. A. H. Denhardt Monday refused an offer of \$10,000 for a corner lot having frontage of 92 feet on Third avenue and a depth of 120 feet on Seventh street. G. L. Walker, who seven days ago bought an 80-foot lot at Eighth street and Second avenue, paying \$2,500 for it, sold Monday to H. H. Seibke and J. L. Greer at an advance of \$700. Two weeks ago C. R. Wood and H. H. Seibke bought a business lot, paying \$2,100 for it. Gus Seibke, brother of H. H. Seibke, Monday purchased Mr. Wood's half interest in the realty for \$1,500. Nels Monson is another who figured in the day's realty deals, purchasing property on First avenue between Fifth and Sixth streets for \$1,400 from J. L. Greer.

**I. N. G. Quarters Enlarged.**—In anticipation of the full recruiting of company F, Sixth I. N. G., and to advance the social interests of those who are members at the present time, a suite of four additional rooms in Skinner annex has been leased by the organization and this morning workmen, under the direction of R. E. Willis, lieutenant in command of the militia, began to make improvements in the quarters. In all \$1,200 will be spent. The quarters will be brightened, fitted for housing equipment, with reading and recreation rooms. Sixty steel lockers are to arrive from Aurora within a short time, and they will replace the 120 wooden lockers which now are in use. Two rooms will be reserved for the quartermaster and for storing supplies and equipment.

**Secretaries of Local Y.**—A shortage of men to meet the demands of the Y. M. C. A. in fields of South America and Mexico is occasion for the visit here of two secretaries of the Y. M. C. A. international committee. The demand for trained "Y" men in those countries is much greater than the supply available and the work is said to offer inducements in various ways. V. P. Bowe comes from South America, his headquarters being in Rio Janeiro, the Brazilian capital. A. E. Turner is the other man, with a similar position in Mexico City.

**Obituary.**—Word was received here Monday of the death of N. P. Halgren, a former resident of this city, which occurred in Los Angeles Sunday. He had been failing in health for the last four years and with his wife had spent the winter in the west in the hope of being benefited. Beside a daughter, Mrs. Emil Johnson of Moline, he leaves a sister, Mrs. Magnus Nyström of 719 Fourteenth street, and a brother, Charles Anderson of Davenport. Seven sons, beside the widow and the one daughter, are immediate relatives of the family in mourning because of his passing. Mr. Halgren was born in Sweden, Sept. 3, 1851, and at the age of 18 came to the United States, settling first in Chicago. His marriage took place there and shortly thereafter he came to Moline. He lived here two years, and spent several years at Big Rock and Benett, Iowa, before going to Vinton.

## DOCTORS FAILED TO RELIEVE...A KIDNEY MEDICINE ACCOMPLISHED REMARKABLE RESULTS.

About fifteen years ago I began ailing with backache and sick headache, also nervous trouble. For about nine years I received treatment from different doctors but did not receive any relief or benefit from their medicine. About six years ago I began using Dr. Kilmer's Swamp-Root and took same until I was entirely cured of my ailments. I am now well and strong and have not had to take any medicine for the past two years. I attribute the cure of my ailments to Dr. Kilmer's Swamp-Root and cannot praise the same enough. I would heartily recommend any person suffering with backache, sick headache or any nervous trouble caused by kidney disease to at once begin taking Swamp-Root, as I am positive it will effect a permanent cure.

Yours Truly,  
MRS. JOSEPH BOEHLER,  
113 Kansas street, Lawrenceburg, Ind.  
Subscribed and sworn to before me, this 18th day of October, 1911.

JOHN H. RUSSE, JR.,  
Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do for You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Rock Island Daily Argus.

# I Will Stake This Medicine Against Your Time

A Few Days Will Be Sufficient to Prove That You Are Curable

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives Uric Acid poison from the system and by so doing cures kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that I have something far better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is to go to the expense of compounding the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a so-called "sample," proof or test treatment, nor will I send you a package of medicine and say that you can use some of it and pay for the rest, but I will send you a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is intended, as it is not a "cure-all," and I give herewith a list of the symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms, write me, give your age, and your name and address. My address is Dr. Frank Lynott, 907 Deagan Building, Chicago, Ill. You promise me nothing; you pay me nothing. I will write you the numbers of the symptoms or a description in your own words, and that you take the medicine according to the directions I send you. It is my way of getting publicity for my medicine so that it will become widely known.

You will agree when you have used it that it dissolves and drives out uric acid poison. It tones the kidneys so that they work in harmony with the bladder. It strengthens the bladder so that frequent desire to urinate and other urinary disorders are banished. It stops rheumatic aches and pains immediately. It dissolves uric acid crystals so that back and muscles no longer ache and crooked joints quickly straighten out. It reconstructs the blood and nerves so that you soon feel healthier and more vigorous, sleep better and eat better and have energy throughout the day. It does all this, and yet contains nothing injurious and is absolutely vouched for according to law.

Sufferers from these dreadful and dangerous diseases can surely afford to spend a few minutes each day for a

DR. FRANK LYNOTT who will send medicine to anyone free of charge.

few days to demonstrate to their own satisfaction if they are curable, especially when you consider no expense is involved, and I willingly give you my time and my medicine. All any fair-minded afflicted person wants to know is if a certain thing will cure HIM or HER, and here is an opportunity to find out without cost, obligation or important loss of time. THESE FEW DAYS may be the turning point in your life.

All who are interested enough to write me for the free medicine will also receive a copy of my large illustrated medical book which describes these diseases thoroughly. It is the largest book of the kind ever written for free distribution, and a new edition is just being printed. I will also write you a letter of diagnosis and medical advice that should be of great help to you; but in order to do this I must know that you need my medicine. Write me the numbers of the symptoms that trouble you, and your age, and I will promptly carry out my promise. Show an inclination to be cured and you will be.

## These Are the Symptoms:

# PE-RU-NA A GRIP REMEDY

A Multitude of Cases Take It After Everything Else Has Failed.

ROBERT H. NORRIS

A great many people in this country have taken Peruna for the grip. They have taken Peruna in the first stage, when the first symptoms appeared. They find by experience that Peruna will abort the course of the disease. People who take Peruna recover much quicker. Comparatively few, however, take Peruna during the acute stage. Generally other medicines are taken at first, where doctors are employed. But when the disease becomes chronic, when recovery has been sufficient to enable the patient to be convalescent and yet all run down, out of sorts, easily fatigued, no appetite, when this stage of grip has been reached, then there are multitudes that resort to Peruna and they are never disappointed. Peruna restores them in a comparatively short time.

Grip is a catarrhal disease. Whether it spreads from person to person, or whether each person gets it direct

from the atmosphere is a mooted question. I will not discuss it, further than to say that if grip is passed on by one person to another it would be properly called epidemic catarrh. If, however, grip is taken from the atmosphere and not from each other, it would be properly called endemic catarrh.

Yes, grip is a catarrhal disease. An acute catarrhal disease. In some cases it resembles a common cold. There are some symptoms different. In tense aching of the muscles and bones. Tired feelings predominate. It comes on more suddenly than a common cold. There has been no particular exposure to cold to account for it.

Samuel M. York of Union Grove, Ala., says: "I was taken with the grip. This produced catarrhal deafness. After taking two bottles of Peruna I found myself well of the grip and my hearing was fully restored. My health is better than it has been in five years."

A great many people have a similar experience. Not only do they find themselves relieved of grip, but they find their health in other respects greatly improved.

band got some Peruna and improvement began in a very short time. I continued to use it until I was entirely well."

C. Happy of Hardin, Ray county, Missouri, "took a very bad cold and had a gripe last February," he says. "I took three bottles of Peruna and it cured me."

Similar letters are received frequently, without any solicitation on our part. They come to us through our regular correspondence, and of course represent only a small fraction of the cures made by Peruna of the grip in its various phases and stages.

Yes, Peruna, is a catarrh remedy. It matters not whether the catarrh is epidemic or endemic, or where the catarrh is located in the body. Peruna is an efficient, reliable remedy. One trial of it is all the recommendation that is needed to make Peruna a fixture in every home.

Robert H. Norris, No. 1233 Henry street, North Berkeley, Cal., whose portrait appears above, also used Peruna with great benefit. He writes: "We have never had any other medicine in our home but Peruna since we have been married."

"I suffered with kidney and bladder trouble, but two months treatment with Peruna made me a well and strong man."

"My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peruna she is well and strong." (Adv.)
