PRICR'S cream Baking Powder

Purity in food, lower cost of livingthese are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food

The most healthful foods are the quickly raised flour foods - biscuit, cake, muffins, crusts and other pastry, when perfectly made

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and largely substituted for meat in the daily diet.

some food.
