

TO HONOR DEAD IN FITTING MANNER

Memorial Day Exercises of the Woodmen of World Arranged for First of June.

Camp 85, Woodmen of the World, and Grove 27, Woodmen Circle, held their regular meetings last night at Math's hall. Three applications for membership were received and five candidates initiated by Camp 85.

Two applications were received by Grove 27. H. O. Larrance, F. C. Downs and C. T. Fuller were selected as a committee to arrange for the annual memorial day exercises of the order, which will be held on Sunday afternoon, June 1, at Chippawmuck cemetery, at which time the monument erected by the order to the memory of the late Sovereign Hugh E. Gavin will be unveiled. Camp 91 of Moline will participate in the ceremonies held at this time, and on Sunday afternoon, June 8, Camp 85 will attend the memorial services to be held at Riverside cemetery in Moline. Full details of the arrangements will be announced later.

Refreshments were served by Camp 85 after the meeting, and at the next meeting refreshments will be served by the ladies of Grove 27.

DEBATE TONIGHT

TO BE INTERESTING

The public debate this evening at Davenport between M. M. Mangasarian and Arthur M. Lewis on "Capitalism vs. Socialism" promises to attract much interest. The affair is to be held at the Coliseum under the auspices of the Ethical society. Many local people plan to attend as both of the speakers are noted students of economic conditions.

HIS CASE WAS

HOPELESS

Could Hardly Eat—Gradually Grew Worse—Relieved by Peruna.

Mr. A. M. Kerd, box 31, West Burlington, Iowa, writes: "I had catarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief, and finally one of my doctors sent me to Chicago, and I met the same fate. They said they could do nothing for me; said I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was offensive and I could not eat anything without great misery and I gradually grew worse."

"Finally I concluded to try Peruna, and I found relief and a cure for that dreadful disease, catarrh. I took five bottles of Peruna and two of Manalin, and I now feel like a new man. There is nothing better than Peruna and I keep a bottle of it in my house all the time."

Persons who object to liquid medicine can now obtain Peruna Tablets. (Advertisement.)

AT HIGH SCHOOL

It was announced this morning by A. G. Hill, manager of the local high school football team, that the game with Iowa City will be held in this city on October 4, instead of at Iowa City as was announced some time ago. The change is the result of the schedule of the University of Iowa football team. The Iowa City high school team plays the games on the University field, and the U. of I. team having a game at home, the scene of the battle was shifted.

Arrangements are being made for the junior class excursion to be given on the boat St. Paul on May 27. PENNY WISE;

POUND FOOLISH

You can buy butter for 25c, 28c, 30c, 35c a pound. Why?

You can buy two prin's of butter, each weighing a pound, yet one will contain more butter than the other. That is the answer.

Do you know how butter is made? When the butter "comes" they stop the churn, drain off the buttermilk and then wash the butter in water, drain it and wash it again. Then they work it—work out the water and buttermilk—work in salt. The more water that's left in, the more salt that's added—the more weight to the churnful.

A pound of this butter weighs a pound—no more, no less—but it's not all butter.

Hanford's butter is all butter. When the butter "comes" they wash it in the purest of water. Then drain and work all the water out of the butter. Then they work in just a little salt.

A pound of Hanford's weighs no more than a pound of any other kind of butter, but it contains more butter. Buy a pound of Hanford's. The paper wrapper will scarcely show damp—no water to seep out. Break it in two, note the grain, each butter globule intact and dry. You're not economizing to save a penny, and get water and salt for butter.

Buy Hanford's butter at H. R. Battles & Co.'s. It's the best and most for the money. (Adv.)

CULLOM IS IMPROVING

Senator Shelby M. Cullom of Illinois is considerably improved in health.

He spent much of yesterday sitting in his library. He is weak, but expects to be out soon. He said last

night that as soon as he became stronger he would go to New York to see the new model of the Lincoln memorial that the architect, Mr. Bacon, has constructed. Mr. Cullom's friends

say that his illness is partly due to the hard work he has put in, assisting upon the memorial project as special commissioner. He has been poring over plans and estimates of cost.

and studying samples of marble submitted and has also been busy in connection with the preparation of the site for the memorial.
