Mexico City.

MAY BE ANOTHER WEEK

Result of Vote Has Been Re-
pudiated, but Official An-
nouncement Is Desired.

Mexico City, Oct. 30.—Thorough search is being made by the police for further evidence of an alleged plot against the life of President Huerta disclosed by two women last night. The women declared several men had offered them \$300 to induce Huerta to visit them so the plotters would have an opportunity of assassinating him. The men named have been arrested.

Washington, D. C., Oct. 30.—That the next step in the Mexican policy of the administration has not been finally worked out and may not be announced for another week was indicated today at the White house.

Possibility that within a few days a definite announcement might be made by the Huerta government of the result of the election last Sunday is having the effect of postponing action by the United States.

While the election has been repudiated here, the actual formalities of proclaiming the result may have some bearing on the situation, for while this government has not taken any position, it is felt in many quarters that the United States should await formal action by the authorities at Mexico City before putting on record its rejection. President Wilson is carefully considering suggestions from his advisers.

Secretary Bryan left today to speak in the New Jersey political campaign. He said there was no change in the Mexican situation. He will return to Washington Saturday morning, and that day will address the voters of several Maryland towns.

TO TRANSFER DIAZ PARTY.

General Felix Diaz and party will be transferred from the battleship Louisiana to a New York and Cuba liner after the latter sails from Progreso. The date is yet undetermined. Instructions were sent Rear Admiral Fletcher today after a conference with President Wilson and Acting Secretary of the Navy Roosevelt. The fugitives will be transferred at sea to guard against arrest by Huerta authorities.

The number of invitations has not been finally decided upon, and detailed plans for the wedding are not yet ready for announcement.

ILLINOIS MEN WIN
NEBRASKA FARMSNine Successful as Government
Drawing Ends at North
Platte, Neb.

North Platte, Neb., Oct. 30.—Nine residents of Illinois have won claims in the government land drawing here. The bulk of the prizes, however, went to Iowa residents. Many from Council Bluffs and Sioux City were successful. Only four of the winners are from Wisconsin. The drawings were completed yesterday.

There were about 570 claims, but Judge James W. Whitten drew 2,000 names to allow for winners failing to qualify.

Fifteen thousand acres of the Fort Nebraska lands may be entered in 100-acre tracts, and all of the balance of the Nebraska lands and the forest reserve lands, which are situated in Grant and McPherson counties, may be entered in 640-acre tracts.

The former will cost the entryman the appraised price, which probably will be \$5 per acre, payable in five equal payments, but the latter will not be appraised and will only cost the entryman the \$14 filing fee.

Those who elect to file on the forest reserve lands must appear at the chapel at Hannibal, Neb., Nov. 17, and select their land, but those who desire to choose the Fort Nebraska lands will not file until April 1, 1914, at Valentine.

The land is valued at from \$4 to \$40 per acre. About three-fourths of it produces good corn, alfalfa, and potatoes.

The former are the Illinois winners:

Charles Wells, Charles E. Kett, 824 Baugh avenue, East St. Louis.
W. M. Riley, Clinton.
P. C. Bergen, Naperville.
Louis A. Schmidt, Belleville.
C. E. Anderson, Cambridge.
Stephen K. Koyes, Zion City.
P. S. DeWitt, Annawan.
J. R. Upton, Peoria.

MAKE PROGRESS
ON THE BRIDGESWork at Milan Is Being Rapidly
Pushed—Concrete Poured
Today.

Work is progressing nicely on the repairing of the Milan bridges which is in charge of Collins Bros. Today concrete is being poured and within the next few weeks the job will be completed.

It was at first thought that traffic would have to be suspended during the work. However, this has been found unnecessary. It is believed that the improvements when finished will put the bridges in excellent condition and that it will be years before anything further will have to be spent on them.

BY COLORADO STRIKERS

Trinidad, Col., Oct. 30.—Violence among the striking miners in the southern Colorado coal fields yesterday shifted from Ludlow and its immediate vicinity to Aguilar, six miles north of the big Ludlow tent colony. Possible federal complications were precipitated at the office of the Southwestern Fuel company, where a battle waged between strikers and a handful of mine guards.

After defeating the guards and recapturing the mine office, in which the postoffice also is situated, the strikers are charged with having knocked over a stove, setting fire to the building, which was destroyed, together with its contents of United States mail, money orders and money.

Postmaster Arthur Samples, late yesterday declared evidences were present that the mail had been rifled before the building was fired, since envelopes, opened, were found nearby, half burned.

The mine office also was destroyed with all its contents, the camp having been surrendered wholly by the guards. The firemen who were at work in the tipple house were the first of the working miners to be fired upon. They tied down the mine siren and deserted the place, which was then subjected to heavy fire. The 15 guards gathered at the postoffice until they had been overpowered by superior numbers.

The miners then went to the Empire mine of the same company and there began an attack. No resistance was offered them and they withdrew shortly, doing no more damage than riddling the boiler house with bullets.

No one was injured in either camp. The strikers' camp at Ludlow yesterday was devoid of all show of rifles and revolvers which had been so prevalent for the last two days.

Opportunity for Wilson.

Washington, D. C., Oct. 30.—President Wilson received by express today a fine fat opossum. "I am an old slave, time darkey," wrote Joe Farrow of McFarlan, N. C., the sender. "I heard some one sent you a sweet potato. Here is an opossum to go with it."

SULZER CASE
HEADING FOR
HIGHER TESTMove Made to Get Im-
peachment Question Be-
fore Supreme Court.

SUIT FILED IN NEW YORK

Plaintiff Contends That Consti-
tution of United States Is
Being Violated.

New York, Oct. 30.—A suit looking to bringing the Sulzer impeachment case before the supreme court of the United States was started today in the federal district court here by an injunction proceeding instituted by William H. Moore, an employee of the New York World.

The defendants include Governor Glynn, all state executive officers, state senators and judges of the court of appeals. The plaintiff asks that the present administration be enjoined from recognizing the decision of the court of impeachment and Sulzer be restored to office.

He sets forth that the federal constitution is being violated in that the government of this state, Sulzer having been removed, is not under the supervision and administration of a governor selected by the citizens of the state. This, it is contended, denied citizens a republican form of government.

SULZER ALSO NAMED.

Sulzer himself is also named as a defendant, but the reason therefore is not clear. Moore, who is a printer, said his action was inspired by his duty as a citizen and taxpayer. Shorn of verbiage, the petition charges a certain group of men consisting partly of defendants and partly of men unnamed with having obtained control of the state, many offices and vast funds for their sole use and benefit.

GARRISON IS DISCHARGED.

Hudson, N. Y., Oct. 30.—Supreme Court Justice Cochrane today discharged James Garrison, campaign press agent for former Governor Sulzer, under sentence for contempt, imposed by the assembly for refusal to testify in the impeachment controversy. Garrison was sentenced to imprisonment until adjournment of the legislature, but was paroled in custody of counsel. Cochrane held the assembly had no jurisdiction in the matter.

HOLDS TOO MUCH

It Does Individuals.

Kansas City, Mo., Oct. 30.—The national council of Congregational churches held its final sessions today. It will meet in New Haven, Conn. in 1915.

At a meeting of the church building society Dr. Lucien Warner of New York enlightened the delegates on "Business Principles in Christian Work."

"Too much help pauperizes the church just as it pauperizes individuals," was one of the statements of his address.

WARRINER FREED;

by Two Years.

Columbus, Ohio, Oct. 30.—After serving four years of a six-year sentence, which was shortened by good behavior, Charles L. Warriner, former treasurer of the Big Four railroad, was released today from the penitentiary. He expects to engage in fruit farming in some rural community. Warriner was sentenced at Cincinnati for embezzlement of \$642,000 of the Big Four's funds. He confessed the shortage. He had been manipulating his books for a period of many years.

Loveless? No. Dyspeptic.
Urbana, Ill., Oct. 30.—University of Illinois students, who are unable to study because of love worries, were told by Dean Thomas Apple Clark of the men's department yesterday it was indignation which caused their mental state. "Nine times out of ten it is indignation which causes you to fear that she has forgotten you," said the dean. "Indignation causes you to become homesick, to worry that you will not pass your studies and to become generally despondent."

Odds Against Tammanyite

Edward E. McCall.

Betting odds in the New York mayoralty contest are 10 to 4 in favor of John Purroy Mitchell, fusion candidate, and against Edward E. McCall, the Tammany nominee. When the campaign opened the odds favored McCall. The death of Gaynor, however, who was running on a third ticket, strengthened the fusion forces. The impeachment of William Sulzer, and the fight that gentleman is now making to defeat Tammany, are also factors which weaken McCall's candidacy.

NO MORE CHICAGO
OPERA FOR EASTCompany Breaks All Financial
Connections With New York
and Philadelphia.

Chicago, Ill., Oct. 30.—After this season the Chicago Grand Opera company will cut itself entirely free from eastern engagements and will make no further appearance in New York, Philadelphia, Washington, or Baltimore, as in previous years. It is the result of a definite breaking off of relations with eastern interests, indicated as probable last year. This year there will be the usual Philadelphia season, but thereafter the only engagements outside of Chicago will be those of a longer western tour.

With this announcement, made last night by one of the most active of the directors, came the further news that all the company stock hitherto held in the east has been purchased by Harold F. McCormick, placing not only control but full ownership among the Chicago stockholders.

As nearly as can be learned the artistic and temperamental differences have nothing to do with the decision, concerned purely with financial matters. Under the new arrangement the Chicago directors are confident that not only will Chicago have its own company untrammelled by eastern influence, but profits will be considerably larger.

"Under the old arrangement," explained the director, "we were entirely dependent for our eastern season on the guarantee of one Philadelphia, E. T. Stotesbury, which was all that prevented a regular deficit. He now will make arrangements with the Boston company to make flying visits to Philadelphia."

"We always made money in the once-a-week appearances in New York, but we as regularly lost it in Washington and Baltimore. The eastern engagements did not pay."

"On the other hand our western tour showed a book profit last year. This was wiped out by the too small reservation we made for depreciation in scenery and costumes, but that will not happen again for we will manage our own tour instead of leasing it. We will have a longer western tour and we will make more money."

"The local season will not be lengthened, for ten weeks is about all Chicago now can stand, but it will be our own company and we will be in a position to make ready changes as they appear advisable. I am confident the new arrangement, divorced from the eastern financial control, will be eminently satisfactory to ourselves and the public of Chicago."

London.—It is understood that King George is so dissatisfied with the biographies of his father, the late King Edward, which have already appeared that he has consented to the preparation of an authorized biography from state papers and recollections of intimate friends, under the supervision of Viscount Knollys, the late king's secretary. It is said that Lord Roseberry will be invited to write the biography.

Berlin.—The new United States ambassador to Germany, James W. Gerard, was received in audience by Emperor William Wednesday and presented his own credentials and the farewell letters of his predecessors, John G. A. Leishman.

PHYSICIAN TAKEN
UNDER MANN ACTDr. George E. Maley of Gales-
burg Accused in Federal
Grand Jury Indictment.

Galesburg, Ill., Oct. 30.—Dr. George E. Maley, a young physician of this city, was arrested yesterday by Deputy United States Marshal Tripp of Peoria on an indictment charging him with violation of the Mann act, and was taken to Peoria.

He was accompanied by his brother, Attorney John E. Maley, former president of the Knox County Bar association, who will conduct his defense.

The authorities are keeping secret the name of the young woman involved, but it developed yesterday that the alleged offense was committed in Iowa and that the indictment was found a week ago by a federal grand jury sitting in Keokuk.

A number of witnesses from this city were in attendance for the purpose of testifying that the girl was taken from this state.

It is said by friends of the accused that he denies the allegations of the indictment, and that when the time comes he will be prepared to show his innocence. Dr. Maley is a member of an old family of this section and a member of a number of fraternal organizations.

GRAY IN SCORING
OF A BRIDAL GIFTIndiana Congressman Character-
izes Mann's Subscription
Plan in Bad Taste.

Washington, D. C., Oct. 30.—Republican Leader Mann's plan for subscriptions from congressmen to the wedding gift for Miss Jessie Wilson was denounced in the house today by Gray, democrat of Indiana, who said the movement was "in bad taste." He declared only a few members knew the bride-elect, and he offered a resolution declaring that the members of the house "extend to Miss Wilson heartfelt congratulations and well wishes as a symbol of the solicitude of a great nation for the happiness and welfare of all of our people." No action was taken on the resolution. While Gray was speaking he waved a check for \$5, which he said he would give to "some little poor child who at Christmas time peers through the windows of a toy shop."

"The movement to give the president's daughter wedding presents has for its foundation only a desire to attract attention and a morbid desire for recognition," Gray said.

Mann ended the incident with the statement that it would be "hopeless to try to put into Gray's soul the expression which buds itself in the heart of every other member of the house. Other members do not need to be told why."

MRS. EATON
SET FREE BY
JURY BALLOTVerdict is Reached in
Murder Case After All
Night Session.

FIRST TEARS ARE SHED

Woman Breaks Down and
Thanks Men Who Give Her
Freedom.

Plymouth, Mass., Oct. 30.—Mrs. Jennie May Eaton was acquitted of the charge of murder of her husband, Rear Admiral Eaton, by the jury at 5:10 this morning. The jury retired at 6 o'clock last night.

Of the 200 who remained all night to hear the verdict, few were women. After the foreman announced the verdict Chief Justice Aiken warned the jurors to keep secret the proceedings in the jury room.

Mrs. Eaton thanked the jurors individually. As she did so she burst in tears for the first time since the trial started. She gave out the following: "I am glad most of all because of my aged mother, and my lame child. Both need me. I will go home late today. I hope a new life will be opened to me."

ATTORNEY EXPECTED IT.

"The verdict was what we expected," said Mrs. Eaton's chief counsel, Mr. Morse. "It frees an innocent woman, but leaves a mystery the end of the admiral, her husband."

Because of the prominence of Rear Admiral Eaton the trial of Mrs. Eaton, who was his second wife, attracted country-wide interest. The admiral took a prominent part in the battle of Santiago. After his retirement he settled down on a chicken farm at Assinippi, where he died March 8.

Mrs. Eaton was arrested March 19, and the trial began Oct. 24.

Removal as Receiver of
Chicago Coal Concern.

Chicago, Oct. 30.—Sensational charges were filed against Thomas J. O'Gara, president of the O'Gara Coal company, before Judge Landis in the federal court today. The company went into bankruptcy six weeks ago and O'Gara and former Mayor Busse were appointed receivers.

Important eastern stockholders, including Amos R. E. Pinchot, now ask that O'Gara be relieved as receiver. Among the charges are that O'Gara is under indictment in the federal court for receiving rebates from railroads, that the financial difficulties of the company are due to his mismanagement, that he diverted funds of the company to his personal use, that he retained \$400,000 due the company as commission on the sale of coal taken from the O'Gara mines, and that he used men and equipment of the company in private enterprises.
