

HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: (1) There is a boy who lives next door to me whom I met only two weeks ago. I have been living near him quite a while and have known him almost six months but have never spoken because I didn't seem introduced. Do you think I did right? am 14.

(2) Do you think a boy cares for a girl if she lets him kiss her? I have never allowed a boy to kiss me and I never shall; but the girls I go with do talk unkindly before the boys and the boys seem to like them and take them to parties. Why is that?

(3) My mother won't allow me to dance because I am organist at my Sunday school and she says Christians never dance. I play for dances, but mother doesn't know it.

(4) Do you think a man of 22 could fall deeply in love with a girl of 14 or 15?

(5) There is one boy who told another girl he thought I was a nice girl and he asked me to kiss him and I refused. Do you really think he cares more for me than if I had let him kiss me?

(6) If the boy who lived next door seemed to be a nice sort of boy and you knew that he was all right, it would have done no harm to say "How do you do" to him politely even if he had not been introduced. Of course that is only because you are a little girl of 14. If you were a young lady, the introduction would be quite necessary.

(7) Boys don't care particularly for girls just because they can kiss them. When those boys are older they won't want anything to do with the girls who were free with their kisses.

(8) I know a great many splendid Christians who dance, my dear. But if your mother objects it would be best to obey her until you are a little older.

(9) I do not, my dear.

(10) He undoubtedly respects you more and if any other boy should say anything against you he would not believe it, because he would remember that you acted right in his own case.

Dear Mrs. Thompson: (1) When a person tells you that you are cute, what does he mean?

(2) What should a young girl talk about when she is out with a young man, so he won't tire of her?

(3) When a young man asks to see you home and you have no objections, what should you answer him?

(4) There is a teacher at the school I attend that I like very much. How can I get her to like me?

(5) How can I entertain some young folks from 16 to 19 at my home?

(6) What would be nice to serve?

(7) In manicuring the nails should they be filed rather short or should they be long?

(8) Is it proper to dance the tango, grapevine and other dances like these among a club of girls?

(9) I suppose he is trying to pay you a compliment and refers to your general impression upon him.

(10) Talk about himself and his interests and he will never get tired.

(11) If you have your lessons and always show your copy and a sweet disposition, I do not see how she can help liking you.

(12) Most young folks like music and dancing. Get a book of parlor games at the book store and select those you wish to play.

(13) Several kinds of dainty sandwiches, cake, ice cream and a fruit punch. Orange-lemonade, with a few cherries in it, makes a nice fruit punch.

(14) Round the nails according to the curve of the finger. They should not be very short or very long, to be in good taste.

(15) Just among girls, it is merely good exercise.

them. Plans were discussed for the conference district meeting to be held at Spencer church in April. It was also decided to buy the literature used by the Home Guards, a branch of the mission society having as members the young girls of the church and taught by Mrs. Henry Carlson.

MISS VITTM TO ORGANIZE WOMEN

The improvement of municipal conditions, the methods and the part the women of the city are to take in such matters were the questions up for consideration at a called meeting of the civic department of the Woman's club of Rock Island, held yesterday afternoon at the public library. The advice of attorneys as to the legality of action by women was received and discussed with the result that the department voted to secure Miss Harriet Vittum of the Northwest settlement, Chicago, who addressed the department last week to assist in the proper organization of the women of Rock Island. The opinion prevailed that the most urgent need at the present time is to organize the women of the city for more effective service. In order to bring this about the executive board of the department was appointed a committee to divide the entire city into precincts and sub-precincts and appoint chairmen in charge of these divisions.

Miss Vittum in her address to the department last week suggested that the most efficient way of arousing interest in the women for civic righteousness is to call a mass meeting of women at some public hall and explain to them the best methods of procedure, and this meeting will probably be one of the features of Miss Vittum's visit to Rock Island. Miss Vittum is associated with Major Funkhouser in riding high from Chicago. She has a large fund of practical knowledge which she imparts in an impressive manner and her help will be of great benefit in the proper organization of the women.

Mrs. T. B. Davis, the president of the club, addressed the department briefly urging them to be loyal to their club, loyal to the work and loyal to their home city, for through loyalty great good can be accomplished.

Some discussion as to the advisability of giving publicity to the proceedings of the department arose and the matter was discussed pro and con, with the result that the Rock Island newspapers were given an expression of thanks for their cooperation and interest.

Dr. Miss Notavena Stock will act as accompanist to Mrs. Frykman.

A full attendance of the members should be attracted by the program of tomorrow as Miss McDowell is a very entertaining speaker and has a message for every woman. She is well versed in her subject and has a large fund of information from which to draw.

GOLDEN RULE CLASS ENTERTAINED.

The members of the Golden Rule Bible class of the First Methodist church were entertained yesterday evening at the home of the Misses Marian and Lois Hubbard, 1014 Twenty-first street. A short program had been prepared and consisted of readings by Miss Lydia Johnson and Miss Grace Mack, three vocal selections by Miss Violet Doney and a piano trio by the Misses Hubbard and Josephine Cook. A guessing contest was held, and Miss Josephine Cook was awarded the prize in the contest. Refreshments were served during the evening. The class will hold its next social meeting with Miss Hazel Beckwith, Feb. 19.

Mr. Ellison of Moline Baptist church and was witnessed by only the immediate families of the bride and groom. Immediately after the ceremony a wedding dinner was served. The bride was for a number of years employed as cashier in the office of Young & McCombs. Mr. Spickler has for the past two years been engaged in farming at Juanita, N. D., where the new home will be.

ECKHART-VARCO.

Miss Gertrude Varco of Austin, Minn., and Carroll Eckhart of Milan were united in marriage Wednesday at the home of the bride's parents in Austin. The bride has been in the training school for nurses at the Tri-City sanitarium and while in the city Mr. Eckhart was employed by the Abraham-Porter Construction company of Moline.
