

DAY IN DAVENPORT

Risks Life to Save Pet—Bravely risking her life to save her pet canary from the flames, Mrs. J. G. Schorr, plunged into her burning rooms, 120 East Third street, and was painfully, if not severely burned in the attempt, which was futile. The woman broke down and cried upon discovering the bird was dead. Frightened, when the fire first broke out, Mrs. Schorr left her rooms without her pet. Then realizing that the little songster was still in his cage at the mercy of the flames, she turned and reentered the burning building. The bottom of the cage had dropped out and the canary prematurely cremated. The woman was severely burned about the hands and face. Knocking the lamp from a table to the floor and spreading the flaming oil over the entire room, was the origin of the blaze. The blaze started directly beneath the canary's cage. The damage resulting from the fire was slightly in excess of \$150, covered by insurance. The fire was extinguished within half an hour after the start.

Auto Truck Forming Bad Habit—For the second time within two days, the big auto fire truck collided with another vehicle, this time choosing a street car for an opponent. The truck crashed into the rear of a Third street car at the intersection of Third and Brady streets, while running to a fire at 120 East Third street. Both truck and car were going east on Third street. As the street car neared Brady street it slowed down for the crossing. The big truck skidded into the car tracks. By an effort the driver of the fire truck succeeded in avoiding striking the car full in the rear, the bumper of the truck hitting only a glancing blow. It was of sufficient force, however, to almost derail the car, and the passengers were severely shaken up. The rear end of the car was crushed in by the apparatus.

City Exhibit to Be Brought—The Greater Davenport committee has invited the cooperation of the Rotary club, the Woman's club and the Commercial club in bringing to Davenport the city planning exhibition which is now touring the country under the auspices of the American City bureau of New York. The bureau is a clearing house for information concerning municipal improvements and community advice and an agency for increasing the efficiency of commercial, social and civic organizations. During the past year or two the bureau has been giving special attention to the city planning work.

Ex Factory Industry Planned—A big cigar box factory to be established at 769-11 Harrison street by P. N. Jacobsen, cigar manufacturer, is the latest addition to the manufacturing industry of Davenport. Mr. Jacobsen yesterday closed a long term lease on the property, which is owned by J. H. Raphael, and is now purchasing the machinery with which the plant will be equipped. The building will be extensively remodeled but will be in shape for the factory to start up by the middle of next month.

Licensed to Wed—Edward Bucheger and Minnie White of Buffalo, N. Y.; Charles C. Krambeck, R. R. No. 1, Davenport, and Leona L. Wieser.

Breaks Collarbone—Falling on the ice while skating late Wednesday evening, Sam Kell, son of L. M. Kell, 2206 Carey avenue, sustained a broken collar bone. The lad was also badly bruised about the body from his severe fall.

Falls From Tree: Fractures Wrist—Falling from a limb of a tree 20 feet to the ground, Emil Ruge, Rural Route No. 6, was painfully injured, suffering a fractured left wrist and bruises about the head and body. He was trimming a tree and a limb broke under his weight. Dr. J. S. Weber attended the injured man, who was taken to Davenport hospital.

Sues for Injuries—Byron W. Stacey, through his attorneys, has entered suit against the Bettendorf company, claiming damages for personal injuries in the sum of \$10,000. While in the employ of the defendant company, Mr. Stacey had his hand caught in the

scarfing machine and lost all the fingers on the left hand.

Obituary Record—Edward Pierce, 44 years old, died yesterday at a hospital, following a lingering illness of over one year's duration. Deceased was born in the state of Illinois, Jan. 30, 1870. He has been a resident of Bettendorf, Ia., for about two years. His wife, to whom he was married when a young man, died 10 years ago. Surviving are two sons, Claude and Jerry Pierce and a daughter, Mrs. Harvey Donovan, all of East St. Louis, Mo., a sister, Mrs. Kate Eliker of Sanburn, Ind., also survives. Mrs. Amelia Wilhelm, wife of Otto Wilhelm, died at the family home, one-half mile west of Mt. Joy, after a long illness of over a year. She was 29 years old. Her husband survives, besides three children, Flora, Anna and Helen Wilhelm. Her parents, Mr. and Mrs. Benjamin Mueller of Clinton, Iowa, are also survivors. The body was taken to the Runge undertaking parlors, where it will be held until the funeral, which will take place from there at 2 o'clock Sunday afternoon, with interment in Pine Hill cemetery.

TREASURE HUNT IS UPSET BY CUPID

Mrs. Albert Tietjen. San Francisco, Feb. 28.—No South Sea island pirate gold for Albert Doremus Tietjen, wealthy New York clubman, bon vivant and commodore of the Mount Vernon Yacht club. Cupid set his plans adrift, and on the eve of his proposed long voyage he married Miss Loella Gordenker, granddaughter of a famous Russian general and a favorite of Mr. and Mrs. Jack London.

The romance began four years ago when Tietjen saw a photograph when Tietjen saw a photograph pocket of Melvin Van Dine, a young attorney of San Francisco, who was best man. And the honeymoon nearly had a tropical setting, for it was understood by the bride that her stalwart husband was to take her on a trip he had planned six months ago, when he came to San Francisco with charts and maps and a determination to dig for a freebooter's spoils. Fate willed otherwise, for young Tietjen met Miss Gordenker and promptly fell in love. Then he decided to forego the treasure-hunting expedition and enjoy a honeymoon on land. He and his bride are now enjoying the wenders of Grand Canyon. Later they will visit other scenic points and then settle down in New York city.

All Nations to Enter in Globe-Girdling Aviation Race

Map Showing Principal Cities on Proposed Airship Race Route Around World.

The most tremendous aerial drama will be staged in 1915 when the signal is given for the 22,000-mile Panama-Pacific International Aviation race around the world for prizes of \$300,000 or more. Aeronauts from all civilized nations with every description of air craft driven by motors will participate. The event will compare with the crossing of the Atlantic by Columbus and the circumnavigation of the globe by Magellan in 1522. Arnold Kruckman, chief of the Panama-Pacific ex-

position bureau of aeronautics, will start soon upon a trip around the world, traversing the entire route, to establish control points and confer with commissioners that will be appointed by the various nations. The functions of this commission will be clearly separate from the aeronautical supervision of the race, which will be under the jurisdiction of the Federation Aeronautical International. According to the present plan the commission will be composed of five men, whose selection will be

placed in the hands of the President of the United States, the King of England, the President of France, the Emperor of Germany, the Czar of the Mikado and the Premier of British Columbia. The start of the race will be in May, 1915, from the aviation field of the Panama-Pacific International Exposition. Patrols of scout cruisers will be established to mark the trail over the oceans and lend assistance if needed. Each machine will carry at least two men and will check in at each control,

where it will be stamped. Repairs and rebuilding will be permissible. Aviators are confident that by May, 1915, such progress will have been made that success will be assured. It is probable that by that time the Atlantic will have been crossed so successfully that the competitors will be given the choice of rocks by mid-Atlantic or by way of Greenland. Circumnavigation of the globe will be the supreme adventure of our day.

CATARRH OF NOSE AND STOMACH

Restored by Peruna.

DR. DELBERT B. CRAFT, Ind., writes: "For a long time I suffered with chronic catarrh of nose, throat and stomach. I would continually take cold and my stomach was in bad condition. I truly suffered untold misery. I took various medicines and tried the treatment of several physicians, but I felt no better."

"A friend advised me to take Peruna. I wrote to the Peruna Medical Department, who prescribed treatment. As soon as I commenced to take Peruna, I was surprised at the relief it gave me. I kept on taking it until I had taken three bottles and was cured. I would advise all those afflicted with catarrh to use your remedy."

Those who object to liquid medicines can now procure Peruna Tablets.—(Adv.)

NEWBRO'S HERPICIDE AIDS NATURE AND KEEPS THE SCALP CLEAN FROM DANDRUFF

Reasonable care and effort are all that are required to enable almost any woman to have good hair. When the hair falls out and is stringy, uneven, dry, brittle and generally unsightly, the condition is nearly always due to dandruff.

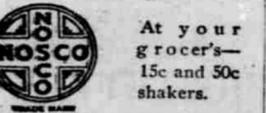

Dandruff robs the hair of its natural beauty and abundance. It is by checking the scale like accumulations that Newbro's Herpicide proves its value as a scalp prophylactic and is an aid to nature. A clean scalp, an increased softness and brilliancy of the hair, relief from itching scalp and an absence of falling hair are all indicative of the great efficiency of Herpicide. The hair properly treated and cared for becomes one of woman's greatest charms. Beautiful hair and lots of it may be the reward of every woman willing to devote a little personal effort to the use of the First and Original remedy compounded in harmony with the contagious theory of dandruff. The ab-

sence of an itching scalp is one of the first and most grateful manifestations of the efficiency of Herpicide noticed by the intelligent user. The preparation has a delightful and exquisite odor which alone would make it a popular hair dressing.

You can obtain a trial size bottle and booklet telling all about the hair by sending ten cents in postage or silver to the Herpicide Co., Dept. S, Detroit, Mich.

Your dealer sells Herpicide in two sizes, 50 cents and \$1.00, and guarantees satisfactory results or money refunded. Insist upon having genuine Herpicide and not some "off brand" said to be "just as good" preparation. There is only one excuse for the "off brand." It costs you just as much as the real article. Why take chances? Herpicide applications obtained at the better barber shops and hair dressing parlors.
