Day's News Happenings in Rock Island's Sister City

WOOD CONDEMNS PROMINENT MEN

Moline Attorney Bitter in Denunciation in Address at Moline Theatre.

George W. Wood, manager of the local option campaign in Moline, last evening speaking at a meeting at the Moline theatre renewed the debate which he had recently with C. A. Windle of Chicago and bitterly denounced a number of prominent Moline and Rock Island citizens for their activities on the other side of the question. Particularly strong was he in his attack on the Municipal League.

Replying to a charge that he is not a tax payer Mr. Wood asserted that he had paid \$135 this year as against \$123 last year, although he had added little or nothing to his wealth during the period.

Referring to Windle's answers to the questions he had asked the speaker said they were not satisfactory, failing to squarely meet the issue in most answers.

Miss Marie C. Brehm, the other speaker of the evening, declared that only through prohibition will temperance ever come.

SPONSOR FOR OUR NEWEST BATTLESHIP

Miss Lorena Jane Cruce.

Miss Lorena Jane Cruce, the daughter of Governor Cruce of Oklahoma, was sponsor for the giant dreadnaught Oklahoma, which was launched a few days ago. The accompanying picture of Miss Cruce was taken on the occasion of the launching.

tion with pneumonia. The home of the deceased is at 417 Fourth avenue, Moline.

Mr. Dally was born in Marshall county in 1856 and came to this city several years ago. Left to mourn the death are four sons, two daughters, five brothers and one sister.

Funeral services will be held Monday morning in St. Mary's church at 9 o'clock, with interment in the Holy Family cemetery in Davenport.

Michael Sheehan.

Michael Sheehan, aged 74 years, died last night at 8:59 at the home of his daughter, Mrs. C. E. Pingel, 824 Sixteenth street, after a short illness with pneumonia. The sickness was contracted from a cold which Mr. Sheehan caught at the funeral of one of his daughters recently.

Deceased was born in Ireland in 1842, and came to this country in 1870, locating at Davenport. At the death of his wife in 1908 he moved to this city to reside with his daughter. He was employed by the Rock Island lines.

Left to mourn the death are four sons, John of Kansas City, Thomas of Parsons, Kan.; Connie of Chicago, and Benjamin of Harrington, Kan., and four daughters, Mrs. J. Donegan, Mrs. C. E. Pingel, Miss Bess Sheehan, all of this city, and Mrs. Walter Randall of Kansas City. One sister and three brothers also survive.

Funeral services will be held from the home of the daughter, Mrs. C. E. Pingel, 824 Sixteenth street, Monday morning, at 9:45, and from St. Mary's church at 10:15. Father Parke will officiate and interment will be in St. Margaret's cemetery, Davenport.

340 VOTERS SIGN SCHOOL PETITION

More Than Enough to Place Proposition Before People at Coming Election.

At a meeting of the township high school board of East Moline, last night, the petition which was circulated among the voters calling for a vote at the polls this spring on the securing of a site for the new high school, was canvassed and it was found that 340 voters had signed the petition. This is 140 more than necessary.

Saturday, April 11, has been set as the date for the school election and five sites will be voted upon at that time. The East Moline Land company site on Thirteenth street seems to be the most favored because of its central location.

At last night's session the board named H. J. Best as clerk of the election, and L. F. Haemer and C. W. Hink, judges. Polls will be open from 12 to 7 p. m.

NEW HONOR FOR OLD SUFFRAGE WORKER

Mrs. W. H. Felton.

Cartersville, Ga., March 28.—Mrs. W. H. Felton, the oldest active suffrage worker in this country, and one of the only two women in Georgia who have ever been selected to represent their state in the national councils of any political party, at the advanced age of seventy-nine years has been appointed by the governor as one of the five trustees and managers of a new training school for girls.

Mrs. Felton is one of the best known women in the South. She was an able helpmeet of her husband, who was one of the most prominent men in the state in his day. Mrs. Felton is equipped with a caustic tongue and pen, and in spite of her advanced age, she does not hesitate to use both when occasion requires. She is an able debater and a close student of political history. She has been closely identified with the leading people in public life in the South for more than half a century. She is the author of a book of memories on the political history of Georgia.

Mrs. Felton was named one of the delegates at large from this state to the national Bull Moose convention at Chicago. Mrs. Helen D. Longstreet of Gainesville, widow of the late confederate general, was selected as her alternate. Both women are great admirers of Colonel Theodore Roosevelt and are intense and practical progressives.

Mrs. Felton has vigorously taken up her new work. It is her purpose to combine the state school with an industrial school, the nucleus of a fund for which was given her by Mrs. Russell Sage, who contributed twenty-five hundred dollars. In this way she hopes to create an ideal educational institution for girls, fitting them to take part either in the home or in industrial life, and giving them the foundation of a useful as well as cultural education, which shall broaden their minds while it trains them in physical activity.

Little Rock—Practically complete returns indicate the renomination by 2,009 votes of United States Senator James P. Clarke over William F. Kirby, justice of the state supreme court.

SENIORS PREPARE FOR CLASS PLAY

"Esmeralda," Drama, to Be Presented By High School Graduating Class, April 3.

Seniors of the high school who are members of the cast which is to present the drama, "Esmeralda," in the Moline theatre, Friday, April 3, are rapidly nearing perfection in the histrionic art and the coaches are predicting a great "hit" for the youthful actors and actresses. The play is written by William Gillette and Frances Hodgson Burnett and was first produced in the old Madison Square theatre, where it had a run of 350 consecutive nights, with such stars playing as Annie Russell, Agnes Booth and Leslie Allen.

FOUNDER OF SILVIS IS SERIOUSLY ILL

Reports from Silvis indicate that R. S. Silvis, president of the Silvis Land company and founder of the town which bears his name, is in a precarious condition suffering with a complication of ailments.

Mr. Silvis is one of the most widely known pioneers of the county. He is in such condition that physicians are in attendance at his bedside continuously. For a time it was feared he could not live but he has taken a turn for the better.

CHICAGO WINS 19 TO 17 IN INDOOR BASEBALL GAME

The Chicago team of the National Indoor Baseball league at the local Y. M. C. A., won last night from Pittsburg by the close score of 19 to 17. No other games were played and New York and Philadelphia still top the percentage column, each having won a game apiece without losing.

THE CHINCH BUG.

The present condition and distribution of the chinch-bug in its winter quarters in this state make it probable that at least 24 counties of western and west-central Illinois will be infested by chinch-bugs this year. This infestation may, however, be reduced by very wet weather in spring; on the other hand, if the weather is dry, it may be extended over several counties additional by the spread of the bugs over the country as they come out from their winter quarters, or by their rapid multiplication in districts where their numbers are small.

Our experience of the year 1913 has strongly confirmed the previous conclusion that wheat harvest is the best time to attack the chinch-bug in Illinois. Beyond a doubt a field of corn lying beside a field of heavily infested wheat can be completely protected against injury by chinch-bugs moving out of the wheat on foot at harvest time, by laying upon the ground between the fields a narrow line of No. 7 road-oil (from Whiting, Ind.), or of crude creosote, or of crude carbolic acid, renewing this line at intervals of one to three days or more, and trapping and killing the bugs by means of post-holes dug at intervals of about twenty feet beside the line.

Community Work—It is also certain that any farmer can virtually exterminate the chinch-bug infesting a field of wheat by surrounding it with such a barrier at the proper time and keeping the line of road-oil or creosote in an effective condition for a

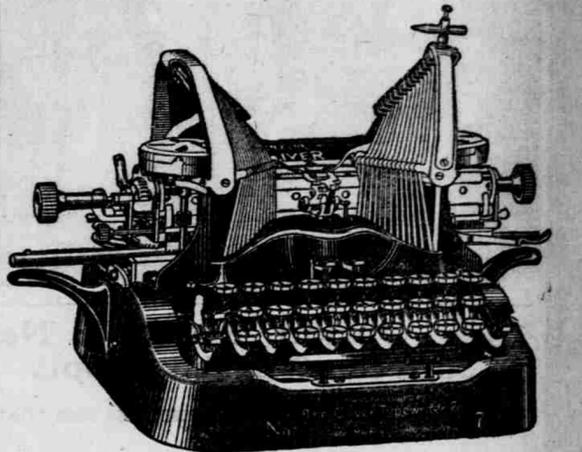

ANNOUNCING The New Typewriter Oliver No. 7

WE ANNOUNCE AN AMAZING MODEL—The Oliver No. 7—a typewriter of superexcellence, with automatic devices and refinements that mark the zenith of typewriter progress. A marvel of beauty, speed and easy action. Typewriting efficiency raised to the nth power.

The OLIVER No. 7 embodies all previous Oliver innovations and new self-acting devices never before seen on any typewriter. A leap in advance which places The Oliver ten years ahead of its time. So smooth in action, so light to the touch, so easy to run, that experts are amazed. A model that means to the typist delightful ease of operation.

A model that means a higher standard of typewriting, longer and better service.

The No. 7 is now on exhibit and sale at all Oliver Branches and Agencies throughout the United States.

The new model has more improvements, refinements and new uses than we can even enumerate here.

The "cushioned keyboard" with "anchor keys" and the new automatic features mean less work for the hands, less strain on the eyes, less manual and mental effort.

With all of these masterly mechanical improvements we have made the machine more beautiful and symmetrical. From every standpoint The Oliver No. 7 attains superlative excellence.

Nothing you could wish for has been omitted. The new devices, refinements, improvements and conveniences found on the No. 7 represent an enormous outlay and vastly increase its value—the price has not been advanced one penny. We shall even continue in force our popular 17-cents-a-day purchase plan, the same as on previous Oliver models.

The OLIVER No. 7 equipped with the famous Printype, if desired, without extra charge.

You owe it to yourself to see the new machine before you buy any typewriter at any price. Note its beauty, speed and easy action, its wonderful automatic devices. Try it on any work that is ever done on typewriters. Try it on many kinds of work that no other typewriter will do.

It is a significant fact that the typewriter that introduced such epoch-making innovations as visible writing, visible reading, Printype, etc., should be the first to introduce automatic methods of operation.

the county; and as the campaign proceeds, all necessary assistance will be given by field agents of the office in securing a timely supply of materials for the operations above described and in carrying the work on in the most effective manner.

Object of This Circular—It is the immediate object of this circular to invite officers of institutes and business organizations to call such meetings in the counties threatened, and especially in those counties in which no such organization work has heretofore been attempted. Hundreds of thousands of dollars in crop values may be saved by energetic and intelligent action in this direction; and some people may be encouraged and accustomed to organize and act together in cases of emergency where the common interest is concerned.

Every call for cooperation from this office will be honored, wherever at all possible; but to avoid conflicting demands, requests should be sent in at the earliest possible date. Full particulars concerning spring conditions and prospects, together with precise details of method of operation, will be widely distributed through the infested counties in due time and will also be sent to any address on application.—Stephen A. Forbes, State Entomologist, Urbana, Illinois.

CORROBORATION

Of Interest to Argus Readers. For months Rock Island citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Rock Island residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Argus reader.

Mrs. A. J. Johnson, 410 Ninth street, Rock Island, Ill., says: "I still think as highly of Doan's Kidney Pills as I did in 1909 when I publicly recommended them. I had been suffering from weak back and pains across my kidneys. After being on my feet for any length of time, I was tired out. Doan's Kidney Pills were so highly recommended that I got a supply at the Harper House pharmacy. They gave me relief at once and three boxes made me well."

For sale by all dealers. Price 50 cents. Foster-Milburn company, Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—(Adv.)

OBITUARY RECORD

Mrs. Alice Wallace.

Mrs. Alice Wallace died at her home, 127 Seventeenth avenue, East Moline, yesterday afternoon at the age of 35 years, after suffering for a long time with tuberculosis.

Deceased was born in Whiteside county April 16, 1879, and came to East Moline to reside five years ago. Left to mourn the death are the mother and two sisters.

Funeral services will be held Sunday afternoon at the home at 2 o'clock, with interment in Riverside cemetery.

Elmer Dally.

Elmer Dally died last night at the City hospital at the age of 58 years, after an illness of but few days' duration.

Army Dispersed, but Members Still Dangerous

Riot of the "army of the unemployed" at Sacramento (top) and "army" being ordered out of Oakland.

Though General Kelly's California "army of the unemployed" has been dispersed, its members are still dangerous and threaten to destroy property unless given work. The accompanying pictures were taken in California cities shortly after the army was disbanded.

ECZEMA ON SCALP ITCHED AND BURNED

Would Fester and Come to Head, Could Not Sleep, Hair Fell Out, Cuticura Soap and Ointment Cured in Two Weeks;

R. F. D. No. 2, Seymour, Mo.—"My scalp broke out with the pimples at the start. They itched and burned so much that I was compelled to scratch them and they would fester and come to a head and break out again. The trouble was attended by such burning and itching I could not sleep, also when I sweat it burned the same. My hair fell out gradually and the scalp kept rough and dry with itching and burning. After about two years the pimples broke out between my shoulders. My clothing irritated them. I was troubled with this eczema five or six years.

"I tried everything that was recommended without any benefit until I used the Cuticura Soap and Ointment according to directions, and Cuticura Soap and Ointment cured me sound and well in two weeks." (Signed) S. L. Killian, Nov. 22, 1912. For pimples and blackheads the following is most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Soap in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Sold everywhere. Liberal sample of each mailed free, with 25¢ Skin Book. Address Post-card "Cuticura, Dept. T, Boston, Mass." Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.
