TALBOT CLAIMS ALL THE STATES

Head Consul of Modern Woodmen Issues Statement on County Camps.

FEW CONCEDED DOUBTFUL

Illinois, Minnesota, Iowa, Nebraska, Kansas and Indiana Scare of Warm Fights.

Head Consul A. R. Talbot of the Modern Woodmen of America, under date of April 17, has issued the following statement:

So many hundreds of letters and inquiries are being received from interested members—from Maine to California and from Canada to the Gulf—it is impossible to take the time to reply in detail by letter, giving information eagerly sought as to results of county camps held on April 1. The great majority of the Modern Woodmen membership are loyal, conservative and believe in doing the right thing. They have entertained fears that the campaign of agitation carried on by office-seeking insurgent leaders would disrupt the society and through indifference on the part of those who at heart are opposed to such campaign, that these self-appointed leaders would mislead sufficient members to gain control of the society's management and hatch their revolutionary and dangerous policies.

The insurgent campaign against the head officers has failed. The office-seeking insurgent leaders have been repudiated, and the next head camp will, by a large majority, be composed of loyal delegates, in favor of reflecting the present management of experienced and tried officials.

Reports From Head Office.
 The results of the county camps, as reported to the head office from thor-

oughly dependable sources, is briefly as follows:

Delegates who are either instructed to vote for delegates to the head camp who endorse and will support the present administration at Toledo, in June, 1914, in the following ratios:

Unanimous and no opposition—Alabama, Alberta, Arizona, Arkansas, British Columbia, California, Connecticut, Delaware, District of Columbia, Florida, Georgia, Maine, Manitoba, Maryland, Mississippi, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Ohio, Rhode Island, Saskatchewan, South Carolina, Tennessee, Texas, Utah, Vermont, Virginia.

States that will endorse administration by a large majority—Colorado, Idaho, Kentucky, Michigan, Missouri, Montana, North Dakota, Oklahoma, Oregon, Pennsylvania, South Dakota, Washington, West Virginia, Wyoming.

Indiana—Eighty per cent for administration.
 Kansas—One hundred out of 148 delegates for administration.
 Nebraska—A safe majority of the state camp delegates are opposed to the insurgent program, not in sympathy with the personal fight made against Head Consul Talbot, and a delegation will be elected to the head camp supporting him.

Iowa—There will be a close contest in Iowa, but Director Korns has received sufficient reports to indicate that the insurgents will not control.

Illinois Claimed, Too.

Illinois—Due to the fact that the insurgents held "rump" or "bolting" county conventions in three or four large counties where they were outnumbered by the friends of the administration, the result in Illinois is more or less doubtful, but a telegram received after this bulletin was written, based upon a careful analysis of the situation, says: "Count Illinois won."

Minnesota—The contest in Minnesota is a three-cornered one, between the administration, the Sundean branch of insurgency, and the federation insurgents. Incomplete returns on this date indicate a possibility that the state camp may be controlled by the friends of the administration; at the same time, the Sundean strength will largely outnumber the federation insurgents that are fighting him, and it may be that neither one of these interests will, alone, predominate.

Wisconsin—Outside of Milwaukee county, the insurgents developed no unexpected strength, and the state at large is reported safely for the return of the present head officers and against the insurgent program of "against everybody and for anybody."

The Toledo head camp will therefore endorse the present administration and so amend our laws as to promote harmonious and constructive work.

CARBON CLIFF

Mr. and Mrs. Clark Corbin of Silvis, Prof. and Mrs. Henry P. Corbin, daughter Ruth and son Glen of Moline, were entertained Sunday at William Gerhard's home.
 Mesdames James Thompson and Claus Hanson, Jr., visited Saturday at Moline.

 Carl Lawrence of Alpha, spent Sunday at the John Swank home.
 Miss Juanita Bomberg of East Moline, visited a few days at the home of her cousin, Alma Schleuter.
 Mr. and Mrs. Emil Belowski and children spent Sunday at the home of Mrs. Belowski's father, John Lewis, at Coalton.
 Mr. and Mrs. Louis Roseman and sons Lawrence and Clifford, visited

VIRGINIA GIRL SPONSOR-IN-CHIEF UNITED CONFEDERATE VETS

Top, left to right: Miss Evelyn Stewart, Miss Virginia Kemper Lynch and Mrs. John W. Boswell. Bottom, Miss Rubenette Lee (left) and Mrs. Nathan Bedford Forrest.

Jacksonville, Fla., April 10.—Miss Virginia Kemper Lynch of Norfolk, Va., daughter of Dr. and Mrs. Junius F. Lynch, has been appointed sponsor-in-chief of the Sons of Confederate Veterans for the whole south for the reunion to be held at Jacksonville, May 6-8. The appointment was made by William W. Old, Jr., of Norfolk, Va., commander-in-chief of the Sons of Confederate Veterans.

Miss Lynch is one of the debutantes of the present season and her charming personality and Confederate ancestry entitle her in every way to this honor.

On her maternal side she is the granddaughter of James Lawson Kemper of Madison county, Virginia, before the war a member of the house

of delegates of Virginia for ten years and for two years its speaker; captain in the Mexican war under General Zachary Taylor; major general in the army of the Confederacy, and governor of Virginia from 1874 to 1878.

On her paternal side she is the granddaughter of Dr. Frank Lynch, colonel on the staff of General Joseph Wheeler and chief surgeon of General Wheeler's division, and the great-granddaughter of Commodore William F. Lynch, C. S. N., who, having resigned from the United States navy at the beginning of the war, commanded the Confederate naval forces at Roanoke Island.

Miss Lynch's maids of honor at the reunion will be Miss Evelyn Stewart of St. Louis, Mo., and Miss Rubenette Lee of Irvington, Va., the chaperone-in-chief will be Mrs. John W. Boswell

of Danville, Va., and the matron of honor will be Mrs. Nathan Bedford Forrest of Memphis, Tenn.

The various sub-committees of the reunion association are at work perfecting arrangements for handling the large crowd expected. Adjutant General Nathan Bedford Forrest of Memphis, of the Sons of Confederate Veterans, has transferred headquarters of that association from Memphis to this city, and is organizing a large camp of Sons here.

The reunion committee charged with the work of securing homes for the veterans and visitors has a force of men in the field canvassing the city for rooms and board. This work is under the direction of Walter Hawkins, a business man, and it is being done with systematic care. The reunion association realizes that

at the home of the former's brother, Daniel Roseman, at Coal Valley Sunday.

Verner Langer and Miss Alice Fahlstrom were Watertown visitors Sunday.

Claus Hanson, Sr., was a Moline business caller Saturday.

Mrs. Mildred Allison and daughters, Merle and Mildred, visited Friday and Saturday with her daughter, Mrs. Ella Anderson, at Moline.
 Miss Dorothea Weitz visited Saturday and Sunday with her sister, Miss Martha Weitz, at Rock Island.

Mrs. John Holland spent Friday at the home of her daughter, Mrs. P. W. Beckwith, at Davenport.

Mr. and Mrs. Joe Laughery of Matherville visited Saturday and Sunday with their daughter, Mrs. Chester Kennedy and son, Thomas Laughery.

Miss Annie Miller and niece, Irene Denhardt, visited with relatives at Barstow Friday.

Miss Edith Erdman of Moline visited with home folks Sunday.

Mr. and Mrs. Henry Eckberg and daughter, Viola, Mrs. George Haywood and Alvin Murry of Moline, were entertained at the August Schleuter home Sunday.

Carl Corbin of Silvis a business caller here Monday.

Mr. and Mrs. Steve Adams, daughter Beryl and son Richard of East Moline, spent Sunday at the Richard Milton home.
 Mrs. George Holand visited Sunday

this is one of the most important departments of the reunion work.

The entertainment committee is perfecting an attractive program. A prominent feature will be May Day festivities of public school children in one of the large parks. It is the purpose of the committee to make this feature one of the greatest school children spectacles ever seen in the southern states.

The work of raising the necessary money to defray the expenses of the reunion, while not yet completed, has advanced far enough to warrant the announcement that Jacksonville will have all of \$60,000, the amount determined upon last fall.

Over the Electric Wire.

Electric tire pumps are used in garages.

There are 375,000 telephones in use in Chicago.

In 112 there were in use in this country 8,729,582 telephones.

Wireless telephony is being tried out between Berlin and Vienna.

A new motor-driven machine crushes the ice and freezes the ice cream. Experiments are being made to dissipate fog by the use of wireless waves.

A water power development on the Green river will supply electricity for Kentucky coal mines.

It is now proposed to install electric steering equipment on the larger automobiles. Electric gear shafts are already in use.

The Stevens Creek hydro-electric plant was recently placed in operation to supply Augusta, Ga., with 15,000 horse power.

The largest floating crane on the Atlantic coast, in the navy yard at Charlestown, Mass., is equipped with electric power throughout.

Sparrows and pigeons dim the electric signs in New York during the recent cold weather. The birds flock to the signs for the warmth of the electric lamps.

The electric delivery trucks in use in New York City were not seriously hampered by the two blizzards which covered the city with snow last month.

It is said that 1,500,000 horse power remain to be developed from the water power of New York state. This would mean a saving in fuel bills of \$50,000,000 a year.

The pearl button industry of this country is centered in Iowa along the Mississippi. The shells of the fresh

water claims are made up into buttons by electric power.

No Sourness.

Assistant Professor Charles T. Copeland had reproved his students for coming late to class. "This is a class in English composition," he remarked, and added with sarcasm, "I'm not conducting an afternoon tea."

At the next meeting of the class one of the girls was 20 minutes late. Professor Copeland waited until she had traversed the room and found her seat. Then he remarked blithely, "How will you have your tea, Miss Brown?"

"Without the lemon, please," Miss Brown answered gently.—Lippincott's.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and a burning, scalding again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
