

DRYS AT OTTAWA CLAIM A VICTORY

File Protest, Asserting Five Persons Wrote in Local Option Proposition.

FOR COUNTY COURT TRIAL

Clerk Ordered to Produce Ballots Before Judge April 22—Novel Point Raised.

Ottawa, Ill., April 15.—Anti-saloon leaders here contended today that the drys won the township election a week ago in spite of the order of Supreme Court Judge Craig preventing the submission of the wet and dry proposition to the voters.

In a petition filed in the county court it was asserted that five voters wrote the anti-saloon territory proposition on the ballot and voted "yes" on the issue.

TRUST BILL MADE TO FAVOR LABOR

Revised Measure Offered in House Tones Down Most Drastic Provisions.

HAS APPROVAL OF WILSON

Unions Are Not Exempted From Prosecution, but Powers of the Courts Are Curbed.

Washington, D. C., April 15.—A revised administration trust bill, partly complying with the demand of organized labor that it be exempted from prosecution under the Sherman law, was introduced in the house today by Representative Clayton, chairman of the judiciary committee.

Representative P. Covington of Maryland presented a report on behalf of the interstate commerce commission urging the passage of a bill creating a trade commission, which shall preserve competitive conditions, but not regulate monopoly or control prices.

The new Clayton trust measure has been approved by President Wilson, and preparations will be made at once to pass it in the house. Consideration of the new bill will be begun by the judiciary committee on Thursday. The leaders say that a report will be made to the house within the next few days.

Labor Provision Main Feature. The outstanding feature of the anti-trust program is found in the provision dealing with labor. In the Clayton bill President Wilson gives formal notice that he is opposed to exempting organized labor and voluntary associations of farmers from prosecution under the anti-trust laws.

Section 5 of the Clayton bill gives a legal status to union labor as at present organized, but does not exempt it from prosecution for acts that are declared by the anti-trust laws to be illegal. As a further concession to labor Chairman Clayton embodied in the bill provisions limiting the power of the federal courts in issuing injunctions and providing jury trials in cases of indirect contempt.

The Clayton bill provides that labor unions as well as other "mutual" organizations "not having capital stock or conducted for profit" shall not be restrained "from carrying out the legitimate objects of such associations." This does not estop prosecutions of labor unions if they commit acts that are held by the bill to be illegal.

"Personal Guilt" Standard Held. Throughout the bill offered today the principle of "personal guilt" is applied to all offenses that are held to be unlawful. In the revised program Chairman Clayton has softened the provisions prohibiting interlocking directorates and holding companies.

The tentative "holding company" bill was criticized on the ground that it placed obstacles in the way of extensions that business men said in no way menaced the public welfare. The substitute provisions proposed in this regard are aimed only at what are known as "bad" holding companies.

Section 7 prohibits a corporation from acquiring control over a competitor where such acquisition might tend to the creation of a monopoly in any line of business. The prohibition does not apply to corporations purchasing stock solely for investment purposes.

Violation of the holding company prohibition is made punishable by a fine of not exceeding \$5,000, or imprisonment for one year, or both.

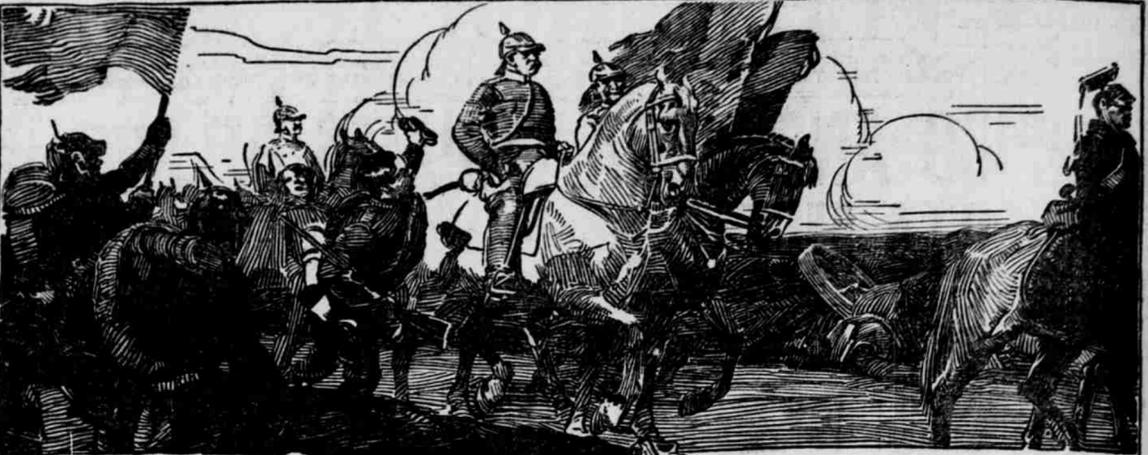

Bars Interlocking Directorates. Important changes were made in the provisions relating to interlocking directorates. The tentative bill dealing with this subject prohibited interlocking directorates among banks regardless of capitalization. The Clayton bill excepts all banks with resources of less than \$2,500,000 from the application of the proposed law.

There is another new section affecting private bankers and trust companies in all cities with a population in excess of 100,000. This reads as follows: "No bank, banking association, or trust company organized and doing business in any city or town of more than 100,000 inhabitants shall have as a director or other officer or employe any private banker or any director or other officer or employe of any other bank, banking association, or trust company located in the same place."

Violation of the prohibition against interlocking directorates is made punishable by a fine of \$100 a day for each day of continuance or by imprisonment for such period as the court may designate, not exceeding one year, or both.

Court Power Remains Limited. The provisions limiting the power of the courts in issuing injunctions and punishing for contempt are the same as those that were carried in the bills by the democratic house in the Sixty-second congress. Section 14 provides that no injunction shall be issued without notice unless it should appear to the court that the giving of such notice would result in "immediate and irreparable injury."

In such cases a temporary restraining order may be issued without notice. Such order shall expire within ten days after its issuance, and "shall define the injury feared and state why it was irreparable and why the order was granted without notice."

Bismarck—the Greatest of the Germans

BISMARCK, like all Germans, prized Personal Liberty as the breath of life—a NATURAL RIGHT to be guarded and defended at any cost. Among our millions of law-abiding German-American citizens there is not a man who does not consider it insolent tyranny of the most odious kind for any legislation to issue this command: "Thou shalt NOT eat this—thou shalt NOT drink that." Germans know that there is no evil in the light wines and beers of their fathers. EVIL ONLY IS IN THE MAN WHO MISUSES THEM. Fifty-seven years ago ANHEUSER-BUSCH founded their great institution upon the tenets of the Constitution of the United States. During these fifty-seven years they have honestly brewed an honest beer—the kind that has added to the temperance of nations. Their great brand—BUDWEISER—is demanded throughout the world. Its sales exceed any other beer by millions of bottles, proving it to be in a class by itself.

DAY IN DAVENPORT

Damage Suit Before Judge House.—Trial of the \$20,000 Flower damage suit against the Burlington road commenced yesterday before Judge A. J. House in the district court, the entire morning being taken up in the selection of a jury. The plaintiff, A. G. Flower, an engineer on the Burlington road, was seriously injured in a head-on collision with a Milwaukee train Dec. 31, 1913. He was pinned between the cab and the tender and only saved from death by the quick rescue work of other members of the train crew. Before rescued, Engineer Flower was seriously scalded about the face and body, in addition to being crushed and internally injured. The accident occurred at Princeton, Iowa. The plaintiff is represented by Helmick & Bondurant and the defendant by Lane & Waterman.

Student Knocked Down by Automobile.—Joe Fishline, aged 15, a student at St. Joseph's school, narrowly escaped death when in attempting to run across the street ahead of a bakery wagon he placed himself directly in the path of an automobile driven by Henry Jarchow. The boy was knocked down, his head badly cut and several teeth knocked out. The rear wheel of the machine passed over his left foot, tearing off the shoe, but falling to injure the foot itself. The accident occurred at the corner of Seventh and Marquette. Mr. Jarchow was driving his machine about five miles an hour. Detective Kinney witnessed the accident and was the first to run to the boy's assistance, loaded him into the auto and removing him to his home, 826 North Pine street.

Census Bureau Man Investigating.—Fred L. Mabey, Jr., of Washington, D. C., representing the bureau of the census, has arrived in Davenport to gather data on the financial condition of the city as well as the local schools, libraries, etc., for the purpose of making a report to the government. He expects to be here 10 days at least, and is now examining the records in the city clerk's office. Under an act of congress passed July 1, 1898, the department of commerce and labor was authorized to compile and publish annually a complete report of financial standing of cities having a population of 30,000 or more.

Club House is Damaged by Fire.—Fire yesterday damaged to the extent of \$100 a club house at 1827 West Sixth and owned by Julius Schultz. The fire originated from the ignition of leaking gas. The blaze was extinguished by the fire department shortly after the alarm was sounded. Fire started among railroad ties and rubbish at the rear of the Corn Products company plant, 1715 Rockingham road. No damage was reported.

Violate Sanitary Ordinance.—Two Greek proprietors of bakeries were haled into Justice Main's court and assessed fines of \$10 and costs for violation of the city sanitary ordinances. At the bakery operated by Jim Kokoras, 1507 Harrison street, Deputy Marshal Matt Lamb, who made the arrests, found a dirty, dark hole, in

which cockroaches were abundant, according to his statement. The deputy marshal discovered that men were using the bread mixing tables as sleeping berths. At the Kolodius bakery, 1425 Harrison street, similar conditions prevailed, according to Marshal Lamb's testimony.

Charged With Abandonment.—Charged with abandoning his 10-year-old daughter, Fred Rust was placed under arrest by Detectives Kinney and Brady. Rust and his wife have parted, according to the police, and the man agreed to pay a certain sum weekly in support of his daughter. It is alleged that these payments have not been met of late, and when the police learned that Rust was planning to leave town, his arrest followed.

Myrtle Smith has filed suit for divorce against Harvey L. Smith on grounds of desertion. She states that they were married Oct. 23, 1911, and that the defendant deserted her Nov. 12, 1913.

Licensed to Wed.—James Denham of Muscatine and Belle Enslee of Davenport, and to August Zingelmann of Clinton and Sadie Niessle of Clinton.

Clothing Store Burglarized.—Burglars succeeded in entering the Samuel Deutsch clothing store, 320 East Third street, securing two suits valued at \$25 each, together with a quantity of watch chains, fobs and other small jewelry. The depredation was reported to the police and detectives have been assigned to the case. An entrance was effected through a rear door, the lock being forced. The men evidently took their time, and selected their swag at leisure. The entire place was ransacked, but the men left no clue.

Clinton Couple are Wed Here.—The marriage of Miss Sadie Niessle and August Zingelmann, both of Clinton, Iowa, took place at the office of Justice Phil Baum, the justice officiating. The attending witnesses were Mr. and Mrs. James Woods. The groom is a switchman of Clinton, and the new home will be in that city.

Deny Death Due to Headache Powders.—Members of the family of Harvey Moeller and the attending physician, Dr. L. F. Guldner, deny that the death of Mr. Moeller was the result of an overdose of aspirin two weeks ago, but not sufficient to cause death. He had a weak heart and this, together with emphysema of the lungs and chronic bronchitis, are given as the cause of death.

Obituary Record.—After long and patient suffering, Jessie Davison Weir, wife of W. B. Weir, died at the family home, 1612 Prospect Terrace. Death was not unexpected, as for a month or more it was observed that there was no possible chance of recovery. Mrs. Weir had for the past 10 years been an intense sufferer from bronchial asthma. Deceased was born in Davenport April 1, 1869, being the daughter of the late Mr. and Mrs. Abner Da-

vision. Surviving, in addition to the bereaved husband, are two children, Mary, aged 14 years, and Annabel, aged 5 years. Two sisters, Mrs. C. A. Flicke and Miss Ella Davison, also survive. Mr. and Mrs. Flicke are now touring in Japan. In the hopes of advising them of the death, a cablegram has been sent to them at Yokohama. The funeral will be held from the family home tomorrow afternoon, with services at 2 o'clock conducted by Rev. Leroy M. Coffman of the First Presbyterian church. Interment will be in Oakdale cemetery.

Mrs. Edna Dobler, a former well known resident of DeWitt, Iowa, died at 8:30 o'clock Monday night at 904 Ripley street. Mrs. Dobler was born in DeWitt and reared to womanhood there. She made many friends and her demise will be sincerely mourned. She was 37 years old. Death is attributed to a paralytic stroke. She is survived by a husband and eight children.

Carl Schmidt, aged 75 years, died at Mercy hospital following a brief illness. To infirmities of age is attributed his death. Mr. Schmidt was born in Germany Aug. 8, 1835. He emigrated to

America 20 years ago, and since that time has made Davenport his home. Surviving is one daughter, Mrs. Bertha Witt, 1316 Warren street.

Edward Flanagan, 50 years old, well known labor contractor, died at his room, 228 1/2 East Third street, following a short illness. Mr. Flanagan was born in New Jersey March 10, 1864. He had been a resident of Davenport for many years. Surviving are a brother, John Flanagan, and one sister.

Charles Platz, a laborer, aged 46 years, died at a local hospital of paralysis. He had been a resident of Davenport for three years. He has a brother and a sister in York, Pa., who have been advised of his death.
