

## COMMISSION NOT TO CUT DOWN ON SALOON LICENSES

City Council Decides to Issue Permits to Those Now in the Liquor Business.

### NEW APPLICANTS BARRED

And Those Violating Law Will Be Stricken From List—License Fee \$800 and Closing Hour 11.

Provisions of the new saloon ordinance were given a thorough discussion again by members of the city commission yesterday afternoon in informal session. It is understood that some of the members favored elimination of the 11 o'clock closing feature and also there was some sentiment expressed favoring a license fee of \$700 instead of \$800, as originally proposed.

It is understood, however, that the members of the commission agreed not to oppose in open council any provision which the majority favored, so that when the measure comes up for consideration Monday it is expected the ordinance will be approved without debate.

It is said the commission is committed to the policy of saloon reduction, but that it was practically agreed that all licenses now in force would be renewed. No more permits, however, will be granted, and present saloons violating the law will be stricken from the favored list, the ultimate aim being one saloon for every 500 residents. This same provision is in force in Moline.

For the first offense a fine is to be imposed and the license suspended for a period, while for a second violation there will be revocation, with no opportunity for a re-issuance of the permit.

At the meeting of the commission a week ago the members voted unanimously to consider an amendment to the present saloon ordinance, providing that the present license fee be advanced from \$500 to \$800. It is now said that Commissioners Reynolds and Rudgren favor the \$700 fee and Mayor Schriver and Commissioner Hart \$800, leaving Commissioner Bear as the man who will probably determine what the amount shall be.

**Light Contract.**  
Terms of the new street lighting contract were also agreed upon by the commission yesterday afternoon at a conference held with representatives of the People's Power company. It was decided to make a five year contract and to install 200 arcs and 450 tungstens, the price of the former to be \$50 a year, the figure now being paid, and for the latter \$21 a year. There are now about 300 arcs being used. It is planned to dispense with all of the present carbon arcs and substitute the new magnetite light, such as is now being used so successfully in Davenport and Moline.

From Ninth avenue out the arcs are to be taken out and in their places 100-candle power tungstens are to be installed, thereby putting a light on every corner. The parks and boulevards of the city, which have long needed illumination, are to be properly cared for and the city given the best street lighting service in its history.

A committee from the Business Men's association, composed of J. J. Uhlmeyer, M. H. Sexton and Ralph Lamont, appeared before the commission and urged that the city hereafter pay for the installation of cluster light standards and for the current used. It is urged that this plan is followed in other cities. The commissioners, however, did not care to com-

mit themselves on the subject until after the financial budget has been agreed upon.

## Fletcher in Pledge of City Protection

Vera Cruz, April 24.—Rear Admiral Fletcher yesterday issued the following proclamation to the people of Vera Cruz:

"The United States naval forces under my command have temporarily occupied the city of Vera Cruz to supervise the administration of affairs on account of the present disturbed conditions in Mexico.

"All of the officers of the present city government are invited to continue in the discharge of their duties as heretofore. The military authorities will not interfere in any way with the civil affairs as administered by the local government, so long as the peace and good order are maintained in the city.

"All peaceful citizens are to live quietly in their homes and pursue their usual occupations and so long as they continue so to act they will be protected in person and property and all private rights and relations.

"The commandant gives assurances that the military interference with the civil government shall not extend beyond the absolute necessities of the occasion, and then only for the maintenance of law and order.

"The taxes and revenues of the city government will be collected as heretofore as directed by the law and the funds will be expended by the proper authorities in accordance therewith."

## 1,442 Vets of First Mexican War Living

Although it is nearly 56 years since the war with Mexico was ended officially, July 4, 1848, there were 1,442 veterans of that war upon the rolls of the pension bureau at the close of the last fiscal year, each drawing \$30 a month. There were also 5,123 widows of soldiers in that war receiving pensions from the government.

As there were only 20,954 regulars and 73,776 volunteers, a total of 112,730 American soldiers engaged in the struggle, who officially began 68 years ago, the soldiers of that period must have been a hardy lot, for a boy of 15 at the close of the war would now have passed the scriptural allotment of three-score and ten and been well on the second half of his fourth score of years.

The larger number of widows on the rolls is accounted for by the fact that, as in the case of the Civil war veterans, many hundreds of those who fought in Mexico under Scott took second and even third wives late in life.

Soldiers of the Mexican war and their dependents received no pensions for their services until nearly 21 years after the war closed, the first act for their benefit bearing the date of January 30, 1857. Since that time the cost of their pensions to the government, up to the close of the last fiscal year, was \$47,632,572.

## MIDSEASON SALE WILL OPEN MONDAY MORNING

Billings & Herzog to Inaugurate Another One of Their Great Bargain Feasts—Continues Two Weeks.

The announcement of Billings & Herzog, opposite Illinois theatre, that they are preparing another feast of bargains, beginning Monday morning, has created unusual interest. Through some lucky purchases in the big manufacturing centers this progressive firm is again enabled to offer some of the most exceptional price reductions ever heard of in this vicinity. This firm has established a reputation for offering real bargains, in fact, bargains that under the circumstances could hardly be duplicated anywhere. Everything will be found marked just as advertised, but of course the early shoppers will secure the plums, so be on hand early.—(Adv.)

## Some Things to Be Remembered In Fighting the Fly.

KEEP the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sickroom. His body is covered with disease germs. Do not allow decaying material of any sort to accumulate on or near your premises.

All refuse which tends in any way to fermentation, such as bedding straw, paper waste and vegetable matter, should be disposed of or covered with lime or kerosene oil.

Screen all food, especially milk. Keep all receptacles for garbage carefully covered and the cans cleaned or sprinkled with oil or lime.

See that your sewage system is in good order; that it does not leak, is up to date and not exposed to flies.

Pour kerosene oil into drains. Cover food after a meal. Screen all food exposed for sale.

Screen all windows and doors, especially the kitchen and dining room. Burn pyrethrum powder in the house to kill the flies.

Don't forget if you see flies their breeding place is in nearby filth. It may be behind the door, under the table or in the caspider.

If there is no dirt or filth there will be no flies. If there is a nuisance in the neighborhood with flies at once to the health department.

## TWO SANCTUARY VESSELS TAKEN OUT OF CHURCH

St. Joseph's Looted of Silverware Valued at a Hundred Dollars.

### SKELETON KEY EMPLOYED

Police Working on the Case But the Thief Left No Clues to Guide Them.

Two sanctuary vessels, valued at \$100, were stolen last night from St. Joseph's Catholic church. Dean J. J. Quinn discovered the loss on entering his church about 7 o'clock this morning. The theft was reported to the police.

The thief left no clue and it is doubtful if he had trouble in effecting an entrance. Dean Quinn is of the opinion the thief used a burglar's key. There are four entrances to the church and all the doors bear common locks easy to operate with a skeleton key.

### Poor Box Often Rifled.

Two years ago the church was robbed of candlesticks of considerable value. The thief was not apprehended on that occasion. Repeatedly Dean Quinn says, the poor box has been rifled.

The sanctuary vessels were used in church ceremonies Wednesday, showing that the robbery took place last night.

## ARMY RECRUITS ARE HARD TO SECURE NOW

In spite of the war agitation army recruiting offices in this vicinity are sending in less men than at any time during the winter. Only eight men had been recruited in the entire Davenport district, which includes seven up to the 21st of this month. The local office has secured but two recruits this month, Lee R. Benjamin of Delmar Junction, Iowa, being sent away yesterday. He was sent to the Jefferson barracks at St. Louis for preliminary training and assigned to the infantry.

It is stated that 15,000 men are needed to bring the regular army up to its full strength.

### Bowlers to Banquet.

The annual banquet of the Island City Bowling league will be held this evening at the Rock Island house. An inviting spread will be served at 9 o'clock followed by talks by the members, and the distribution of prizes. A program has also been arranged. It is expected that over 50 will attend.

### Two Motorcyclists Killed.

Ottawa, Ill., April 25.—Fred Wesmer of Varna and Eugene Reeves of Indiana were instantly killed near Varna yesterday when a motorcycle on which they were riding collided head on with an automobile. The driver of the automobile and the men on the motorcycle were blinded by dust which hid them from each other until it was too late to avoid collision.

## MUNICIPAL MATTERS

### SPECIAL MEETING HELD APRIL 10, 1914.

City council chamber, Rock Island, Ill., April 10, 1914. The city council met in special session at 10:30 o'clock a. m. Mayor Schriver and all commissioners present.

Commissioner Rudgren offered a resolution that the council canvass the vote of the special election held April 7, 1914. Carried by unanimous vote.

Commissioner Rudgren read the following report:

Rock Island, Ill., April 10, 1914. We, the undersigned mayor and commissioners of the city of Rock Island, county of Rock Island and state of Illinois, do hereby certify that we have canvassed the vote of the election held April 7, 1914, and that we find the results as follows, to wit:
