FRENCH BEAUTIES ALL SLENDER.

In Paris (the city of the world's most beautiful women) the first thing the tourist notes when studying the beautiful native women is the absence of plumpness or flesh. They are all ways slender and graceful and so active and attractive. The cause affects somewhat their physique, but most of them keep up a continual fight against increase of weight. One of the many good fat preventives and cures is easily made at home by mixing 4 ounces parnotis (all good druggists carry this) with 1 1/2 pints hot water. When cool strain and take 1 tablespoonful before meals until weight is just where you want it. This is a safe, harmless method of fat-reduction and does not depend on dieting or unusual exercising. The parnotic treatment is gentle in action and restores the symmetrical lines to the figure.—(Adv.)

1915 SHRINE MEET GOES TO SEATTLE

Vote Made Unanimous on Motion of Leader Losing San Francisco Contingent.

Atlanta, Ga., May 14.—After one of the sharpest fights in the history of the Mystic Shrine Seattle won over San Francisco the honor of entertaining the nobles in 1915. July was selected as the month of the meeting.

Motley Flint, past potentate of Al Malakiah, Los Angeles, and George Filmer, potentate of Islam, San Francisco, were the leaders of the San Francisco contingent in the fight to the last ditch. Opposing them was the eloquence of Dr. Mark A. Matthews of Seattle, one of the leading Presbyterian clergymen of America and moderator of the great assembly of the church in Atlanta last year.

In vain Potentate Filmer waved contracts with San Francisco hotels showing 4,800 rooms already reserved for the Shriners; in vain he promised them 15,000 rooms if necessary and pictured the glories of California. When the vote was called a count was deemed unnecessary. The nobles were asked to stand for their choice and a mad, enthusiastic crowd leaped to their feet and yelled for Seattle. They were easily a majority and the San Francisco potentate, George Filmer, bowing gracefully to the verdict, asked that the vote be made unanimous.

"I am a good loser," he shouted over the din, "and will work for Seattle in 1915."

And so the vote was recorded as unanimous.

The council yesterday promoted the highest officers in accordance with the long established custom. The following officers were elected:

Dr. Frederick R. Smith, Rochester, N. Y., imperial potentate.

N. J. Putnam Stevens, Portland, Me., imperial deputy potentate.

Henry F. Niedringhaus, Jr., St. Louis, imperial chief rabban.

William S. Brown, Pittsburgh, imperial assistant rabban.

Benjamin W. Rowell, Boston, imperial treasurer.

Charles E. Ovenshine, Minneapolis, imperial recorder.

Elias J. Jacoby, Indianapolis, imperial high priest and prophet.

W. Freeland Kendrick, Philadelphia, imperial Oriental guide.

Ellis L. Garretson, Tacoma, imperial first ceremonial commander.

Ernest A. Cutts, Savannah, imperial second ceremonial master.

James S. McCandless, Honolulu, imperial marshal, elected after the unexpected resignation of William J. Matthews of New York.

The Chinese national conservation bureau is considering reforestation at the headquarters of the Yellow river. The government report shows that this will ameliorate the torrents and

If you have difficulty making pour pancakes or griddle cakes brown to a turn, add a spoonful of sugar or half a spoonful of molasses to the batter. The little bit of sugar or molasses will not change the taste or proportions of the other ingredients.

PERSONAL POINTS

Mauritz Ogleblood of New York City was in the city yesterday on business.

Frederick Titterton, 816 Twenty-second street, left last evening for Mason City, Iowa, on a three days' business trip.

Mrs. Emily Kuhn left yesterday for her home in Ottumwa after spending several days with friends in this city and Moline.

Going Fast.
Once there was a hypochondriac who used to think that he was dying about three times a week. One day he was driving out in his automobile, and one of these spells came over him. On the road ahead of him he happened to see his family doctor speeding along in his roadster. He felt so sick that he applied all his power in order to catch up with the doctor as soon as possible.

But the doctor saw him coming, and he used all the gas he had to get away from him. For about three miles they had a close race. Finally, however, the doctor had some tire trouble, and the hypochondriac drew up alongside. "Doctor," he shouted, "stop a minute! I am dying! Darn it all, I'm dying!"

"You must be," grunted the physician. "I never saw anybody going so fast as you are."—New York Globe.

HOW TO AVOID DOCTOR BILLS

(Health Notes)
"Practically all sickness can be traced to impurities in the blood which accumulate during the winter months. If old and young alike would follow the old-time policy of taking a good blood-tonic each spring, there would be much less fever and sickness and, as a result, a big saving of doctor bills."

"The best blood-purifying tonic known can be made at home at little expense, by dissolving in 1/2 pint alcohol, 1/2 cup sugar and one ounce karene, then adding hot water to make a quart. This makes enough for a whole family and a tablespoonful taken before meals soon makes the blood pure and red, removing quickly all pimples, sallowness and lack of appetite. It is very strengthening to a tired, worn-out system, and gives one a world of energy and good health."—(Adv.)

HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: (1) What is good to make the face and hands white after they have tanned?
(2) I am thirteen years old and am going to graduate next year. Am I too low in school?
(3) I have a girl friend that likes the same boy that I do, but he does not care much for him, or her either. She is very jealous. What shall I do so she won't get so jealous?
(4) Am I too big to kiss a man of 24? Or shall I let him kiss me?
(5) I do not care about the boys, but they all like me. Should I care for them?
(6) I have lots of girl friends, but they are all jealous of me. What can I do or how shall I act so they won't be jealous?
BLUE EYES.
(1) Buttermilk or lemon juice. Lemon juice is apt to make the face sore if the skin is tender; if it does, dilute it with water and use it only every other day. Use cold cream the day after applying it.
(2) I presume you mean grammar school. You are a little low, my dear.
(3) Keep away from both of them, if you care for neither.
(4) You are getting old enough not to allow any men but your relatives to kiss you.
(5) You are too young to bother your head about the boys. They won't be mushy about you if you don't encourage them.
(6) Don't you imagine a little of the jealousy, dear? If you don't give them cause for jealousy, they won't be jealous, I am sure.

Dear Mrs. Thompson: I am a married lady and have a sister who is about fifteen years of age. Whenever she and I go up town there is a young man who speaks to my sister but not to me. When he speaks to her he smiles. Does he care anything for her or does he just speak to be friendly?
G. N. W.

I presume he likes her or he would not wish to speak to her. As she is so very young, it is probable that he feels only friendship for her. Why not ask her to introduce him to you the next time you see him?
