### **JOHNSON REFUSES** TO JUMP TO FEDS

Flattering Offer Made by Tinker Is Turned Down but May Go Next Year.

Washington, May 25 .- Organized ball, and the Senators in particular. will not part with Walter Johnson's good right arm this season. The speed king emphasized this point here last nght during a heart-to-heart talk with Manager Joe Tinker of the Chicago Feds, who stands ready to tender the former a record contract for three years' slab service on the north side team. For the present Walter will stick to his knitting with Washington, but sensational developments may be looked for in October, when his contract expires.

Tinker and Johnson talked for an hour in front of the hotel where the Chifeds stopped during their exhbition visit here. The Senators' marvel motored to the Chiefeds' headquarters, mingled with Tinker's athletes, then listened attentively to Joe's statement of facts as they now exist in the third major league.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dulf ache in the will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation,

thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood thereby avoiding serious kidney
