

MOLINE'S SECTION OF THE ARGUS

MOLINER SEEKING SENATORIAL TOGA

A. E. Danielson of Plow City Being Groomed for Race on Progressive Ticket.

LANDEE WOULD RUN AGAIN

Charles A. Clark of Sherrard Seeks Republican Nomination—L. K. Cleveland for Representative.

A. E. Danielson of this city, according to information handed out today by local bull moose, is being groomed for the senatorial race and is practically certain of being nominated for that office by the progressives at next September's primaries. The bull moose party also plans to nominate L. K. Cleveland for state representative.

The primaries will be held Sept. 9 for the nomination of state, county, congressional and senatorial candidates to be passed upon in November by the voters. Interest in the primaries is growing daily among local politicians and candidates for nomination are being boosted freely.

Clark Seeks Nomination.
Charles A. Clark of Sherrard, who ran for the office of state representative a number of times, but has always been defeated, is certain to seek the nomination on the republican ticket for state senator and his friends are starting an early campaign.

Landeek Seeks Renomination.
F. A. Landeek of this city, present state senator and who was elected on the republican ticket, is also certain to seek renomination.

The fight between Landeek and Clark will be a wet and dry affair, the former standing with the drys while Clark favors the wets. Mr. Clark depends upon the wets for nomination and the race between the two will doubtless be close. Clark has been endorsed for

the office of state senator by the Municipal Voters' league of Illinois.

BUILDING PERMITS FOR MONTH TOTALLED \$123,031

Building operations in Moline for the month of May showed a large increase over the corresponding month last year according to the monthly report of the city building inspector J. H. Wood, issued today. Erection of the Berglund block has added materially to last month's expenditures for improvements, bringing the total amount up to \$123,031. During May of 1913 buildings represented a total expenditure of \$80,000. But 65 permits were issued last month, while a year ago there were 74.

MANY LOCAL SWEDES TO ATTEND THE EXPOSITION

Many are leaving here for Sweden to attend the colossal Baltic exposition at Malmo this summer, and a number will combine this pleasant trip with a visit to their old homes in Europe. The following party of seven left this morning via the Rock Island line: Adolf Pearson, Adril Carlson, Joel Swanson, Louis Pearson, Elvira Swanson, Lillian Erickson and Berta Westerlund. A stop will be made at Niagara Falls, and the party will then board the steamer United States for the trip to the fatherland.

Swedish Olive Lodge Holds Meeting.
Members of the Swedish Olive lodge, No. 583, I. O. O. F., gathered last night at the lodge rooms, the third degree being conferred on a class of 11 candidates. After the degree work some interesting talks were made by officers and members in attendance, Mayor M. R. Carlson and C. W. Sandstrom being among the speakers. The subject of the two addresses was good roads. Following the social session a fine dinner was enjoyed.

Moline Centrals Win.
The Moline Centrals captured baseball games both Sunday morning and afternoon, winning from the Prospect Park Bandits by the count of 18 to 15, and from the Moline Federals, 6 to 3.

COLONEL WIMAN SUMMONED FROM HIS MOLINE HOME

Director of Deere & Co. Passed Away After Six Months of Illness.

KNOWN THROUGHOUT LAND

Loss Will Be Felt in the Implement World—Son of Erastus Wiman, the Financier.

Colonel William Dwight Wiman, director of Deere & Co., and a man of national repute, died this morning at 8:30 at Overlook mansion, after an illness extending over a period of six months. The colonel's health has been falling for the last year or more and for the past few weeks his condition had been considered dangerous. The end to a career of marked activity came this morning.

Charles Deere Wiman, a graduate of Yale university, and Dwight Deere Wiman of the Hill school, Pottstown, Pa., are on their way home and will arrive here probably tomorrow. The end came unexpectedly and there was not time to summon the sons before the colonel died.

Has Many Friends.

Colonel Wiman, it may be said, was a man of many friends, won to him by an optimistic disposition and his sympathetic traits of character. He traveled considerably during his life and is known from coast to coast, especially among men in the implement trade. In business he was distinctly successful and his loss will be felt in the implement world.

William Dwight Wiman, the son of Erastus Wiman, at one time general manager of the R. G. Dunn company, and a well known figure in the financial circles of New York City several

ARMY GIRL TO BE AN AUTUMN BRIDE

Miss Helen Heyl.

Miss Helen Heyl, daughter of Col. C. H. Heyl, U. S. A., and one of the prettiest girls in the army circle at Washington, will become the bride of Lieut. Milo P. Fox of the engineers early in the fall. The engagement was recently announced.

decades ago, was born in Toronto, Canada, May 14, 1860. He graduated from Lehigh university in Pennsylvania with the class of 1885 and immediately thereafter became connected with the General Electric company of Schenectady, N. Y., in his professional capacity as an electrical engineer.

In the October of 1899, Mr. Wiman married Miss Anna Deere, daughter of the late Charles H. Deere, pioneer plow manufacturer of Moline. Soon after the marriage the couple moved to Moline where Mr. Wiman became general manager of the Union Malleable Iron company.

Deceased won his rank as colonel on the staff of Governor Tanner. Always keenly interested in military affairs, he did much to foster the interest in local militia and for several years he was an officer of high rank in the Moline division of naval reserves.

Mr. and Mrs. Wiman resided for a number of years in Santa Barbara, Cal., for the benefit of the latter's health, but she died in 1906. The colonel then moved to this city and had resided here since that time.

Mr. Wiman had been actively engaged in promoting the interests of Deere & Co. for the past several years and he was a director of the firm at the time of his death.

Funeral Services Thursday.

Left to mourn in addition to the two sons, are one brother, Louis Wiman of Schenectady, N. Y., and one sister, Mrs. Norman S. Walker of New York city.

Funeral services are to be held Thursday afternoon at 3 o'clock from Overlook mansion and interment will be in Riverside cemetery. Rev. Arthur G. Mussen, pastor of the Christ church, will officiate, assisted by Rev. R. S. Haney.

OBITUARY RECORD

Funeral of Charles Sanden.

Funeral services for Charles A. Sanden were held at the home, 1127 Third street, Monday afternoon at 2 o'clock and at the Mission Tabernacle at 2:30. Rev. A. M. Johanson officiating. The church quartet sang. Pallbearers were Tric Brunstrom, August Lind, Sander Anderson, Nels Rosene, Nels Johnson and John Leaf. Interment was in Riverside cemetery.

Funeral of Mrs. Carl Nelson.

Arrangements for the funeral of Mrs. Carl Nelson have been completed and services will be held at the home, 2423 Fifth avenue, Wednesday afternoon at 2:30, and at the Swedish Lutheran church at 3 o'clock. The services at the home will be private. Rev. A. F. Bergstrom will officiate, with interment in Riverside cemetery.

ARVID LUNDAHL NAMED CHANCELLOR COMMANDER

St. George lodge No. 28, K. of P., held semi-annual election of officers last evening, which resulted in the election of the following members: Chancellor Commander—Arvid L. Lundahl. Vice Chancellor—Roy H. Kelly. Prelate—W. T. Kenyon. Master of Work—Hjalmer Lindberg. Master of Arms—E. A. Kilmer. Inner Guard—H. D. Warfield. Outer Guard—John Kebrer. Representative to Grand Lodge—A. E. Danielson.

INSPECTION OF NAVAL RESERVES IS PLANNED

Lieutenant W. C. Jirdinston, commanding the Moline division of the Illinois Naval Reserves, has received word from state headquarters at Chicago that Lieutenant Reno, U.S.N., will be here Thursday of this week to conduct a federal inspection of the local division.

WARNS PLOW CITY AGAINST DISEASE

Spread of Smallpox in Moline Results in Drastic Action by Health Department.

MANY CASES ARE REPORTED

Officials Fear Epidemic May Result—Children Suffer Most—List of Symptoms Issued.

"Because of the presence of smallpox in this locality, it is deemed proper to issue warning to the residents of Moline to check the spread of this disease," Dr. Perry H. Wessel, Moline health physician, says in a statement issued today.

"The smallpox encountered thus far has been in most instances of a mild type, the so-called varioloid, but nevertheless smallpox, and because of its mild form, has been largely neglected, for in a number of cases a physician has not been called to attend the patients. This has been a great mistake, for negligence has resulted, which is detrimental to the public at large. In other cases where a physician has been called at the commencement of the disease, he has been notified to cease making further visits when the patient 'felt better,' and about that time the eruption first made its appearance. This again has been a great mistake on the part of those responsible in the household.

"In some cases where children, already in the eruptive stage, have been sent home from school, their parents have allowed and even sent them into the business district and even into the streets. Therefore, to avoid further possibility of the spread of the disease in question, warning is given to those responsible in the homes to call a physician in all cases where the least sign of an eruption or 'breaking out' appears, and where doubt still exists to notify the city physician's office at once of all cases seen, whether in one's home or otherwise.

List of Symptoms.

"As regards the onset of smallpox, one may be suspicious of its presence if any or all of the following symptoms appear: Headache, especially in the back of the head and neck, backache in the 'small of the back,' fever, either mild or severe, a sensation of nausea or 'sick at the stomach' feeling, followed in three or four days by an appearance of red spots about the forehead and mouth, also on the hands, arms, legs and feet, followed in a day or two by small 'blisters' on those red spots. These blisters gradually change into pimples, turning from a silvery to a yellow color, usually flat at the first then dipped in the center.

"In all cases extreme care should be taken to isolate those so affected, not only by vaccination that 'takes' can away from the other members of the family and to allow no one to enter. vaccination. As to the question of the danger of infection with smallpox and only by vaccination that 'takes' can one feel reasonably sure of not being afflicted with smallpox.

Advise Vaccination.

"The advisability of vaccination is no longer disputed but is urged by all of sensible mind, and practically all of the cases now under quarantine in Moline are those who have never been vaccinated. As to the question of the length of time one may be free from smallpox after vaccination, it is generally conceded at least six or seven years, although in a number of people the time is much longer.

"In closing allow me to once more urge upon everyone the advisability of immediate vaccination, the calling of a physician in all suspected cases, and the reporting to this office of all cases known to be 'broken out' and not already reported. Failure to report a case of smallpox is punishable under the law and people in whose families there is a person who is broken out must remember this."

Nearly 50 cases are under treatment in Moline.

PARTY OF 16 OFF FOR ENCAMPMENT

Mayor Carlson Heads G.A.R. Delegation From Plow City to Mattoon.

Mayor M. R. Carlson, accompanied by 15 other delegates and visitors to the annual Illinois state encampment of the Grand Army of the Republic to be held for the next three days in Mattoon, left this morning for that city. The chief object of the local delegation is to get the annual encampment here in 1915 and a strong bid will be made by the mayor. Canton, a city of about 10,000 population, is also bidding for the 1915 meeting of the veterans, but it is thought that Moline will have no trouble in landing next year's session owing to its size, reputation as an entertainment center and the display of enthusiasm and support manifested by the city officials and business men. Following the big parade Thursday afternoon the matter of selecting the city to entertain the 1915 encampment will be taken up.

The following went from here: J. G.

Sholes, R. W. Wolever, W. A. Golden, John W. Dewrose, Daniel Fisher, Mrs. Samuel Longwell, Mrs. Joseph Bonham, Mrs. H. Harper, Loretta Garfield, Mrs. Harbey Gaskill, Mrs. Villa Geer, Mrs. Christine Hickey, George M. Gould, Mrs. Gertrude Neiswander and Mrs. Emma Smith.

L. O. JAHNS BOSS OF MOLINE TODAY

All Commissioners Absent From Offices With One Exception.

Commissioner L. O. Jahns is bossing the city today, as he is the sole commissioner who can be found at the city hall. This is because Mayor M. R. Carlson has gone to Mattoon to the G.A.R. encampment, while Commissioners C. V. Johnson, C. G. Anderson and E. L. Eastman have gone to Kansas City on a business trip.

The trip to Kansas City was made for the purpose of investigating the merits of a certain fire truck and apparatus with the end in view of possibly installing this type in Moline. The commissioners made the trip at the expense of the company seeking to secure the contract here. The commissioners will return Wednesday and will then leave for other cities to further investigate fire apparatus. The best possible equipment which can be secured for the money will be installed here. Fire Chief John Hawk is already in Ohio on an investigation trip and will be joined there by the commissioners.

INQUEST RESULTS IN OPEN VERDICT

Russell Morgan's Death, However, Due to Drowning, Say Physicians.

A coroner's jury in Chicago yesterday afternoon failed to solve the mystery surrounding the death of Russell Morgan, son of William R. Morgan, superintendent of the Deere Harvester company here. The younger Morgan met death by drowning in the lake a couple of days ago, his body being found in a battered and bruised condition. It is thought that suicide had been committed and physicians testified that objects in the water with which the body might have come in contact could have caused the bruises and battered condition of the dead man. Physicians also testified that death had been caused by drowning, but owing to the fact that there was not sufficient evidence at hand the jury returned an open verdict.

Russell Morgan left his Moline home April 13 for the purpose of going to Rochester, Minn., to undergo an operation for ear trouble. He had suffered from this cause for some time and the trouble brought on despondency.

RELIGIOUS TEACHING FAVORED BY PASTORS

The Moline Ministerial union at Monday's meeting here went on record as favoring the establishment of a unique system for teaching religion to the children in the public schools. Following the reading of a paper on "Religious Education" by Miss Violet Roberts came a discussion of the advisability of establishing a system here whereby all pupils in the grade school are to have one-half day each week for the study of religion. It would be compulsory for the pupils to go to the various churches and competent teachers would be engaged by the institutions to teach religion.

There are certain cities throughout the United States where this system is practiced and Rev. A. F. Bergstrom, pastor of the Swedish Lutheran church was appointed to take the matter up locally with the board of education. If satisfactory arrangements can be made the system will be inaugurated in Moline next year. Other business transacted was of minor importance.

WHAT IS THIS?

NO BLANKS. — I WONDER. GUESS

TAKE UP CANVASS TO SECURE FUNDS

Task of Raising \$100,000 for Augustana Hospital Begins This Week.

WILL BUILD IN MOLINE

New Lutheran Institution to Be Erected Near Rock Island Boundary Line in Plan.

The last big task of the campaign to raise a fund of \$100,000 for the building of a Lutheran hospital within the Rock Island district of the Augustana synod begins this week. When the plans for such an institution were first broached the city of Moline took time by the forelock and raised a voluntary subscription of \$28,000 with which a site for the hospital was purchased and presented to the board of directors.

The citizens of Moline, realizing that the hospital was not intended to serve the interests of that city alone, were anxious to have the institution placed as near to the Rock Island boundary as possible. A five-acre tract on Fifth avenue and Fourth street was therefore purchased for the site. This location is admitted to be the most attractive as well as perhaps the most suitable in the two cities. The hospital will then be centrally located to serve the twin-cities as well as the entire district, which includes all of Rock Island county, parts of Henry and Mercer counties, and Scott and Muscatine counties in Iowa.

Will Canvass District.

Prof. Jules Mauritzson of Augustana college and Rev. A. F. Bergstrom of Moline will have charge of the canvass in the country congregations and in the smaller towns of the district. The canvass in Rock Island will be handled by Peter Benzon, L. E. Jones and Andrew Kempe. The work will be taken up simultaneously throughout the entire district, and it is expected that the whole task will be finished within the next two months so that the actual work of construction on the new building may begin in the latter part of the summer. Plans for the hospital and the home for nurses are now being drawn by Architect Olaf Z. Cervin.

The building of this hospital will be the realization of a long cherished dream of Dr. O. Olsson, late president of Augustana college. He, together with members of the district, felt that such an institution was a desirable addition to the college and publishing house already located here. He presented a resolution for the consideration of such a project to a meeting of the Illinois conference in the '80s. A committee was appointed which took the matter under consideration, with the ultimate result that a hospital was authorized by the conference, but owing to the greater needs of Chicago it was deemed best to build it there. Augustana hospital of Chicago, the fruit of that earlier movement, is now an institution known far and wide for its excellent work, and the Lutheran hospital of the Rock Island district is going to be a worthy successor in the local field.

Cause is Worthy.

The cause is a worthy one and the solicitors look for a generous response to their efforts. It is hoped that Rock Island may do at least as well as Moline did in its preliminary subscription. Moline has continued the subscription work and has already added some \$4,000 additional toward the building fund. Though Moline already has two hospitals, it feels the need of additional facilities on account of its expansion in the manufacturing field, and Rock Island, growing rapidly as a manufacturing center, is also sorely in need of another institution where the sick and injured may find treatment and care.

Mrs. Rachel F. Avery and her daughter Julia, both students at the University of Wisconsin, will at the end of the term tour Europe on a motorcycle which has a chair attachment.
