

NEXT MOVE IN PEACE PUT UP TO CARRANZA

Rests With Him Whether Mexico is to be Paci- fied By Diplomacy.

MEDIATORS SEND NOTE

Huerta Delegates Place Position of Their Chief Before the Conference.

Niagara Falls, Jan. 3.—Attention of the mediators today turned to Carranza. From him must come the next move which will determine whether Mexico will be pacified by diplomacy. A way has been opened for participation in the conference by the constitutionalists if they care to come in.

Rafael Zubaran, member of the Carranza cabinet, who is in Washington, will have received today a note outlining the attitude of the mediators. According to those well informed it is difficult to see how the constitutionalists can refuse to enter the conference, so ardently have the mediators placed their positions before them.

Washington, D. C., June 3.—The note of the mediators dealing with the constitutionalist representation at the Niagara conference had not been received today at constitutionalist headquarters here. Rafael Zubaran, Carranza representative, was prepared to put it in code and despatch it immediately upon receipt to his chief. While Zubaran was unwilling to discuss proposals reported embodied in the message other constitutionalists here did not hesitate to express the personal view that Carranza would not consent to an armistice, nor discuss the international affairs of Mexico as an independent nation.

The killing of Weston Burwell of this city and a companion, believed to be also an American, by Mexicans in the Tampico district, two weeks ago, was confirmed in dispatches to the state department. Reports that Burwell was executed as a spy are being investigated by the governor of Tamaulipas.

Mexican Delegates' Statement.

The statement by the Mexican delegates announcing that General Huerta is prepared to withdraw from the government on condition that at the time of his withdrawal Mexico shall be politically pacified and the government succeeding his shall be such as to count on the acquiescence of the governed and the support of public opinion, follows:

"In accordance with the instructions which the Mexican delegation has had since the beginning of the peace negotiations its members declared at the first full conference; that is to say, in the presence of the mediating plenipotentiaries and of the delegates of the United States of America; that President Huerta's personality is not an obstacle to the reaching of a satisfactory conclusion.

General Huerta is prepared to withdraw from the government on condition that at the time of his withdrawal Mexico shall be politically pacified and the government succeeding his shall be such as to count on the acquiescence of the governed and on the support of public opinion, which constitute the real basis for peace and stability in any country.

"It has been and is President Huerta's wish to place on record that neither mistaken pride nor personal interest shall prevent his withdrawal, once the above named conditions are satisfied.

"The Mexican government accepted the mediation of the South American powers, Brazil, Argentina and Chile in a frank and open spirit and the Mexican delegation has been guided and will be guided in all its acts by perfect good faith.

No Outside Imposition.

"It should be unnecessary to say that President Huerta gave the Mexican delegation special instructions not to consent to anything which could hurt the sovereignty of the Mexican nation and to refuse a hearing in the deliberations of the conference to anything which might be construed as an imposition from the outside.

"For their own part, the delegates would not have accepted instructions of a different nature on these points; but they beg to state that hitherto they have had no occasion to refer them, thanks to the exquisite tact of the mediation plenipotentiaries and to the circumspection of the American delegates.

Maas Bottled Up.

Durango, Texas, June 3.—The federal forces which evacuated Saltillo and fled southward, is bottled up at Vanegas, 125 miles south of Saltillo by Constitutionalists General Gutierrez. The federal force is commanded by General Joachim Maas.

Arrivals from Mexico City continue to bring news of discontent with the Huerta government at the capital and disorganization of the federal forces.

FAKES HERO ACT TO GET INCREASE

Agriculture Bureau Watchman Yells Dynamite; Building Quickly Empties.

BOMB IN THE BASEMENT

Daniel V. Jauch Adopts Novel Means of Winning Recognition for His Service.

Washington, D. C., June 3.—Daniel V. Jauch, who confessed he placed four sticks of dynamite in the department of agriculture yesterday, that he might discover them, and win promotion for heroism, was held to the grand jury in default of bail on a charge of attempting to dynamite the building.

Washington, D. C., June 3.—Five sticks of dynamite with burning fuses attached were found late yesterday afternoon in the department of agriculture under the office of Secretary Houston and a panic resulted.

Daniel Vinton Jauch, a watchman, was arrested and admitted placing the dynamite. He said he hoped to prove himself a hero by "finding" it and giving the alarm and so getting an advance in pay. More money was needed, Jauch said, to support his aged mother, who lives in Springfield, O.

Jauch placed the dynamite in a spot directly under the office of Secretary Houston. He said that he carried the dynamite into the building and then shouted the alarm in the hope of making it appear that he had saved hundreds of lives at his own peril. The fuse showed that it had been lighted, but Jauch asserted he had burned a little of it the night before in his own room and had not set fire to it in the building.

He succeeded perfectly in creating a panic. Three thousand clerks, many of them women, rushed through the corridors and out of the building. Several women fainted. Jauch himself was almost overcome with nervousness.

Was Once a Soldier.

Jauch, who formerly was a private in the army, is said to have been under treatment for nervous trouble recently at the National Soldiers' Home Hospital.

Assistant Secretary B. T. Galloway was in his office adjoining that of the secretary at the time the explosive was found. Secretary Houston is in Missouri attending the commencement of the University of Missouri.

King Succeeds Felton.

Detroit, Mich., June 3.—Federal Judge Tuttle today appointed Paul King of Grand Rapids chairman of the board of receivers of the Pere Marquette railway, to succeed Samuel Felton, resigned. Felton is president of the Chicago Great Western railroad. He said his resignation was caused by press of other business.

LONDON SUFS WHIP DOCTOR AT JAIL GATE

Official Accused of Forcible Feeding is Rescued by the Police.

SLASH MORE PICTURES

Stylishly Gowned Militant, Arm- ed With Hatchet, Plays Havoc in Dore Gallery.

London, June 3.—As Dr. Francis Forward, medical officer at Holloway jail, was leaving the prison this morning he was whipped by two suffragists, as a "protest against forcible feeding, for which this beast was responsible." Forward was rescued by a policeman, but he refused to charge the women with assault. The police, however, charged the women with disorderly conduct. In October last Forward was attacked in a similar manner.

Suffragists early today burned the cricket pavilion at Earlfield, southwest of London. Another arson squad fired a residence near Belfast. The blaze was discovered and the damage was small.

A stylishly gowned suffragist armed with a hatchet entered the Dore gallery in the heart of the fashionable quarter of London, and ruined two paintings. She was hacking a third when an attendant named Bourlet seized her arm. The vandal turned it on the man and furiously rained a shower of blows on his body, seriously injuring him. She was arrested.

A letter was left in the gallery by the attendant's assailant in which she asserts that the militants heretofore have been too "ladylike" and adds: "To stop this you must give justice. We are willing to die for it, before we give in. We have tried all other ways and we have been too ladylike in the past. Now we are going to fight and you can allow us to be killed. Others will arise to take our places. I have joined the war." One of the pictures destroyed was "Love Wounded," a priceless engraving by Bartolozzi.

Two Editors Attacked.

Belfast, Ireland, June 3.—Two well dressed militants, one of them a giant, went to the office of the Belfast Telegraph and were ushered in to Managing Editor Stuart. The larger one walked up to Stuart with clenched fists and knocked him out of his chair. Her companion hurled a maulage bottle at his head. The women then went to the News Letter office and made a similar attack on Editor Anderson of that newspaper. He has since been confined to his bed under surgical treatment.

BUYS OWN COFFIN; DIES SAME NIGHT

Santa Barbara, Cal., June 3.—Joseph F. Kuehne, wealthy retired merchant of Jacksonville, Ill., entered a local undertaking parlor Monday, selected a casket, filled out his own death certificate and handed the undertaker a railroad ticket, completing all arrangements for the transportation of his remains to his Illinois home. "I'm dying here among strangers, and I don't want to leave any work for them to do," said Kuehne. He died during the night and yesterday the body was sent east.

MORGAN ALSO HAD J. ELTON'S GOAT

New Haven Director Opposes Some of Deals, but Decides to Hold His Tongue.

Washington, D. C., June 3.—James Elton, director of the New Haven railroad, testified before the commerce commission today that the acquisition of the Westchester and several trolley properties had for its end the improvement of terminal facilities in New York City and a comprehensive increase of the transportation facilities of the system. Elton did not approve personally what he termed "extraneous" in the purchase by the New Haven of some of its subsidiaries. He said the board depended largely upon the executive committee composed of the late Pierpont Morgan, William Rockefeller and Director Brush.

"We do not like to run counter to Morgan," the witness said, and added, that his disinclination probably was due to "timidity."

Sometimes the witness had sought information concerning deals approved by the board, but thought perhaps he was a bit "too thickheaded" to understand what the situations were.

WANTED--A JOB

SCANDAL IN NAVY HITS 2 OFFICERS

Paymaster on Presidential Yacht Is Transferred and a Lieutenant Dismissed.

New York, June 3.—The most unfortunate United States navy scandal in years is out despite the earnest desire of President Wilson and the most extraordinary efforts of Secretary of the Navy Daniels to suppress what lies back of the resignation of Edward C. Little, a past assistant paymaster attached to the presidential yacht Mayflower, "for the good of the service," and the sudden transfer of Lieut. Archibald H. Douglas from the Mayflower to the Asiatic station.

Five enlisted men reported Mr. Little to Secretary Daniels for misconduct on board the Mayflower. The reports followed a night of hilarity on the yacht, which began when the paymaster brought two women on board as his guests. It is said they had dinner and then continued the entertainment until morning. Lieut. Douglas was on duty at the time as officer of the deck.

A seaman, looking through a cabin light, saw such performances that he reported immediately to Lieut. Douglas. Douglas received the report and ordered the man forward. He failed to take any action as officer of the deck and after he was relieved from duty went below and joined the party.

Douglas and Little were two of the most popular officers in Washington. They had entered to the homes of the most exclusive families in that most exclusive of all social sets, the old Washington set, as well as to all of the social sets. As officers of the Mayflower they had entertained extensively.

The president's daughters and Miss Helen Taft have been not infrequent guests at entertainments on the Mayflower. The most popular of Washington's charming debutantes of the last season and the present frequently have gathered there for dances and dinners.

The two officers have been guests at the White house, and they have been guests of the secretary of the navy as well. Secretary Daniels realized fully how extremely disagreeable publicity for this scandal would be to the president, and to many of Washington's most prominent families. He made unusual effort to suppress it.

Secretary Daniels called into consultation and sought the advice of senior naval officers. Little and Douglas were summoned. President Wilson was consulted, and the president, while heartily approving the desirability of avoiding publicity, insisted that discipline be maintained, even if it meant the airing of the whole affair.

Hall Caine's Sister Dead.

London, Eng., June 3.—Lily Hall Caine, the actress, and sister of Hall Caine, is dead. She played roles in many plays, including the dramatized version of several of her brother's novels. Her husband was the late George D. Day, dramatic author and manager.

Washington, June 3.—Commander Scott of the gunboat Marietta, off La Romana, southern coast of Santo Domingo, reported yesterday that Sebo was surrounded by revolutionists and that all communication had been cut off from the besieged federal. The government fears Sebo will fall and expects an attack on La Romana.

ARE TO RESTRICT CRIME PICTURES

New York Censors Give New Rules Discouraging Women Smoking and Gun Play.

New York, June 3.—Motion picture censors yesterday announced more rigid restrictions on vice and crime films. The new rules were announced by Dr. Orrin G. Cocks, advisory secretary of the board. The board declares itself against films which feature sectional, national or race prejudice.

"Scenes which tend to weaken the religious spirit or to profane sacred things," will be condemned, "and drunkenness will be discouraged," it was announced.

One of the reforms established by the national board, section 29, is declared to have resulted in "the curtailment of those prolonged love scenes which are ardent beyond the requirements of the dramatic situation. The board recognizes the differences between expressions of affection and sensuality."

Women's smoking is to be discouraged. Opium joints, gambling scenes, dance halls, vulgar flirtations and other underworld scenes will be condemned.

The constant picturing of the use of guns, revolvers, knives, clubs and "wild and woolly west" films will be discouraged. "Social evil" films will be recognized where the facts are presented in a sincere way.

"Unwritten law themes" and "frontier justice" will be frowned on. Crimes barred are train wrecking and arson. Suicide also will not be shown.

FOR ARBITRATION OF CANAL TOLLS

Senate Foreign Relations Com- mittee Adopts Sutherland Resolution, 8 to 7.

Washington, D. C., June 3.—By a vote of eight to seven the senate foreign relations committee today adopted the Sutherland resolution, directing President Wilson to open negotiations with Great Britain for special arbitration of the Panama tolls dispute. The resolution now goes to the senate.

Stone, O'Gorman, Pomerene, Swanson, Smith, Arizona, democrats, and Smith, Michigan, and Borak, republicans, voted against it; Hitchcock, Williams, Salisbury, democrats, and Lodge, Root, McCumber, Sutherland and Burton for it. Three were not present.

O'Gorman declared the action would not affect the fight against passage of the repeal bill.

The resolution was debated vigorously. It was pointed out that the Sutherland resolution was not proposed as an amendment to the pending repeal bill, but that its passage would lead directly to the opening of negotiations for arbitration, no matter what became of that bill.

Thaw to Seek Release.

Washington, June 3.—The record of the extradition proceedings for Harry K. Thaw before the federal district court in New Hampshire yesterday reached the supreme court. It is expected that an application will be made within a day or two to Justice Holmes for Thaw's release pending a review.

CURE-ALL FAKE IS OUT OF BUSINESS

Kansas Remedy Company, Sell- ing an Eye Fluid, Draws Government Fire.

Washington, D. C., June 3.—The Professor H. Samuels Remedy company of Wichita, Kan., was put out of business yesterday by the issuance of a fraud order by the postoffice department. This order prohibits the use of the mails by this concern, which worked up its swindle entirely by use of the postal privilege.

The company advertised a "new and peculiar and secret remedy," which would cure any disease known to man and all those not known by specific names.

The remedy, "new and peculiar," constituted of colorless fluid which was dropped in the eye with a medicine dropper. The professor advertised that as the eye was the window of the soul, if there was anything wrong with one, all that was necessary to cure the ill was to drop a little of his remedy in the eye, wash out the soul through its window, and things would be made right.

A few of the ills and "new and peculiar and secret remedy" was advertised to cure were rheumatism, paralysis, bronchitis, consumption, diabetes, tumor, blindness, heart trouble, goitre, galledness and Bright's disease.

Inspectors of the postoffice department wrote the professor and received answers that the fluid when dropped in the eye would also correct a falling off in weight, bow legs, flat feet, sprained ankles, and epileptic fits—contingent upon the payment, of course, of a small sum, ranging from \$1 to \$5.

Wondering what such a remedy could consist of, the inspectors purchased samples and turned them over to the government chemists for analysis. They found the medicine nothing more than a little salt and sugar dissolved in water.

From the sale of this solution, which has absolutely no medicinal properties, the professor took in through the mails \$9,776 between July 1 and Dec. 31 last.

**LORD MERSEY ON
EMPRESS INQUIRY**

President of Titanic Disaster
Probe to Be Member of
Royal Commission.

Montreal, June 3.—News that Lord Mersey will be a member of the royal commission appointed to investigate the Empress of Ireland disaster was received with satisfaction here. Mersey was president of the Titanic court of inquiry, and it is assumed he will be similarly honored when the royal commission meets.

The Canadian Pacific Railroad and Steamship company's latest figures show 1,024 perished. The company has learned that there were 1,476 aboard the Empress of Ireland instead of 1,357, as heretofore stated, hence the increase in the death list. The total saved is now given as 452.

COURT HEADS OFF BIG RAID BY FEDERALS

Chief Johnson Restrained From Pitching for Kan- sas City Club.

JUMPS FROM THE REDS

Manager Stovall Declares Will Work in Every Town in Cir- cuit Except Chicago.

Chicago, Ill., Jan. 3.—Judge Foell, in the superior court of Cook county, today sustaining an injunction restraining "Chief" Johnson from pitching for any club than the Cincinnati Nationals, and by his decision stopped what was predicted would be the biggest raid on ball players in the history of the game. Scores in the playing ranks of organized ball were ready to "jump" to the outlaw league at the word that the Johnson case had been decided in favor of the Kansas City Federal club. The injunction, of course, restrained Johnson from playing only within the state of Illinois. He could have pitched in games outside, but the Kansas City club declined to let him, rather than take a chance of prejudicing its case.

Stovall is Defiant.

Kansas City, Mo., June 3.—"We will pitch Johnson in every city in the league except Chicago," declared Manager Stovall of the local Federals when informed of Judge Foell's decision.

POSSE CAPTURES AUTO BANDIT TRIO

Chicagoans Operating in Stolen Machine Confess to Sev- en Burglaries.

Joliet, Ill., June 3.—Three Chicago men, who are said to have confessed to a brief but active campaign of burglary with the automobile stolen in Chicago Monday night, were captured after a harmless exchange of shots near here today by the chief of police of Joliet at the head of a posse. It is said the men confessed to seven burglaries in the nearby town of Morris last night.

DISMISS CHARGES IN WINTERS CASE

Father and Stepmother of Miss- ing Girl Are Held Guit- less by Prosecutor.

Newcastle, Ind., June 3.—Charges of conspiracy to commit murder which had been filed against Dr. W. A. Winters, Mrs. Myrd Winters, his wife, and Ross Cooper were dismissed yesterday afternoon by Prosecuting Attorney William R. Myers.

Judge Jackson of the circuit court of Henry county called Dr. Winters and his wife, parents of Catherine Winters, who disappeared a year ago, and told them they were released from the bonds of \$1,000 under which they were placed Monday.

There will be no further investigation of the case except such action as Dr. Winters takes. He will continue soliciting funds with which to carry on the search for the missing girl.

There now is only about \$100 in the search fund, which is in charge of Mayor J. Leeb Watkins. He said that if no definite search is continued the money will be turned over to the citizens' committee for disposal.

The committee held a short meeting yesterday in the mayor's office to learn the cause of the departure of Robert H. Abel, a private detective, who had been working on the case and whose affidavits caused the arrests of Dr. Winters, his wife and Cooper. Abel dropped the case Monday afternoon after a series of allegations.

Mr. Abel was found at the Hotel Loraine in Indianapolis yesterday. He repeated his assertion that he would not return to Newcastle until a special prosecutor had been appointed.

Prosecuting Attorney Myers "stood pat," declaring that he would require more and better evidence than had been unearthed by the detective before he would proceed with the case.

Bank President Suicides.

San Francisco, Cal., June 3.—George Luchsinger, president of the Humboldt Savings bank, one of the largest institutions in the city, committed suicide with gas. Financial worry was the cause. Officers of the bank said his accounts were in good condition.
