

MANGLED BODY IS FOUND ON TRACK

Remains of Unidentified Man Discovered Near Walcott on Rock Island Right of Way.

IS FRIGHTFULLY CRUSHED

Victim Wore Blue Serge Suit—Thought He Was Bum Beating His Way on Railroad.

An unidentified man was killed and his body mutilated beyond the semblance of recognition by a Rock Island train, supposedly a freight, between Davenport and Walcott at an early hour yesterday morning.

R. E. Kennedy of Walcott discovered the body between 7 and 8 o'clock in the morning. It was strewn along the tracks about five miles out.

The victim of the accident was dressed in a blue serge suit. This was also cut up little remaining of it except the coat.

The coat contained the mark of the Monroe Clothing shop, Chicago, and the souvenir bill fold was also from a Chicago bank.

WEIRD LIGHTNING A STORM FEATURE

High Wind and Electrical Display Accompany a Mid-night Rain.

SOME TREES BLOWN DOWN

Farmers Anxious for Few Days of Dry Weather to Get Their Crops in Shape.

The weather man served the tricolor with another storm last night between the hours of 12 and 1 o'clock. Though not as severe as the previous storm, it surpassed all others in brilliancy of the electrical effect.

The firemen made a run shortly after the storm to the home of A. P. Dehr, 610 Forty-fifth street. A wire between the second floor and the ceiling became short circuited, supposedly from the storm, and the flooring started to burn.

Pray for Dry Weather. Instead of praying for rain the farmers and truck gardeners in this vicinity are pleading with J. Pluvius to stop his activities.

George W. Wood, Busy in Court, Unable to Appear to Face Charge of Speeding.

Special State's Attorney George W. Wood, Moline, arrested Tuesday by P. J. Carey, on a charge of speeding, was unable to appear in police court at 9 o'clock this morning and face the charge, as he was busily engaged with work in circuit court.

Attorney Wood, in talking to Magistrate Smith over the telephone, asked that the case be heard at 3 o'clock this afternoon, but it was continued until Monday morning.

LITTLE INTEREST IN THE ELECTION

Public Seem to Have Forgotten Selection of School Directors Next Tuesday.

The annual school election to be held next Tuesday, for some unaccountable reason, has aroused little or no interest in the city.

Although the selection of members of the board of education is a very important matter and one in which every resident should have a vital concern, up to date there has been little campaigning done or publicity given to the approaching balloting.

The terms of Allan D. Welch and A. D. Sperry expire this year. The latter, who was elected last year to fill a vacancy caused by the resignation of S. R. Kenworthy, refuses to stand for reelection. W. H. Thoms was urged to make the race and consented to do so and his nominating petition, together with that of Mr. Welch, was first to be filed. Later the petitions of Andrew Olson and Frank Gerlich appeared.

The election is to be held on the first floor of the high school building, the polls being opened from 8 to 5. Heretofore the central voting precinct has served as the polls, but the recent agitation of the Women's club for more desirable voting places resulted in the selection of the school building. The women, as in the past, are expected to be a strong factor in the election.

GREAT EXCITEMENT.

At Young & McCombs' Store. During the morning a near riot was narrowly averted at the great department store of Young & McCombs, when two women in a fever of excitement, tried to buy the same piece of silk dress goods.

As there is a big 20 per cent discount sale on at this store now great crowds filled the aisles and thronged the many departments in their efforts to obtain the genuine bargains being offered today.

It seems that one woman had set her mind on getting a certain piece of silk, but when she turned around to speak to a friend, another shopper took the piece, which contained just enough for a dress, and told a clerk to wrap it up. An argument followed immediately, but the courteous saleswoman smoothed over the little difficulty and both women left with their purchases, to enjoy the joke over a cooling ice cream soda in the tea room.—(Adv.)

The Land of Long Words. Humboldt once said that nothing in Mexico strikes Europeans more forcibly than the excessive length of the words. This length, moreover, does not always depend on their being compounded, as in the Greek, the German or the Sanskrit. Thus the Mexican word for that simple thing, a kiss, is tetennamiquiliztli.

But that is nothing, says Mr. Charles W. Denville-Fife in his book on Guatemala, to what the Central American can do. His best efforts eclipse even Shakespeare's often quoted "honorificabilitudinitatibus." In "Love's Labor Lost" for if you wish to call the boy who carries newspapers, you have but to murmur "amatlacuollitquiteatlahuillit" and he may possibly come.
