RADICAL CHANGES MADE BY SOCIETY

Belgian-American Alliance Closes Annual Convention at Chicago.

Radical changes in the bylaws of the Belgian-American alliance that will tend to further Americanize the character of the organization were made during the annual convention that has just closed in Chicago.

The most revolutionary of these changes is the discarding of the Flemish language as the one official tongue that may be used in all meetings of the organization. In the future there will be three official languages design-

nated—English, Flemish or French. Incidentally this departure opens the door of the alliance to the Belgian club whose only official language is English.

There were numerous other changes in the bylaws and Moline delegates declare that the session just closed was not only the best attended, but was also the most fruitful convention of the society ever held.

Annual election of officers resulted in Moline gaining one important position and retaining another. Arthur C. Vander Vennet was chosen as vice president of the organization, while Gaston Veys was reelected to the position of secretary. It was decided that in the future conventions will be held twice a year. Officers elected:

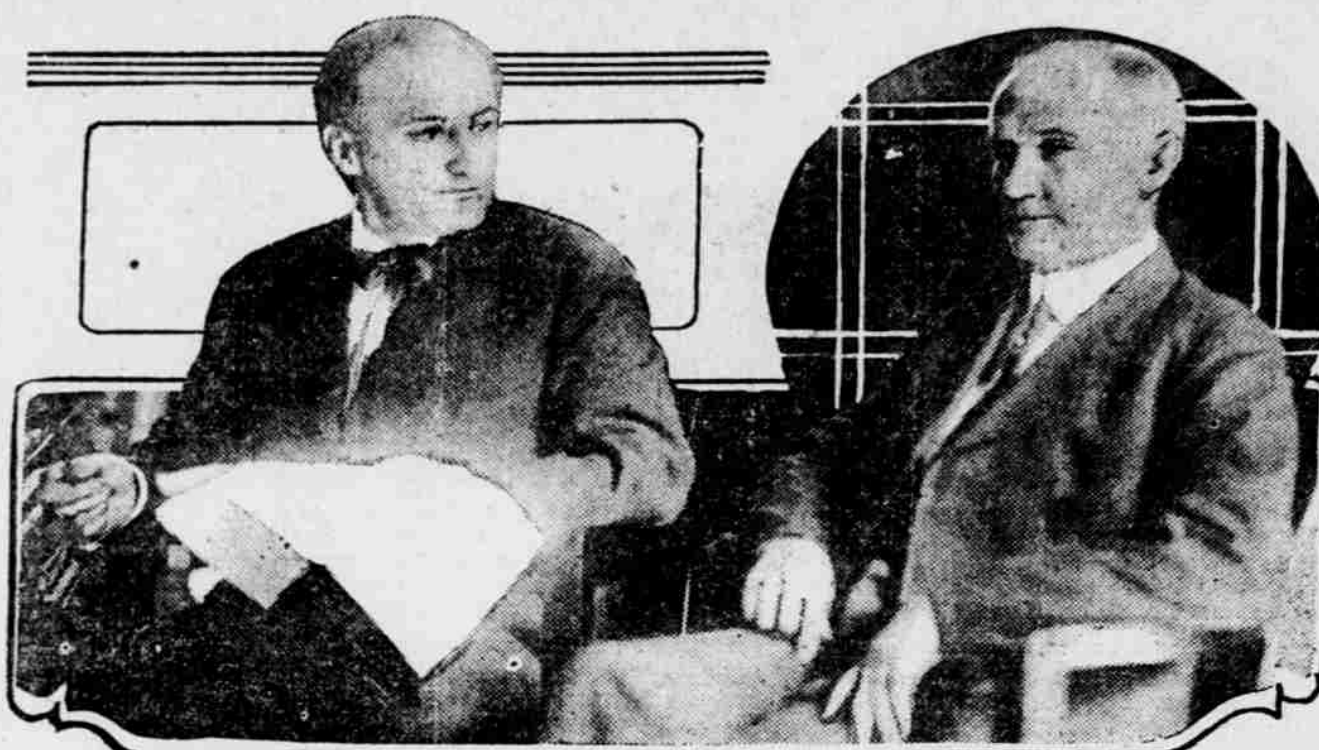

President—Felix Streyckmans, Chicago.
Vice president—Arthur C. Vander Vennet, Moline.
Secretary—Gaston Veys, Moline.
Treasurer—Charles Viane, Chicago.

Usher—Frank Ciel, Chicago.
Members of the board of directors—Edward Coryn, Moline; Charles Godderis, Detroit; Camiel Van Walleghem, Chicago; Julius Van Overwaele, South Bend; Charles Martens, Rochester, N. Y.; Em. Schoenmaker, Kansas City.

Miller and Erliff will do battery work for the leaguers while the Velles battery has not yet been announced.
