### SUCCUMBS TO PNEUMONIA

Born in Chicago 24 Years Ago and Graduated From His Studies With Class of 1910.

Bernard Peterson, a well known high school student and a member of the football team while attending that institution, died at 1:12 this morning at the city hospital after a brief illness with pneumonia. His home is at 712 Fourth street.

Mr. Peterson was born Sept. 13, 1890, in Chicago, and came to Moline with his parents, Mr. and Mrs. Bernard Peterson, in 1903. He attended the public schools in this city and graduated from the high school in 1910. After leaving school he was connected with the Davenport Linograph company as draughtsman.

Mr. Peterson was a faithful member of Grace Lutheran church, being prominent in the work of its societies. He is survived by his parents, a sister, Minnie and a brother, Roger, all of this city.

Funeral services will be held Wednesday afternoon at 2 o'clock with Rev. L. O. Notstein officiating and interment in Riverside cemetery.

The Moline Olympic club, of which Mr. Peterson was a member, will hold a meeting this evening to arrange for participation in the funeral. The young man was a member of the football team the club organized during its first year of existence and had been secretary of the club for three years. He was with the club members only a week ago and said he had decided to have an operation for appendicitis. Before he entered the hospital, however, he took cold and this brought on the fatal complications.

## A REUNION HELD BY HORSESHOERS

Large Number From Three Cities and Nearby Dine at Moline Turner Hall.

Horseshoers of the tricities and vicinity to the number of 135 had a big reunion Sunday at the Moline Turner hall, a number of state officials being present.

Dinner was served at 12:30 and afterward Chairman Albertson introduced the speakers, who "talked shop" for the most part.

Mayor M. K. Carlson gave an address of welcome and the response was made by T. J. Condon of Springfield, attorney for the Illinois Master Horseshoers' association. Other speakers included George J. Tanney of Chicago, president of the Illinois association; J. W. Huening, secretary; J. J. Cahill of Chicago, a traveling salesman; C. H. Wilson of Rockford, treasurer of the state organization, and J. A. Hose, editor of the Illinois Horseshoer, the official paper.

Delegations were present from half a dozen outside cities, 17 coming from Muscatine. There were also present a large number of traveling salesmen, representing supply houses.

The local committee which arranged for the reunion was composed of Walter J. Peterson, John Radcliffe, Thomas Norton and Phil Weber.

### Small Blaze.

Fire early this morning destroyed a building in the rear of 4118 Fourth avenue, owned by E. M. Briggs. The loss is estimated at \$300. The structure was a temporary one, having been used by the Briggs family while the house was being built. A member of the family was sleeping in the building last night, but he escaped without injury.

### Has Resigned.

Grant Fair, foreman of the paint department of the Moline Automobile company has resigned. He has held the position for eight years. No announcement is made of his future plans nor is it known who his successor will be.

Japan's efforts to encourage the cultivation of cotton in Formosa so far have ended in failure.

## RUSSIA COVETS THESE FINE BUILDINGS IN CONSTANTINOPLE

General postoffice at Constantinople (left) and Mosque of St. Sophia.

If Turkey is defeated in the present war, these beautiful buildings will in all likelihood pass into the hands of the Russian government. The Mosque of St. Sophia is one of the most famous and beautiful places of worship in the world. It was begun in the year 532 by Emperor Justinian and completed within five years. After conquering Constantinople in 1453, Mohammed II converted St. Sophia into a place of Mohammedan worship. It will in all likelihood become a Christian church again if Russia wins.

## CITY VOTES HELP TO WOMAN'S CLUB

Commission Gives \$200 for the Use of the Philanthropic Department.

### WILL BE SPENT FOR NEEDY

Question of Establishing Municipal Employment Bureau is Put Off for Future Session.

The city of Moline has given \$200 to aid the work of the philanthropic department of the Woman's club, the money being appropriated by the commissioners today in response to a petition filed two weeks ago. It is specified that it be used for the benefit of the needy of the city and no further strings were attached to it. Last week the commission declined to vote \$300 to help the Rock Island County Humane society.

Bids of the Gamewell and Star fire alarm companies which were received some months ago, were finally ordered rejected and the certified checks will be returned. By a peculiar coincidence the two bids were identical and both named a price for a number of boxes which were as high as those paid by the city for single boxes bought from time to time. It is probable that new bids will be advertised for.

The question of establishing a municipal employment bureau, which has been agitated for a long time, was not brought up at this meeting of the commission, but is expected to come up later.

Ask for Gas. Property owners living between Fifth and Tenth avenues and Forty-first and Forty-fifth streets, petitioned the council to ask the Peoples Power company to install gas mains in that district and it was urged that this be done before the improvement of Forty-third street is undertaken. The petition was referred to Mayor Carlson, who will take the matter up with the company.

J. W. Anderson, who petitioned for a rebate on an assessment on the ground that 20 feet of the property assessed was virtually dedicated for public purposes, being used as an alley, will be given his claim of \$61.06 when he gives the city a quit claim deed to the property. This was the final disposition made of the subject by the commission.

## PICKET KNOCKS DOWN BARBER IN LABOR MIX

A near riot took place Sunday morning in front of the Evans and Rosier barber shop in the Lundahl building, when one of the men authorized by the Tricities Federation of Labor to picket the place of business, knocked down a barber, who came out of the shop to protest against the actions of the picket.

The union worker was taking the names of patrons of the shop, when the argument started. The barber, who had a razor in his hand when he came out on the sidewalk, turned the instrument over to a bystander, and was about to attack the picket, but a right hook to the jaw, hit the barber, and there the trouble ended.

### Coats the Monkeys Wear.

Have you ever wondered why nearly neat coolness, "I was determined to examine your valuables, which I find consist of three sorts—stuff, trash and all the monkeys which accompany the foreign organ boys should be dressed

in a red coat, with a sort of jockey cap?

The explanation is very simple. This costume is no fancy one, but is an almost exact copy of the winter dress worn by the organ boys' fathers in the distant valley of Piedmont, where the peasants usually wear a red coat, radeley cut, with very stiff little tails, and knickerbockers and jockey cap of the same color.

These clothes are spun and woven by the peasants and dyed red with the madder which grows in the valleys. The long roots are boiled, then mixed with alum and tartar, and the result is a red dye, which, though not very bright, does not fade. The monkeys' coats are made of the bits which are left over when the peasant's coat is cut out.—Philadelphia Inquirer.

The course of lessons will continue for 20 weeks, the class meeting weekly on Monday evenings.

Dismissal Case. The case of Wesley Giles, recently arrested on a charge of crime against children, was dismissed this morning by Judge Fred Entriken. Giles was able to prove an alibi, several witnesses testifying that he was not in the vicinity of the crime at the time it is alleged to have happened.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidney or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## MINISTERS FAVOR PENSION MEASURE

Approve Hamil Bill Which Seeks to Reward Postal Clerks for Work.

The Moline Ministerial union at its meeting this morning voted to endorse the Hamil bill, which provides for the pensioning of letter carriers and postal clerks who have been in service 30 years or more.

All members of the union were urged to attend the banquet at the Rock Island Y. M. C. A. next Monday evening, Nov. 23, which is to be held for the purpose of awakening enthusiasm in the coming of Billy Sunday. At this meeting, it is planned to name a committee of 100 to call on the evangelist at Des Moines in an effort to have him come to the tricities for a series of revivals. Rev. J. H. Miller, member of the tri-city committee that recently extended an invitation to Sunday, read a report.

The committee appointed to confer with the city commission in an effort to prevent saloons of Moline being allowed to remain open until midnight, reported that it has the assurance of the mayor and commissioners that the closing hour will remain as it is, 11 o'clock.

## ALLEGES LIQUOR BOUGHT SUNDAY

East Moline Man Unable to Make Charge Against Shady Joint Stick.

William Gerwillo was arrested Sunday charged with robbing Anton Grady, beski of East Moline and taking \$2 in money and a bottle of whiskey which the complaining witness said he had just paid 50 cents for. The crime was alleged to have taken place at the saloon of August Mackowicz and Broneslaw Atkucatis at 1208 Third avenue just before noon Sunday. Grubski, however, failed to make out a case against the defendant or against the keepers of the saloon from whom he said he bought the drink and one of whom he alleged had helped in the robbery. The trouble was that while the East Moline man's story was straight enough, he had no supporting evidence, while the defendant had two other witnesses who swore to his story.

Mackowicz and Atkucatis have been in court many times during the last year, generally as defendants, and once or twice as complaining witnesses after fights had taken place in their saloon. Once they were fined for selling to minors and on another occasion one of the partners was fined for beating a patron till it was thought for a time that he was dead. The police believe Grubski's story and will keep an eye on the place to note whether liquor is sold there on Sundays, as it is charged.

## TRUTHFULNESS SECURES LIBERTY AND NEW SUIT

Joe Smith, aged 17, is truthful, though a tramp and an orphan. For this reason he was released when brought before Police Magistrate Gustafson this morning charged with vagrancy. He and a companion he picked up with when he came to town Saturday evening, went to spend the night at the old Velle residence at Eleventh street and Eleventh avenue, but were seen by the caretaker while

they were prowling around and the police were notified. Smith was apprehended but his companion got away. In police court the lad admitted what he had been doing and said that he had been arrested twice for trespass and said he had stolen food at various times during the year he had spent on the road. He said he was willing to work and so he was turned over to Mrs. Rose Salisbury, the police matron, who saw to it that his tattered clothing was replaced with a new suit and now he is out looking for a job.

## RUN FIVE TRUCKS AT SMALL FIGURE

Moline Fire Motors Cost Less Than Maintenance of One Team Would.

That the five automobiles used by the Moline fire department were maintained at a total cost for the month of October not greater than the average cost of maintaining a single team was the surprising fact brought out in the monthly report submitted by Chief John Q. Hawk to the city commission today. The total expenditure was \$27.63, all for gasoline and lubricating oil. The equipment being new and the number of fires small, there were no items for replacements or breakage and the fuel and oil bill was nominal. The smallest mileage was 23, made by the pump truck, while the highest was 225, made by the chief's car.

There were 11 fire calls during the month and 1,900 feet of hose were laid and 160 feet of ladders raised. Damage done to buildings was \$766.34, and the contents were insured for \$303. Value of contents uninsured was \$150. The total fire loss for the month was \$1,219.34.

## VETERAN CLOTHIER TO CLOSE OUT HIS BUSINESS

John A. Forsberg, who has been in the clothing business for many years in this city, is to retire. He will sell out his stock at once and the Whitney Clothing company will occupy his quarters on Fifteenth street, south of Fifth avenue.

## DYNAMITE KILLS FOUR; BUILDINGS DESTROYED

Latrobe, Pa., Nov. 16.—Four persons were killed and six injured, two seriously, when the general store of Noah Kanaza at Superior, near here, was blown up by dynamite yesterday. The store and five dwellings were burned, entailing a loss of \$25,000. The dynamite is believed to have been the work of men who threatened Kanaza, who is wealthy.

The dead are Noah Kanaza, Jr., 16; Joseph Kanaza, 9, and Anthony Kanaza, 3 months, children of Noah Kanaza, and Andrew Organ, 34. The Kanaza children were burned to death in their beds. Organ was hit by a flying timber and killed instantly.

Kanaza's store was wrecked by two explosions, the dynamite having been placed at both ends of the structure. The building was soon aflame and the fire spread rapidly to five nearby dwellings. John Pepper and Anthony Stromberg were struck by timbers in attempting to rescue the Kanaza children and are in a Latrobe hospital. Little hope for their recovery is entertained.

Windows within a radius of two miles of Superior were broken and plaster was knocked from walls five miles away. Kanaza declared he had been threatened by an Italian with whom he had had a law suit. Arrests are expected.

Unquestionably the dancing craze has widened the skirt, just as also the same craze was the reason for the slit gaining such popularity. The slit was a necessity, and now that it has done its duty, we are discarding it and widening the skirt, since both here and around the world and his wife are dancing.

## MOLINE ASKED TO REIMBURSE 3-EYE

National Beard Says Sums Advanced for Danville Club Must Be Paid.

### SURPRISE TO THE OFFICERS

Not Known Here That Hearing Had Been Held or What Amount Involved Is.

Holding that the assets and liabilities of a ball club follow the franchise, the board of arbitration of the National Association of Professional Baseball Leagues Saturday decided that money advanced by the Three-Eye league in connection with the transfer of the Danville team to this city last summer must be repaid by this city.

News of the decision was a surprise to members of the local association who did not know that the matter had been taken before the board of arbitration and consequently this city was not given a hearing. It is probable that a new hearing will be asked or an appeal insisted upon.

Here in Moline it is not even known how much money is involved in this decision. Moline took over the franchise of the Danville club with the express understanding that there be no charge made in connection with it, the local association merely assuming responsibility for the team and its salary from the time it was placed here. President Al Tearney and Vice President J. T. Hayes of the league acted for that organization.

Paid From July 15.

The team started playing under Moline's name July 19 but the salaries were actually paid from July 15. The amount due on the latter date was paid by the league, part of it being assessed to the various clubs, each of which was called upon to put up about \$80. The Bloomington association declined to pay its share, but at the Chicago meeting the matter was threshed out at length and the action of the president was sustained by a majority vote of the clubs. It is presumed that Bloomington took the matter before the national board, though it is not known here that this is the case.

Altogether it is possible that Moline will be called upon under the decision just rendered to repay something more than a thousand dollars and this the local association was object to, in view of the terms under which the club was placed in this city.

Ceylon's new college of tropical agriculture will be one of the largest institutions of the kind in the world.
