

STATE FORESTERS CONVENE IN CITY

Advance Guard of Delegates from Chicago to Arrive on Special This Evening.

IN SESSION HERE THREE DAYS

Plans All Completed for Entertainment of Twelfth Biennial Session of Catholic Order.

The advance guard of delegates for the 12th biennial state convention of the Illinois Jurisdiction, Catholic Order of Foresters, will arrive in the city this evening at 5:30 from Chicago on a Rock Island special.

The convention proper will open tomorrow morning and will be in session through Thursday. It is expected about 400 delegates will be present. Not only will representatives be here from Illinois but also from Louisiana, Oklahoma and Texas, which have no state organization.

An interesting program has been arranged. The morning session at 9:30 o'clock will assemble at Spurgeon square and march in a body to St. Joseph's church, where solemn high mass will be celebrated.

At 9 o'clock, the initial business session will be called to order at the Empire theatre by William F. Ryan, Chicago, chief delegate. Wednesday morning the visitors will go in a body to St. Mary's church, where solemn requiem high mass will be celebrated.

Villa to Entertain. Delegates are to be entertained at luncheon and dinner at the Villa on Wednesday and in the evening the public are to give a program in honor of the visitors. Other social affairs have been planned, including an auto trip throughout the tri-city. Officers are to be elected and delegates named to the international convention, which will be held at Providence, R. I., in August. The New Harper has been secured as headquarters for the delegates.

FIND WATCHMAN IN MOLINE POOL

Mystery in Regard to Manner in Which J. A. Johnson, Missing Several Days, Not Death.

Body of J. A. Johnson, 311 Twelfth street, Moline, watchman at the Dismock & Gould plant in Moline, who disappeared last Thursday, was found at 10 today in the Moline pool, near the factory. The body had evidently been in the water several days. There were no marks to indicate foul play, but no motive for suicide is known.

Mr. Johnson was born in Sweden in 1843. He came to the United States in 1868, and in Moline in 1871. Surviving are the widow and five children.

COACH IN GOLDEN STATE LEAVES RAILS

Train No. 1, the Golden State Limited on the Rock Island line, which is due to leave at 11:35 p. m., met with an accident yesterday near the kilns. The train was delayed only 20 minutes and practically no damage resulted. One of the coaches jumped the track, but was replaced in short order.

WELL KNOWN MOLINE MAN DEAD IN CANADA

From Calgary, Canada, today word came of the death of Jacob Stofft, for

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inoperative, harmless, and is made from the acid of grapes and lemon juice, combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble. Harper House pharmacy.—(Adv.)

FEWER JITBUSES OVER THE BRIDGE

New Ordinance in Effect in Davenport Today Reduces Number Materially—Only 10 Licensed.

The number of jitney busses between Rock Island and Davenport was materially decreased today, as the new ordinance regarding regulation of jitbuses went into effect in Davenport this morning. Records on file at the city clerk's office in Davenport show that 14 jitbus owners applied for licenses under the new ordinance. Four of these will operate in Davenport proper and the remainder over the bridge. The new ordinance provides for a heavier operating license, bonds and the routing of cars. Special licenses were issued to 28 drivers, who under the new ruling are forced to undergo a physical and mechanical examination. The fact that the number of drivers is double that of the owners, is due to the various shifts handling the cars during the day.

Since the jitbuses first started operating in the three cities approximately 50 permits had been issued in Davenport. It is estimated that at least 50 were operating over the bridge at one time or another. It is presumed that all who have not taken out new licenses have ceased running.

FORGETS HOW TO WORK THE LEVER

Confusion of Berget Sipple of Geneseo at Railroad Crossing Nearly Causes Death.

Mistaking his second-speed notch for the reverse notch for the lever of his five-passenger Empire touring car nearly cost Berget Sipple, a farmer who resides near Geneseo, his life last evening. Sipple was about to cross the Burlington right-of-way near Hillsdale, when he saw a cattle train, bound for Chicago, approaching. He was moving at a slow speed, and reached for a lever to stop his car. Instead of the reverse lever he manipulated the second-speed lever and the car shot onto the track directly in front of the train.

The auto was catapulted into the air and Sipple went with the machine, landing well to one side of the track. Aside from a shaking-up Sipple escaped injury. His auto was entirely demolished.

QUEENSTOWN HOTEL OWNER EXILES SELF

New York, June 7.—Otto Humbert, owner of the Queen's hotel, at Queens-town, where many survivors of the Lusitania were sheltered and cared for when they were rescued from the ocean, reached New York today, a voluntary exile from Great Britain.

Mr. Humbert, although a naturalized British citizen, is of German birth. This fact aroused so much criticism from the friends of the Lusitania survivors, it is said, that he found it almost impossible to remain in Queens-town, notwithstanding his scrupulous care to so deport himself as to be above suspicion. He left home to avoid further unpleasantness and possible trouble.

The steamer St. Louis, aboard which Mr. Humbert was a passenger, brought 311 passengers, of whom 227 were in the first cabin. It was the liner's first trip since she was refitted to accommodate first cabin passengers.

Eros Curtin, a New York chemist, who has been in the field with the allied Germans, described the gas used by the Germans as of three kinds, chlorine, bromine and so-called laughing gas. The last, he said, is of a kind that paralyzes the men from the waist down and causes them to flop about like fish out of water and laugh hysterically. Sodium sulphate and oxygen were used to neutralize these gases, he said, but these were ineffective if not taken soon after the gas had been inhaled. Even then, he said, it takes at least six hours to revive the men.

The St. Louis brought seven survivors of the Lusitania tragedy, Henry M. Pindell of Peoria, Ill., who resigned the ambassadorship to Russia not long after he was appointed by President Wilson recently, also was a passenger.

"This war will last two or three years more," he said. "I believe that peace now would be premature. They have got to settle this quarrel so that there will be a permanent peace and the time for that has not yet come. It is best, for the future, to let them fight it out."

Pen Warden's Dog Stolen. Joliet, Ill., June 7.—Burglars broke into the state penitentiary's railway station early today and stole a savage bulldog belonging to E. M. Allen, warden of the prison. The thieves snatched a convict watchman to get the dog, which was valued at \$50 and had been presented to the warden by Charles White, the Chicago pugilist.

VOTERS OF ILLINOIS ELECTING 77 JUDGES

Chicago, Ill., June 7.—Voters of Illinois balloted today for five of the seven judges of the state supreme court and 72 circuit court judges. Women were not eligible to vote, the partial enfranchisement law enacted by the 1913 session of the legislature not giving them the right to ballot for judges. Political headquarters reported, however, that the women displayed an interest in the judicial contest little less marked than that of the recent city election when women were permitted to vote for mayor and other officials.

Supreme court judges are to be elected for terms of nine years each and the circuit judges for six years. More than half of the judges now on the bench were candidates for reelection, many of them without substantial opposition.

Overland
Model 83 f. o. b. Toledo
Roadster - \$725

This is the largest 4-cylinder Overland that will be produced this year

The Newest Overland
\$325 Less Than Last Year

The 1916 Overland is essentially the same as the 1915 Overland—the famous Model 80 that sold for \$1075. But the price is \$325 less. The stream-line body is the same as the \$1075 model of last season.

It has the same magnificent finish; that deep, rich tone of dark Brewster green with fine hairline striping of clear ivory-white.

It has the same powerful, economical thirty-five horsepower, four-cylinder motor, but weighs less.

It has high-tension magneto ignition.

It has the same underslung rear springs. It has the convenient arrangement of electric control buttons on the steering column.

It has the same easy-working clutch which any woman can operate; the same "easy to handle" shifting levers; the same "easy to steer with" wheel; the same positive brakes.

It has 33" x 4" tires which is unusual on a car at this price.

SPECIFICATIONS

35 Horsepower motor	Thermo-siphon cooling	built-in windshield
High-tension magneto ignition	Underslung rear springs	Instrument board on cowl dash
5-Bearing crankshaft	Electric starting and lighting system	Left-hand drive, center control
33" x 4" tires; non-skid in rear	Headlight dimmers	five-man top; top cover
Demountable rims; with one extra	Rain-vision, ventilating type,	Magneto speedometer

OVERLAND SALES CO.
331 Nineteenth Street, Rock Island. In Motor Row

GET ENTRIES FOR FOURTH PAGEANT

Boy Scouts, Y. M. C. A., D. A. R., Playgrounds and High School Among Those Represented.

Indications point to a most successful floral parade July 5 in this city, under the direction of the city beautiful committee of the civic department of the Woman's club. Already there have been a number of entries in the miscellaneous class, the following having expressed a desire to participate with floats:

The Boy Scouts, high school, Daughters of the American Revolution, play grounds, Y. M. C. A. and Royal Neighbors.

The city commission has given its endorsement of the plan and has promised to aid in whatever way it can in making of the parade the success that it should be. Likewise the Business Men's association has entered enthusiastically into the project, giving its unqualified endorsement and promising to assist in every way possible.

This is the first time a floral parade has been held in the city and it is an excellent opportunity for the citizens to show their patriotism and interest in the city's welfare. Moline has had such parades at various times in the last several years, as has Davenport, but this year neither city will endeavor to put on the feature, leaving the field clear for a successful one in Rock Island.

The prizes will aggregate \$110, the money being donated by a lady of the city for this purpose alone and it not part of the fund collected by the city beautiful committee for its civic work. The prizes are as follows: First—\$25 for the most beautiful entry in the commercial section. Second—\$20 for the best appearing entry in the civic section. Third—\$20 for the most attractive entry in the fraternal section. Fourth—\$20 for the most original display in the miscellaneous section. Fifth—\$15 first and \$10 second for the most beautifully decorated entry in the private entry section.

The ladies of the committee are hopeful that fireworks can be provided for the evening and they would

FRAZIER VANCE TO EARN COAST TRIP

One of the Local Y. M. C. A. Boys Making Good as Members of the Panama Canal Club.

Frazier Vance, 14-year-old son of Rev. J. L. Vance, is being congratulated on all sides these days. Next August he is going on an 8,000 mile trip to Panama exposition, returning through the Panama canal. And here's the best part of it all. He is earning his entire expenses on this great trip as a member of the Panama Canal club, of which he is a delegate from the local Y. M. C. A.

This club is composed of Y. M. C. A. boys selected from branches of the Y. M. C. A. in the most progressive cities of the country. All of these boys are hustling to earn this trip through securing subscriptions to the Woman's Home Companion and The American Magazine.

Frazier is now on the last lap of his campaign. He is working hard to complete his list by July 1 and has made such fine progress already that there is little doubt of his success.

CITY COUNCIL TALKS INCINERATOR AGAIN

The city council convened in an informal session at 2:30 o'clock this afternoon to take up a further discussion of the purchase of an incinerator. A representative of the Flash system addressed the commission.

BATTLES TWO POLICE AND GETS LONG TERM

It required two officers to take "Battling" Jimmy Dines into custody Saturday night and for the trouble he made in order to avoid arrest, he received a sentence of 60 days in the county jail. The term was fixed by Justice of the Peace Carl Kuehl on a charge of vagrancy.

PERSONAL POINTS

J. P. Kelly has returned from Ann Arbor, Mich., to spend his vacation. H. E. Casteel has gone to northern Wisconsin on a fishing trip. A baby daughter arrived yesterday afternoon at the home of Mr. and Mrs. H. W. Litten, 1634 Twenty-ninth street.

Mr. and Mrs. H. H. Cleaveland have gone to Wellesley, Mass., to be in attendance at the graduation of their daughter Eleanore, from Wellesley college.

Mrs. E. C. Xander and son, Master William Bennett, 1913 Tenth avenue, left this morning for Macomb, where they will visit relatives. Mrs. Xander will attend commencement exercises of the Western Illinois Normal of which institution she is an alumnus.

Dr. W. S. Marquis, pastor emeritus of Broadway Presbyterian church, now residing in Chicago, has been made superintendent of missions in all states west of Indiana, having under his direction work in 5,000 churches. Rev. Dr. McConochie of the Presbyterian church is in charge of the field east of Indiana, the entire mission field of the Presbyterian church in this country being under the direction of these two men.

HUBBY TAKES BACK WIFE WHO DESERTED

Edward Halbe, Davenport, heard the pleas of his wife and took her back to him during a hearing today before Justice of the Peace Carl Kuehl, in which she and Thomas Harris, with whom she was arrested, were charged with disorderly conduct. She had deserted her husband April 7 and left with Harris. Halbe declared, Harris was sentenced to 20 days in the county jail, unable to pay the fine of \$100 and costs.

Reliable Dentistry
Without Its High Price

We can do six teeth at lower prices than individual dentists. This is due to two reasons: First, our large volume of business, and secondly, the saving effected by purchasing our materials in immense quantities.

Read What a Civil War Veteran Has to Say About Us.

Mr. J. J. Lane of 613 Fifteenth street, Rock Island, says: "I had three sets of teeth made by other dentists, none of which I could wear. The Union Dentists made me a set that fit perfectly and I now enjoy eating my food."
