

TOASTMASTERS IN MEETING TONIGHT

Club Will Discuss Commercial Aspects in South American and the Panama Canal.

SALESMANSHIP CLASS IN SESSION

C. B. Rose of Moline Makes Interesting Address On Automobile Industry at the Y. M. C. A.

The regular monthly meeting of the Toastmasters' club tonight at the Y. M. C. A. will open with a parliamentary drill conducted by C. H. Castetter. This is a fine opportunity for those who want to familiarize themselves with customary proceedings. The discussion of the evening will be regarding the commercial aspects of South America. The opening of the Panama canal is sure to cause a great increase in the business dealings between the two Americas. These meetings of the Toastmasters are always interesting, and the meeting tonight will be no exception to the rule. The men meet for supper at 8:20 and the talks are over by 9 o'clock. This gives the members a chance to fill any other evening appointment. The only expense in connection with joining the Toastmasters' club is the payment of the supper each month, which is 50 cents.

The class in salesmanship and efficiency, which will take up a class of 20 lessons at the Y. M. C. A. this winter, held a preliminary meeting last night. Seventeen men have already enrolled in this class of salesmanship, and books and supplies are expected to be here so that the first lesson will be next Monday night. The class in English for foreigners also had its regular class meeting and the first session of the class in civics will be held at 7:30 Thursday night.

Rose in Talk

The audience who listened to C. B. Rose, Moline, tell of the development of the auto industry last night were amazed by the evidence submitted, which shows that the automobile has only been a popular machine a very few years. The speaker told of a recent ordinance in New York which forbade the use of motor propelled vehicles within the city limits and of another state law in Michigan which required that a man proceed a gasoline or steam engine with a flag to warn drivers of horses of the presence of these motor vehicles. The slides which were used gave the pictures of the first automobile built and the cars down through the years to the present slightly perfected machine. The speaker also explained the operation of the transmission, the magnets, and the

standard gasoline engine. The entire address was highly instructive and entertaining.

This address was given as the forerunner of a class to be started at the Y. M. C. A. to study the automobile, its construction and operation. This class is open to any citizen of Rock Island whether members of the Y. M. C. A. or not and detailed information regarding the class may be secured by calling or telephoning to the Y. M. C. A.

HOUSE DAMAGED; SHED DESTROYED

Flames Cause Loss of \$200 on Property of Mrs. Ellen Enright on Twenty-sixth Street.

Fire at 2:15 yesterday afternoon damaged a house and destroyed a shed on the property at 548 Twenty-sixth street. The loss, about \$200, is covered by insurance.

The house, owned by Mrs. Ellen Enright, is occupied by the families of Charles Strupp and George Kent, and no one was home at the time the fire started. The shed was ignited from a bonfire in the alley and the fire was not discovered until it had gotten a good start. When the fire department arrived the shed was a mass of flames, and the fire had spread to the house adjoining. The west end of the residence was gutted.

At 8:15 this morning firemen were called to a two-story brick structure at 605 Forty-fourth street, jointly occupied by the families of M. C. McLane and Mrs. E. Anderson. The shingles on the roof near the fire caught fire from chimney sparks. When the department arrived the men laid a line of hose and threw water on the flames until they were able to reach the roof by means of ladders. Chemicals were then used and no water loss resulted. A hole of considerable size was burned in the roof and the loss will reach \$50.

DISTRICT DEPUTY OF ELKS GIVES ADDRESS

F. L. Sharpe, Jacksonville, district deputy of the Elks, was present at the semi-monthly meeting of Rock Island lodge last night and gave an address. This was his first visit in his official capacity, and he made an inspection. After the business meeting a social session was enjoyed.

LICENSED TO WED

Frank W. Utley ... Mooseheart, Ia. Mrs. Lillian A. Eaton Burnett ... Rock Island

GIRL MANGLED BY A SWITCH ENGINE

Miss Anna Schaefer, Aged 23, Davenport, Ground to Pieces Under Wheels of Train.

ON HER WAY HOME FROM WORK

With a Companion Takes Short Cut Across Tracks From Plant of Independent Baking Company.

Miss Anna Schaefer, aged 23, employee of the Independent Baking company of Davenport, met her death at Third and Davis streets in that city last night shortly before 5 o'clock, when she was mangled under the wheels of a switch engine on the Rock Island lines. Her head and chest were crushed, one arm severed and the other mangled and her spine shattered. The body remained under the wheels of the engine until Coroner Cantwell arrived on the scene. An inquest will be conducted Thursday evening.

Miss Schaefer, in company with Mrs. Ida Ely, also an employee of the baking company, was going to the home of her sister, Mrs. Ed Horton, 1104 West Fifth street, and she took a short cut across the tracks from the plant. Mrs. Ely heard the switch engine approaching and shouted a warning to her companion. A section foreman and two switchmen standing on the tracks of the engine also made frantic efforts to attract the girls' attention without avail.

Hit By Running Board

She was struck by the running board in front of the pilot and thrown under the wheels. The men in front made desperate efforts to catch her before the engine struck her, but failed. The engineer succeeded in stopping the engine before it had passed entirely over the girl's body.

She leaves one sister, Mrs. Ed Horton, and two brothers, George and Leo, all of Davenport, and her father, David Schaefer, who resides in Moline.

OBITUARY

Victor Vincent.

Victor Vincent, 61 years of age, veteran employee of the Rock Island Plow company, died at 8:30 last night at the home of his brother, August Vincent, 505 Fifth street, following a lingering illness with dropsy.

Mr. Vincent was the eldest of a family of 10 children and he was born in Belgium in 1854. He came to America in 1879, settling in Atkinson, Ill., where he resided for one year before removing to this city, where he had made his home for the past 25 years. Upon his arrival here he went to work for the

Buford Plow company, and remained in the employ of that firm, now the Rock Island Plow company, up until two years ago, when he was forced to retire because of ill health. He never married.

Besides two brothers, August and Julius of Rock Island, he is survived by his father, three brothers and three sisters in Belgium.

Funeral services will be held at 9 o'clock Thursday morning at St. Paul's church. Father Holvoet officiating, with interment in Calvary cemetery.

Peter Fuhrman Funeral.

Funeral services of Peter Fuhrman were held at the home of his daughter, Mrs. Fred Peters, 1849 Fifteenth street place, Moline, at 2 o'clock yesterday afternoon. Rev. Fred J. Rolf of the German Evangelical church of Rock Island officiated, and interment was in Riverside cemetery. Members of the German Aid society attended in a body. The pallbearers were John Assmus, John Brown, August Behling, Oscar Bufe, Remy Brandmeyer, and Joseph Brandmeyer.

Thomas Lusk.

Guy Lusk, 905 Twenty-first street, has gone to Macomb to attend the funeral services of his father, Thomas Lusk, who died Saturday morning at the Old Soldiers' home, Quincy, following his third paralytic stroke.

Funeral of Henry Carse.

The funeral of the late Henry Carse will be held tomorrow afternoon at 2:30, instead of 3 o'clock, at the home, 1116 Fourth avenue. Rev. David A. Johnson, pastor of the Central Presbyterian church, will be in charge of the services at the home, and Rock Island lodge No. 658, A. F. & A. M., of which Mr. Carse was past master, will be in charge of the ceremonies at the grave. Rock Island commandery No. 18, Knights Templar, of which he was past commander, will escort the body to the grave in Chippinnock cemetery. Members of the commandery will meet at the Masonic temple at 1:30 and go to the Carse home in a body.

Peter E. Johnson.

The funeral of Peter E. Johnson will be held at 2 o'clock tomorrow afternoon from the home, 1122 Twelfth avenue, at 2:30 o'clock from the Swedish Lutheran church. Rev. A. F. Bergstrom officiating. Burial will be in Riverside cemetery.

ROTARIANS PROVIDE FUND FOR THE POOR

At the noon meeting of the Rotary club today at the Rock Island club, the members voted a clothing fund amounting to \$400 to be turned over to the Associated Charities to provide clothing and shoes for the needy as soon as cold weather sets in. Part of the fund, \$175 will be given to the Associated Charities for immediate use. Fifty of the members of the local club will go to the Davis farms in Bettendorf Monday, where Rotarians of the tri-cities will gather to inspect the cucumber fields and flower houses. A special car to leave at Nineteenth street at 11:20 in the morning will be provided for the local delegation. Three new men were voted members today. They are Frank S. McCall, ward school principal; Lynn Ewing of the Photo Art Engraving company and Dr. A. E. Williams, physician.

TO TAKE MAN BACK TO MERCER COUNTY

An Alamo police official was expected to arrive here today to take Elmer Smith of that place back to the Mercer county seat. He will be arraigned in county court there on information charging insanity. Smith was arrested in a local saloon by Detective Tom Cox yesterday while acting suspiciously. He had an open knife in his hand when taken into custody.

RUMOR BOGUS CHECK IS PASSED AT BANK

A well founded rumor was current in Moline today to the effect that yesterday a forged check for \$700 was passed at a Rock Island bank. Police officials refuse to give out a statement relative to the matter and local bankers deny they have cashed the bogus paper.

Better Babies.

The crusade for better babies has spread from coast to coast, and taken firm hold of American mothers. Few women realize how much the ill health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, which for nearly forty years has been the standard remedy for these ailments.—(Adv.)

All the news all the time—The Argus.

Magical Effect of New Face Peeler

To maintain a clear, rosy, youthful complexion, there's nothing so simple to use and yet so effective as ordinary mercurized wax, which you can get at any drugstore in the original package. Just apply the wax at night as you would cold cream; in the morning wash it off with warm water. If you've never tried it you can't imagine the magical effect of this harmless home treatment. The wax causes the worn-out dead skin to come off in minute particles, a little at a time, and soon you have entirely shed the offensive cuticle. The fresh young under-skin, now in evidence, is so healthy and girlish looking, so free from any appearance of artificiality, you wish you had heard of this marvelous complexion renewing secret long ago. To get rid of your wrinkles, here's a formula that is wonderfully effective: 1. powdered sassafras, dissolved in 1 pt. witch hazel. Bathe the face in this and you will be simply astonished at the results, even after the first trial.

GIRL OF MOLINE LANDS STATE JOB

Miss Lillian Skogh is Given Position in the Insurance Department at Springfield.

Breaking into the official circles, with the highest honors of all of the contenders for the position, is the pleasant experience of Miss Lillian V. Skogh of Moline. For several years Miss Skogh has been connected with the insurance department of Deere & Co. in Moline, and there gained her knowledge of the business.

The state department of insurance, located at Springfield, was more than a year ago placed under the regulations of civil service, so that all employees and applicants for positions are required to take the specified examination for a position in the department. Deciding to give her knowledge of the work a test, Miss Skogh made application to the state and took the examination. Well, she passed, not only that, but she went through the ordeal with colors flying and landed the highest grade of any of the applicants entered at the time.

The ability and general knowledge of the business that she displayed in the examination attracted the attention of the state officials and she was immediately offered a position in the state department. The offer was at first turned down and after several later attempts by the state officials to secure her services, Miss Skogh finally has accepted. She will take up her new duties at the state capital in Springfield at once and her Moline friends are congratulating and wishing her further success in her work.

MEDICAL MISSION CONFERENCE MEETS

Battle Creek, Mich., Nov. 2.—Medical missionaries from all parts of the world are here to attend the Seventh Interdenominational Medical Missionary conference today. Rev. Harlan P. Beach, Dean of Yale University School of Missions, is presiding.

Among the missionary workers in attendance are Sir William Grenfell of Labrador, Dr. E. St. John Ward of Beirut and Dr. Percy D. Watson of Shansi, China. The delegates declare that the war in Europe has had a disastrous effect on missions generally. They say contributions have fallen off greatly because the European countries are giving practically nothing to that work.

Mail Clerk Held.

St. Louis, Nov. 2.—Charles M. Summers, a railway mail clerk, was held by the federal authorities here today on a charge of conspiring to rob the mails. Postoffice inspectors say he has signed a confession.

East Moline Burglaries.

Two bold daylight burglaries were committed in East Moline yesterday, thieves ransacking the residences of Sam Zagaraz, 1409 Nineteenth street, and James Grime, Sixteenth avenue and Eleventh street. While members of the household were engaged in work in the back yards the burglars

entered by the front door. The loot included \$112 in cash, five valuable rings and an Elgin watch. James Stevens, who was trying to sell a ring and a razor at a saloon, is held as a suspect.

Diver Goes 395 Feet.

New York, Nov. 2.—Captain Thomas H. Evans, a master diver of Brooklyn, claimed today that he had set a new world's record for depth in diving in the waters of Long Island Sound off Stamford, Conn. Evans said he went down 395 feet and remained in the water more than three hours.

Noted Chemist Is Dead.

Washington, D. C., Nov. 2.—Wirt Dev Tassin, a prominent chemist and metallurgist, and formerly connected with the United States national museum, died here today of heart failure after several months' illness.

Teamsters' War Settled.

Chicago, Nov. 2.—Differences between Chicago teamsters and employers which threatened to result in a strike, have been settled. It was announced today by Michael J. Doolin, secretary of the union.

Moline Dogs Ordered Confined.

Mayor Carlson has issued a proclamation ordering that all dogs in the city be kept confined for a period of 30 days. Yesterday Dr. Kennedy, veterinarian, killed two dogs, and it was learned that they were suffering with rabies and that a dozen or more other dogs had been bitten. The mayor at once took action on the recommendation of the veterinarian and health authorities.

CAMPBELL TO FIGHT FOR LIFE ON STAND

Joliet, Ill., Nov. 2.—Those watching the case of Joseph Campbell, the negro convict accused of the murder of the wife of former Warden Allen of the state prison, here, were surprised at the announcement of Frederick L. Barnett, attorney for the defendant, that Campbell would be the sole witness for the defense. It will be Campbell's story against a network of circumstantial evidence, if Mr. Barnett's plans do not change. It was hoped to complete the jury today.

Battle Over a Dollar.

At 1:30 this morning a Moline patrolman found two men, clad only in light underwear, fighting on the walk in front of 1508 Third avenue. He arrested them and they paid fines of \$4.50 each in police court. They were fighting over a dollar. The battle had started in an upstairs room, and had been waged on the upper floor, down the stairs and out onto the street.

The store that keeps the cost of living down.

FISK & LOOSLEY CO.

DEPARTMENT STORE MOLINE ILL.

If it isn't right tell us. We'll make it right.

"The Indians! The Indians!"

We're a long way from the days when the cry "The Indians" sent the children skurrying to their mothers' arms for safety, while the fathers seized their guns and stood to arms.

These Ojibwa Indians in their scenic encampment on our 3d Floor are a sight that 20th century children crowd to see.

This morning, led by their teachers, the primary department children of the Washington school and the Irving school came down in a body to see this wonderful Hiawatha Indian village on our Third floor. And, indeed, it is much to the credit of those teachers that they did so. The educational value of this exhibit is very considerable, especially when brought out, as it is, by the excellent little lecture on "Indians and Their Characteristics," which Neawanna gave them. She is herself an Indian, a graduate of Carlisle, has had three years' experience teaching, and is fully qualified to talk intelligently on every phase of Indian life and history.

Fisk & Loosley Co. customers are invited to visit the store any day this week between 9:30 and 11:30, and 2 and 5 o'clock, and see these 10 real Indians, absolutely free.

A Great Opportunity to Buy New Street Hats Greatly Underpriced.

This morning's express brings us a hundred and twenty fresh new untrimmed hats—"shapes" worth up to \$4.50, not one worth less than \$1.00. This wholesaler, one of the very best, sent them to us to sell for him. "Sell them," he says. "You can make any price you please so you sell them."

Here goes, just 3 lots:

Forty new stylish fall and winter untrimmed hats—no two alike, colors and blacks, worth to \$1.50, choose for 50c.

Fifty handsome shapes, roll backs, sailors, turbans, English walking hats and so on, worth to \$3.00; choice for a dollar each, \$1.00.

Thirty hats of fine Lyons velvets and batter's plush, in large shapes, such as have been hard to get to sell for \$4.50 each; choice, any of them for \$1.50.

New Fall Street Hats, Worth to \$5.00, for \$1.50.

No mistake—it means just what it says. For \$1.50 you can choose from something like 50 stylish new fall street hats,—all the wanted shapes nicely trimmed, worth to \$5.00; going at \$1.50 each.
