

NEW MOLINE LAW HITS AT GRAFTER

Council Will Make It Impossible for Outsiders to Take Large Sums from City.

JAIL TERM FOR VIOLATION

Mayor Cites Sale Conducted by Chicago Auctioneers Who Carried Away \$3,000.

Denial was made this morning by Mayor Carlson of Moline that the recent dispute in which Harry A. Frankel and certain Moline business men became involved, which culminated in the arrest of Mr. Frankel and his late-filing two suits against certain Moline citizens, has anything to do with an ordinance to be adopted by the council which regulates auction sales and transient retail business including bankruptcy assignment and fire sales, in the city of Moline. The ordinance was up for first reading before the Moline city council in session this morning.

In making his denial that the ordinance was aimed at Frankel the mayor said: "More than a year ago a sale was held in Moline and outside goods were imported and sold with the goods of the store that was going out of business. Two auctioneers from Chicago conducted the sale and they received a 10 per cent commission, we were reliably informed, on all the outside goods sold. They took back to Chicago with

them \$3,000 in commissions for less than a month's work, we understood at that time, showing that approximately \$30,000 was spent for outside goods. This money, we felt at that time and feel now, should have gone into the regular retail trade. It was near Christmas time that this sale was held and we understood all Moline merchants suffered because of it.

Prompt Ordinance.
"It was this sale that prompted a beginning on the ordinance. It had to be carefully drawn however, and in the meantime other business came up that took our time."
The ordinance provides a jail penalty for violation. A fine of not less than \$10 or more than \$100 may be assessed, but the penalty may also be not less than 10 or more than 100 days in jail.

BAND TAKES PART IN MASS FOR ST. CECELIA

This morning at St. Mary's Catholic church in East Moline was celebrated high mass in commemoration of St. Cecilia, Father VanStappen having in charge the services which were said at 8 o'clock. A feature of the services was the part taken in it by the East Moline band under the direction of the leader, Cyril VerBeke. The band composed of 20 members gathered at their hall in the Vandamme building and as they played they marched to the church for the services, and upon their conclusion, again playing returned to their hall. At noon a diner was served in the hall the members of the band acting as chefs and waiters, and large numbers of people attending and pronouncing them fine cooks. This afternoon the band participated in another parade and this evening after the serving of a free lunch in the Vandamme hall, will put on a vaudeville performance with a program that has a number of attractive features.

The band was organized four years ago and in that time has accomplished much in various ways in East Moline. There is an active membership of 29 and over 60 honorary members, who are made such upon the payment of 25 cents a month for its upkeep and to assist in the relief of needy in the city. A flag and uniforms have recently been purchased and a number of new instruments added to the equipment. The business men of the city have co-operated in making the organization a big success and great good has been accomplished. When a needy family has been found it is the custom of the band to entertain with some sort of performance as a dancing party, vaudeville program, etc., and the proceeds are turned over to the worthy charity.

HEAVIEST AUTUMN SNOW SINCE 1898

Three-inch Fall Shown at 1:30 This Afternoon With New Record Anticipated.

HIGHEST IN SEVENTEEN YEARS

Only "Traces" in Novembers of Past Three Seasons While Amount in 1906 Is Equalled.

At 1:30 o'clock this afternoon a new autumn heavy snow record for the past 17 years was established and a high record for the past 44 years, since the local weather bureau was opened, was anticipated.

Three inches of snow fell in the two hours beginning at 11:30 o'clock. Through the afternoon the fall continued, although the weather forecast issued is: "Unsettled weather; warmer tonight." The flakes of snow were thick such as usually fall at the beginning of the winter season.

For the past three years only light snows have fallen during the month of November. They are termed "traces" by the weather bureau. On Nov. 23, 1911, 2.2 inches fell, but the amount today exceeded that. On Nov. 21, 1906, three inches is recorded. On Nov. 10, 1895, 4.2 inches fell, while on Oct. 21 of the same year there is recorded 2.9 inches.

WOODCUTTER DIES AWAY FROM HOME

Whereabouts of Relatives of James Fetting, Whose Body is Found on Farm, Unknown.

Saturday on his farm southwest of Coal Valley Zed Wynn found the lifeless body of James L. Fetting, a woodcutter. Apparently the man had been stricken with apoplexy and from the condition of the body it is thought he had been dead nearly 24 hours when found.

Fetting had been employed by Wynn to cut timber on his farm and was not seen all day Friday. Remains were brought to the Rose & Barnard undertaking rooms, Moline, Saturday evening and an inquest conducted there by Dr. B. C. J. Meyer, coroner, resulted in a verdict of death from natural causes.

The unfortunate man had been in Coal Valley only nine months and not much is known of his past. It is thought, however, that he comes from Virginia, Ill. and several telegrams of inquiry have been sent by the coroner. As yet no replies have been received and the remains are being held in Moline. It is stated that Fetting was a well educated man.
