

DR. CARL EXPIRES AT HOME IN WEST

Former Rock Island Dentist Passes at Los Angeles After a Long Illness.

PRACTICES HERE MANY YEARS

Locates in California in 1908. Wife, Mother and Sister Are Survivors.

Word was received here today by James Carl of the death of his nephew, Dr. W. H. Carl, former practicing dentist of this city, who passed away Wednesday night at his home in Los Angeles, following a lingering illness with a complication of ailments. His condition had been serious for three months. Dr. Carl left Rock Island a little over seven years ago to make his home in the west. He formerly had an office over Steiner's drug store at Twenty-third street and Fifth avenue in this city.

Dr. Carl was born in Detroit, Mich., Feb. 2, 1877. When he was 4 years of age his father died and he was brought to Rock Island by his mother, Mrs. Agnes Carl. He received his early education in the public schools of Rock Island and later graduated at the Chicago Dental college. He opened an office in this city before going west. Dr. Carl had practiced dental surgery 14 years. He was united in marriage to Miss Helen Stebbins of Davenport in that city, Feb. 22, 1905. He was a man of sterling qualities, well liked by every one who knew him and he leaves a large circle of friends in the tri-cities.

HUNDREDS DANCE IN YEAR OF 1916

Local Ball Rooms Taxed to Capacity and Feature Event Is Staged at Masonic Temple.

It is estimated that at least two thousand people danced in the new year in Rock Island, the attendance at Masonic temple, the Rock Island club, Eagles and Odd Fellows' hall and the Armory breaking all records. Probably the biggest affair of the four was given at Masonic temple by Amco Grotto of Rock Island.

Here 250 couples danced, ate and made merry as the old year passed out. Dancing was started at 8 o'clock and continued until 10:45, when the guests were taken to the auditorium and treated to an amateur vaudeville sketch, which was highly amusing. While the show was going on tables were placed in the dining hall and a dinner was served. After

the feast had been held the tables were removed and dancing was resumed again and continued until 3 o'clock. Those who attended voted the grotto entertainment one of the best ever held at the temple. The municipal Christmas tree was moved from Market square and placed in the middle of the dance hall, and the hour was announced by means of a large farm bell. At the Eagle hall 250 couples attended the dance held under the auspices of the Street Railway Employees' union, No. 313. Dancing was started at 8 o'clock, continuing through to 1. Bleuer's orchestra furnished the music and a delightful time was had. John G. Huntoon, general manager of the Tri-City Railway company, arranged for special service on the Elm and Watch Tower lines after 1 o'clock to take home the motormen, conductors and shopmen after the dance.

At the Odd Fellow hall a delightful dancing party was staged by the degree staff of Local lodge, No. 608. Fully 150 couples attended. Stroeble's orchestra furnished the music. The annual dinner dance was staged at the Rock Island club and the members enjoyed an unusually good time. The dinner was held at midnight and dancing continued until an early hour. Many private dancing parties were also held.

development has given to the submarine controversy.

The general view in official quarters was that the position of the United States was sufficiently well known to Austria and the Ancona negotiations have been under way a sufficient length of time to permit instructions to reach the submarine fleet. On every hand the news was received with astonishment.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels: removing all the acids, waste and poisons, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. forwarded what information was available at the British admiralty and his dispatch, with official reports of the disaster, was forwarded to President Wilson at Hot Springs. The president will have Austria's satisfactory reply in the Ancona case and the news of the latest submarine disaster before him at the same time.

As in similar cases, the policy of the American government will be to await full and complete information before moving. There is little room to doubt that the incident will mean new diplomatic actions in which the United States will present to Austria in the same forceful manner its unalterable policy that the laws of nations and humanity must be regarded by the belligerents in their warfare at sea.

Severance of diplomatic relations with all its possibilities looms up as one of the eventualities, the same as it did in the case of the Lusitania, the Arabic and the Ancona.

Although the nationality of the submarine which sunk the Persia remains unestablished definitely as was the case with the Yasaka Maru, and the Ville de la Ciotat, the assumption generally is that it was an Austrian boat because Count von Bernstorff, the German ambassador, recently declared that no German or Turkish submarines were operating in the Mediterranean.

Father Has Son Arrested.

As an outgrowth of mysterious chicken thefts that for several weeks have agitated residents in the neighborhood of Twenty-first avenue and Third street, Moline, a father was impelled to appear before Magistrate Frank Gustafson and swear out a

warrant for his 14-year-old son and another boy, 15 years old. The two, it developed, had been stealing chickens and selling them in order to obtain money to spend on movies and other forms of entertainment. When pickings were hard one of the boys robbed his father's chicken coop. The case will be heard next week as it is suspected that other lads are involved.

He was standing on the tender and in some manner the spout swung around and knocked him to the ground. His right ankle was sprained and he was taken to the Moline city hospital.
